## **NOTICE OF NONDISCRIMINATION**

The DeKalb County School District does not discriminate in admission or access to, or treatment or employment in, on the basis of race, color, religion, sex, national origin, age, or disability in any of its employment practices, educational programs, services or activities.

District-wide compliance efforts with Titles VI and VII of the Civil Rights Act of 1964, as amended; The Age Discrimination in Employment Act of 1967, and Title IX of the Education Amendments, as amended, are coordinated through the Office of Affirmative Development.

Inquiries concerning rights and responsibilities of students, applicants, and employees under the aforementioned laws should be directed to:

Marissa Key, Executive Director of Employee Relations  
DeKalb County School District  
1701 Mountain Industrial Boulevard  
Stone Mountain, GA 30083  
Phone: 678-676-0105  
Fax: 678-676-0234

Inquiries concerning rights and responsibilities under Section 504 of the Rehabilitation Act of 1973, as amended; and the Americans with Disabilities Act of 1990 should be directed to:

## Section 504 Overview

Section 504 of the Rehabilitation Act of 1973 is a federal law which prohibits discrimination against persons with disabilities. The law provides:

No otherwise qualified individual with a disability...shall solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance....

29 U. S. C. § 794

Section 504 is based on the principle that students with disabilities shall not be denied access to educational facilities, activities, programs and opportunities on the basis of their disability.

### What is Section 504?

Section 504 of the Rehabilitation Act of 1973 (Section 504) is a Federal civil rights law that prohibits disability discrimination in programs and activities that receive Federal funds from the U.S. Department of Education. The law requires all public and charter schools to provide Free Appropriate Public Education (FAPE) to qualified individuals. The Office of Civil Rights (OCR) enforces compliance for Section 504. The law ensures that students with disabilities have access to educational opportunities and benefits equal to those provided to non-disabled students. Section 504 regulations require school districts to provide appropriate education to students with disabilities under Section 504.

### Who is Protected by Section 504?

A student may qualify as a student with a disability under Section 504 if the student has (1) a physical or mental impairment which substantially limits one or more major life activities (as compared to the non-disabled student), (2) has a record of such an impairment; or (3) be regarded as having such an impairment. An impairment that is “episodic” or “in remission” is a disability if it would substantially limit a major life activity when active.

Section 504 requires that the district offer a Free Appropriate Public Education (FAPE) ensuring access to educational services and the learning process that is equal to those provided to non-disabled students. The provision of FAPE is accomplished through the creation and implementation of an Individual Accommodation Plan (IAP). The school must provide services that level the playing field so that 504 eligible students have an equal opportunity to participate and benefit.

Section 504 of the Rehabilitation Act prohibits discrimination based on disability. All staff and administrators have the responsibility of ensuring that all students with disabilities are identified, evaluated, and provided with needed accommodations and services, resulting in a free appropriate public education.

## School District Obligations to Comply with Section 504

- Conduct appropriate Child Find and initial evaluations.
- Provide periodic reevaluations of students with disabilities.
- Provide eligible students with FAPE through the provision of a Section 504 plan as adequately as the needs of nondisabled students are met.
- Provide education to students with disabilities in the least restrictive environment (LRE).
- Provide established standards and procedures in the identification and evaluation process.
- Provide special transportation for students with specific individualized circumstances and conditions.
- Provide equal access to parents who have a disability.
- Provide students with disabilities equal access to nonacademic and/or extracurricular services.
- Establish and implement a system of procedural safeguards regarding the identification, evaluation, placement, or provision of FAPE to a student.
- Ensure behavior in question is not a manifestation of a student's disability during disciplinary proceedings.
- Provide information about the Georgia Special Needs Scholarship (GSNS) if one of the State identified medical conditions is present. [504 Plan Eligibility Information for GSNS](#)

