Secondary School Facility Planning & Feasibility Study Stakeholder Survey

Complete online at: <http://goo.gl/forms/o5nxr3Tu2F>

Or complete the following and submit to Education Planners, LLC, 358 Roswell Street, Marietta, GA 30060

High school zone in which you reside: _____

- Stakeholder role: Parent Student Teacher Administrator
 Classified Employee Non-parent, non-employee taxpayer

QUESTION 1: With the projection that the zoned middle schools in Region 1 will need more than 1,200 seats by 2022, and the zoned high schools in Region 1 will need more than 2,000 seats by 2022 - along with additional capacity needs in Region 2 and the Clarkston area of Region 3 - what are the most palatable and practical solutions to provide sufficient learning space for all students now and in the future? (*Number rank top two priorities*)

- Adjusting middle & high school attendance zones Building new middle & high schools/adding clusters
 Adding on to existing middle & high schools Converting middle schools to high, or vice versa
 Shifting or adding curricular programs to middle and/or high schools

Comments:

QUESTION 2: Here are the costs of the most recent new middle & high school construction in DCDS:

| | | | | | | | |
|---------------------|-------------|-------------|--------------|-------------------|-----------------|-----------|--------------|
| New Schools: | Chamblee HS | 1,600 seats | \$62 million | Additions: | MLK HS | 400 seats | \$17 million |
| | McNair MS | 1,200 seats | \$34 million | | SW DeKalb HS | 600 seats | \$22 million |
| | | | | | Miller Grove HS | 200 seats | \$6 million |

E-SPLOST renewal could provide up to \$170 million for new construction (new middle and high schools and/or additions). How would you prioritize the use of those funds? (*Number rank top two priorities*)

- Adjusting middle & high school attendance zones Building new middle & high schools/adding clusters
 Adding on to existing middle & high schools Converting middle schools to high, or vice versa

Comments:

QUESTION 3: What other strategic adjustments could improve the balance of MS & HS enrollment and capacity, as well as improve the quality of school facilities (i.e., shifting or adding curricular programs, adjusting choice options, adjusting one-to-one feeders, replacing school facilities, etc.)? (*Number rank top two priorities*)

- Adjusting middle & high school attendance zones Building new middle & high schools/adding clusters
 Adding on to existing middle & high schools Converting middle schools to high, or vice versa
 Shifting or adding curricular programs to middle and/or high schools
