Insurance Company**

Insuring your world....

It's uncomfortable for us to think about an accident causing physical injury to our children. Unfortunately, accidents requiring medical attention sometimes occur despite the safeguards in place. National Security Insurance Company's School, Football, and Sports Accident Plan is designed to supplement existing health care coverage.

The applicant decides how to use the benefits received under our Plan; whether it is to assist in meeting a deductible or a co-payment requirement; whatever the need. The cost is only \$14 to cover each child during the school day for the entire school year, including summer school. For a premium of \$42 the coverage can be extended to 24 hours a day including the summer months. The plan includes coverage for all school interscholastic sports with the exception of football. Junior varsity and varsity football require an additional premium.

Take a look at the benefits outlined in this brochure and we think you will agree that National Security's School, Football, and Sports Accident Plan is a great value. The Plan can provide much needed financial assistance to the families in your school should they be affected by an unfortunate accident.

## Premiums & Coverages For Policy Form No. A13-672