## Section 504 Roles and Responsibilities

### 504 School Coordinator:

- Supports district efforts to comply with Section 504 regulations by attending all district trainings, and facilitating annual presentations to school staff
- Establishes school 504 Team and serves as chairperson
- Guides 504 referral, evaluation, review, and service delivery processes
- Conducts 504 Reviews on an annual basis, and more often if necessary
- Generates, maintains, and monitors Infinite Campus reports with a current master list of 504 students
- Maintains an accurate database in Infinite Campus with current 504 Plans, and supporting documents, uploaded within five days (5) days after the 504 meeting
- Processes all Section 504 Plans and provides a copy to each student's teacher by the first day of each semester, and within five (5) days after the 504 meeting
- Organizes and provides information for district response to any complaint filed with the Office of Civil Rights
- Consults with District 504 Coordinator, as needed

**Principal:**

- Coordinates school efforts to comply with Section 504 procedures, including training of school staff
- Ensures the designated 504 chairperson(s) are appropriate leaders with the necessary knowledge, abilities, and skills to ensure compliant practices in the school
- Recommendations- 504 Chairs should not be classroom teachers with class assignments
- Provides oversight and guidance to 504 Coordinator and building staff to ensure that all Section 504 requirements are met
- Ensures that 504 Plans are shared with all staff according to guidelines
- Supports district professional learning for 504 Coordinators
- Monitors implementation of accommodations and addresses personnel matters regarding 504 violations

**Building Staff:**

- Attends Section 504 training annually at the school level
- Initiates referral of students to 504 Coordinator for possible 504 services
- Relays parent requests for 504 services to 504 Coordinator
- Serves as a 504 team member when appropriate as determined by the 504 Coordinator
- Implements 504 accommodations with fidelity
- Communicates all suspicions of disability to the 504 Coordinator immediately

**Role of District 504 Coordinator:**

- Coordinates 504 implementation in the district
- Ensures that 504 forms and procedures comply with 504 requirements
- Provides training for building 504 coordinators, case managers, and others annually, and as needed
- Provides technical assistance and problem-solving as needed
- Acts as liaison with Infinite Campus IT to ensure 504 student data is accurate
- Monitors and addresses school-based Section 504 compliance, as well as systemic issues
- Participates in decision-making when district resources are under consideration
- Provides accurate, accessible information about 504 to the community
- Addresses all OCR and District complaints

## Operational Guidelines

### The Section 504 Process

The Section 504 Process consists of five steps: (1) Referral; (2) Evaluation; (3) Eligibility Determination; (4) Individual Accommodation Plan; (5) Annual Review; and (6) Reevaluation.

Section 504 regulations outline that students with disabilities be given an equal educational opportunity. This is commonly defined as the provision of a documented plan that includes accommodations or services that level the playing field so Section 504 students can access school programs and services as adequately as non-disabled peers.

### Step 1

#### Referral

**A 504 Referral Form is completed by a parent, teacher, other school staff, or the student. The 504 Coordinator will respond to the request within ten [10] school days.**

#### Requirements:

- ✓ Referral Form
- ✓ Parent Permission to Evaluate
- ✓ Notice of Parent and Student Rights
- ✓ Parent Input Forms
- ✓ Teacher Input Forms
- ✓ Clear communication of 504 terms, timelines, and procedural safeguards with opportunity for questions

***Timeline: The Initial Evaluation Meeting is held within 30 calendar days from the receipt of the initial referral.***

Anyone can make a referral for Section 504; however, parents or teachers typically make referrals. An initial referral to the 504 Coordinator begins the Section 504 process for a student. Referral to Section 504 should occur when a school suspects a disability is present

(or has knowledge a disability has been identified) and the student may be in need of services due to the disability. Referrals should be captured on a 504 Referral Form. If the parent makes a verbal request for referral, the 504 Coordinator shall document the request by completing the 504 Referral Form. Staff may assist in completing the form if information is received verbally, or through other means.

A District must evaluate a student prior to providing services under Section 504. Evaluation procedures are necessary in order to ensure students are not misclassified, unnecessarily labeled as having a disability, or incorrectly placed, based on inappropriate selection, administration, or interpretation of evaluation materials.

If the 504 Team suspects that the student is eligible for Section 504 protections as a disabled student, the 504 Team provides the parent with the Parent Permission to Evaluate Form, Notice of Rights and Procedural Safeguards, and refers the student for evaluation.

The 504 Coordinator reviews the referral and consults with parent, teachers, the student (if appropriate), and others who may have relevant information. The amount of information required to identify a student for Section 504 is determined by the 504 committee. The committee members must determine if they have enough information to make a knowledgeable decision as to whether or not the student has a disability. Districts must draw from a variety of sources in the evaluation process so that the possibility of error is minimized. The information obtained from school records and all other sources must be documented and all significant factors related to the student's learning process must be considered.

**A medical diagnosis is not required in order for the student to be referred for consideration as a disabled student under Section 504.**

## Child Find

Schools have a Child Find obligation under Section 504. Schools must locate and identify students with disabilities that may be eligible for Section 504 services. School districts must maintain a process for Section 504 student referral and evaluation, and must inform parents and the public of these obligations.

### **The District should consider a referral to the 504 Team for evaluation if:**

- Parent requests a 504 Accommodation Plan
- Parent provides documentation of a condition that may constitute a disability
- A disability of any kind is suspected
- Student exhibits persistent academic, learning, or behavioral problems – fails courses, or fails grade promotion criteria
- Student's discipline history has a pattern of multiple behavior referrals, suspensions, and/or out of classroom consequences
- Student exhibits a chronic health condition

- Student transfers into the district with a 504 Plan
- Student is chronically absent due to medical/health issues
- Student returns to school after alcohol and/or drug treatment
- Student is evaluated and is not eligible for Special Education services
- Student is no longer eligible for Special Education services and continues to need accommodations

**A student who is found ineligible for Special Education services should be referred back to the 504 Team for consideration of whether the student's difficulties are caused by a disability under Section 504. *The student is not automatically 504 eligible.* The information gathered by the Special Education Team, in addition to any other relevant information, should be shared with the 504 Team considering 504 eligibility.**

## **Interventions and School Supports**

Academic and behavioral interventions and supports should be considered and implemented within the general education setting at any time the student is struggling. Many teaching techniques and interventions are highly successful and can include adjustments in presentation of instructional material, classroom setting, redirection, or direct student support. The 504 Plan can be implemented in addition to these interventions and school supports.

In cases where the student continues to have difficulty, a MTSS/RTI (Multi-Tiered Support System/Response to Intervention) referral should be considered. The MTSS/RTI Team will develop strategic interventions, including a monitoring plan, based on the information viewed in the meeting. If the student has not been referred for 504 eligibility, a referral to the 504 Coordinator may be appropriate. The MTSS/RTI Team may determine that an assessment should be conducted to determine Special Education eligibility. If the Team recommends Section 504 eligibility, then a Section 504 Referral Form should be submitted to the Section 504 School Coordinator.

Participation in MTSS/RTI (Multi-Tiered Support Systems/Response to Intervention) systems does not exclude students from a Section 504 referral, even if a student is showing progress with the interventions.

**Using the MTSS/RTI process should not DELAY, DENY, or PREVENT students from a Section 504 evaluation.**

## Step 2

### Evaluation

**The district must evaluate a student under Section 504 if the Team suspects that the student has a mental or physical impairment that substantially limits a major life activity. The 504 Evaluation consists of gathering data from a variety of sources to allow the 504 Team to make an Eligibility Determination. The Evaluation should be completed within thirty (30) school days of the 504 Referral.**

#### Requirements:

- ✓ Evaluation Report Form
- ✓ Signed Parent Permission to Evaluate Form
- ✓ Completed Input Forms from Parent and Teachers
- ✓ Completed Medical Impairment Form – if returned
- ✓ Clear communication with Parent and opportunity for questions

***Timeline: The Initial Evaluation Meeting is held within thirty (30) school days from the receipt of the initial referral.***

The 504 Evaluation involves gathering data from all sources to allow the 504 Team to make an Eligibility Determination and should begin with a thorough review of the student's educational records. The parent must provide written consent in order for the 504 Team to fully evaluate the student. The nature and extent of the information needed to make a 504 eligibility decision is determined on an individual basis by the 504 Team, a group of persons knowledgeable about the student and the relevance of the data.

Evaluation typically refers to a collection and analysis of data from a variety of sources. Generally, the evaluation and assessment procedures under Section 504 are less formal than those under IDEA. The type of suspected disability and the type of accommodations that may be needed dictate the specific data collected and evaluation procedures utilized. Formal and informal tests may be required to make a determination.

### Data Sources

The 504 Evaluation Report includes a review of available data from a variety of sources, including the following data sources, as appropriate for the individual student:

- Classroom and school observations
- Attendance, discipline and grades
- Standardized test results and other assessments
- Parent/Teacher/Student input

- Review of intervention data
- Teacher anecdotal records
- Behavior rating scales or other checklists
- Review of existing records (permanent record, medical records, psychological reports, other educational records)
- Special education records
- Other informal evaluation information including information from outside agencies
- Specific medical information with consideration of a medical diagnosis from a physician or licensed mental health professional (this alone must not be the sole source of determination)
- Medical Information
- Physician's Orders
- Psychological Evaluation
- School Health Information
- Parent/Student Input
- Approved HHB Documents
- Progress Reports/Grades
- Work Samples
- RTI Data
- Attendance
- Hearing/Vision Reports
- Standardized Tests
- Behavior Reports/Referrals
- Teacher/Admin Input
- Motor Assessments
- Observations
- Other

Medical evaluations are not required under Section 504. The district cannot require the parent to provide medical information or evaluations. If the Eligibility Team determines that a medical evaluation is necessary, the District must offer to pay for it.

**A medical diagnosis does not automatically determine eligibility under Section 504. The impairment must also substantially limit a major life activity. All eligibility determinations are made by the 504 Team.**

## Parent Notification and Consent

Office of Civil Rights (OCR) guidelines require that a district obtain informed parental permission for initial evaluations. A Parent Permission to Evaluate must be signed by the parent in order for the 504 Team to formally review the student's assessment data. A

parent has the right to refuse evaluation.

The district must notify the parent before the 504 Team conducts a reevaluation or recommends a significant change in placement, but parent consent is not necessary. The parent should be fully informed and given opportunity to fully participate as a member of the 504 Team.

### **Parent Refusal of Permission to Evaluate**

If a parent refuses consent for a 504 evaluation, the process ends. Ask the parent to indicate on the Permission to Evaluate Form that consent is denied. If the parent refuses, write a statement on the form documenting the parent's refusal with your signature and date. Document all attempts to get parent consent. Give the parent a copy of the document stating they have refused evaluation, along with a copy of the Notice of Parent and Student Rights.

### **504 Team**

The Section 504 regulations require that the evaluation and eligibility decision be made by the 504 Team. The 504 Team is responsible for decisions involving identification, evaluation, placement, FAPE, eligibility decisions, 504 plans, annual reviews, and manifestation determinations. The Team also addresses the student's lack of progress. The committee must include persons knowledgeable about the child, evaluation data, and placement options.

**The 504 Team is a multidisciplinary group of persons knowledgeable about the student and implications of the medical impairment, evaluation data, and placement options. The Team should be able to provide information about the student's needs and the classroom environment. The parent is an important member of the Team.**

The 504 Team is a multidisciplinary group of persons knowledgeable about the student and implications of the medical impairment, evaluation data, and placement options. **The Team must make every effort to include the parent.** Notice of Meeting should be given at least five (5) days in advance. The parent's schedule and availability should be considered first, and the parent should be given at least one opportunity to reschedule the meeting. The law does not require that meetings be rescheduled for the parent's attendance; however, reasonable parent schedule accommodations are expected, along with careful documentation of attempts to involve the parent. Parent participation is very important.

## Step 3

### Eligibility Determination

**The eligibility determination should be made by a group of persons knowledgeable about the student.**

#### Requirements:

- ✓ **Notice of Meeting – With parent confirmation to attend and/or documented rescheduling opportunities for parent participation**
- ✓ **Notice of Parent and Student Rights**
- ✓ **Evaluation Report with supporting documents (including forms: Referral, Parent Input, Teacher Input)**
- ✓ **504 Team**

### The 504 Team and Eligibility Determination

The primary purpose of the 504 Team in determining 504 eligibility is to review the Evaluation Report to determine if the student is considered disabled under Section 504. Eligibility must be based on multiple data points from a variety of sources that support the decision. The 504 Team uses a two-part inquiry to determine if the student is considered disabled under Section 504. Both of the following criteria must be met before a student is eligible for a Section 504 Plan:

- Does the student have a physical or mental impairment?
- Does the physical or mental impairment “substantially limit” a major life activity?

Students in both categories are protected from discrimination under Section 504. Only students in the second category may potentially need a 504 Individual Accommodation Plan (IAP).

The 504 Team, using the Evaluation Report and supporting documents, decides whether the student has a physical or mental impairment that substantially limits one or more major life activities under Section 504. If the Team determines that the student is eligible for 504 protections, the Team will decide if accommodations are needed in order to access educational programming. If so, the Team will develop a 504 Individual Accommodation Plan (IAP).

***Eligibility Determination is a process. A medical diagnosis does not automatically equate to eligibility under Section 504. The illness must cause a substantial limitation on the student's ability to learn or other major life activity. Section 504 eligibility is a team decision.***

### **Does the student have a physical or mental impairment?**

Section 504 defines a “physical or mental impairment” as “any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive, genitourinary; hemic and lymphatic; skin; and endocrine; or any mental or psychological disorder such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.” This is not an exhaustive list.

The determination of whether a student has a physical or mental impairment that substantially limits a major life activity must always be made on an individual basis. There is no exhaustive list of specific diseases and conditions that may constitute physical or mental impairments, as lawmakers could not include all potential impairments in such a list.

### **Examples of physical or mental impairments include:**

- Health conditions such as asthma, allergies, diabetes, epilepsy
- Communicable diseases such as AIDS, tuberculosis, hepatitis
- Psychological conditions such as Attention Deficit/Hyperactivity Disorder (ADHD), depression, obsessive-compulsive disorder
- Physical disabilities such as spina bifida, hemophilia, juvenile rheumatoid arthritis, cerebral palsy, hearing or vision impairments

## **Does the impairment cause substantial limitation?**

OCR does not specifically define the term “substantial limitation” in its regulations. Each Local Education Agency (LEA) determines what constitutes a substantial limitation in each individual evaluation. The general guidance for determining a substantial limitation is broad and typically references access to participation when compared to non-disabled students.

The 504 Team considers the nature and severity of the disability. Simply having a condition or impairment does not automatically qualify a student for Section 504 protections. Successful performance does not rule out the presence of substantial limitation. The academic level of the courses does not rule out the presence of substantial limitation. The amount of time and effort it takes a student to complete the assignments as compared to non-disabled students must be a consideration in the Section 504 evaluation. Therefore, honor students and students taking AP courses are eligible for 504 protections and accommodations, if appropriate.

**Indicators of a substantial limitation could include the following if as compared to most students, the student demonstrates:**

- a consistent need for more time
- a consistent need for testing accommodations
- frequent behaviors associated with an identified physical/mental impairment that interfere with school performance
- significant difficulty with planning, organization, and completion of activities and/or assignments
- chronic absences or tardiness related to a physical or mental impairment
- that classroom interventions do not alleviate difficulties
- an overall steady decline in academic performance
- 

The impairment need only substantially limit one major life activity to be considered a disability under Section 504. The identified physical or mental impairment does not have to prevent or severely restrict the student from performing the major life activity.

Major life activities include basic activities that the average person can perform with little or no difficulty. In the school setting, consideration of major life activities includes, but is not limited to, those basic activities that are necessary to access learning. Even if there are no limitations on the ability to learn, the student may still be eligible if another major life activity is limiting and that activity is necessary for the student to access opportunities for learning or other typically accessible school activities.

**Major Life Activities include, but are not limited to, the following:**

Caring for Oneself	Performing Manual Tasks	Seeing	Hearing	Eating	Sleeping	Walking
Standing	Lifting	Bending	Speaking	Breathing	Learning	Reading
	Concentrating	Thinking	Communicating	Working	Major Body Functions	

**Students are eligible under Section 504 if they have a physical or mental impairment that *would substantially limit* them in a major life activity *despite* taking advantage of mitigating measures.**

## **Mitigating Measures**

Beneficial effects of mitigating measures are ***not*** considered in evaluations for 504 eligibility when determining whether the student's physical or mental impairment substantially limits a major life activity. Mitigating measures are strategies or supports utilized by the person with a disability. A student with a disability cannot be denied non-discriminatory protections under Section 504 because of a mitigating measure.

## **Common Mitigating Measures**

The 504 Team cannot consider a student's use of mitigating measures, such as medications, in determining if the impairment substantially limits a major life activity. Mitigating measures, include, but are not limited to: medication; medical supplies, equipment or appliances; low-vision devices (not to include ordinary eye glasses or contact lenses); prosthetics; hearing aids and cochlear implants; mobility devices; other assistive technology; or learned behavioral or adaptive neurological modifications. The determination of eligibility and the plan must be developed independent of the use of mitigating measures.

When a 504 Team determines that a student is disabled but is not in need of accommodations because the student's educational needs are met as adequately as those of nondisabled students based on the positive effect of mitigating measures currently in use, **a 504 Plan should not be developed**. If the positive effect of mitigating measures currently in use no longer exists, the need for a 504 Plan will be reviewed. In other words, for example, the use of the mitigating measure of medication, may indicate the student does not require a 504 Plan because by having the student's needs met, there are no

accommodations required to receive FAPE. If the student stops taking the medication, the student may require a 504 plan to address the impact of the medical impairment in the school setting. When the student is not in need of services, it is understood that the student is protected by Section 504's anti-discrimination provisions and cannot be discriminated against on the basis of disability.

The 504 team should review any accommodations already in place by teachers or staff as these may be considered mitigating measures that will need to be set aside when making the determination of substantial limitation. The 504 Team must consider how the student would access and benefit from instruction if the mitigating factors were not available.

**If the student takes ADHD medication and performs well in school, the student still has a medical impairment and is entitled to Section 504 protections. While on the medication, the student may not need accommodations (no 504 Plan). However, if circumstances change (for example, declining grades, disciplinary referrals) the 504 Team should reconvene and discuss the need for a 504 Plan.**

## Interpreting the Data

The 504 Team must determine if enough information is available to make a knowledgeable decision as to whether or not the student has a disability. The Team will carefully interpret evaluation data and draw upon information from a variety of sources in order to maximize the effectiveness of the Team's decision. The information obtained from all sources must be documented and all significant factors related to the student's learning process must be considered.

Other sources to be considered include aptitude and achievement tests, teacher recommendations, physical condition, social and cultural background, and adaptive behavior. Districts must draw upon a variety of sources in interpreting evaluation data and making placement decisions. The illness must cause a substantial limitation on the student's ability to learn or another major life activity. For example, a student who has a

physical or mental impairment would not be considered a student in need of services under Section 504 unless the impairment substantially limits the student's ability to learn or participate in any other major life activity.

In many cases, parents provide documentation that trigger the 504 Team to convene in order to determine if an evaluation and/or eligibility determination is warranted. In many cases, the Team will not know except for the parent-provided documentation. The 504 Team cannot delay a 504 Eligibility meeting until the parent provides the medical documentation. Rather, if a parent requests a 504 evaluation/eligibility determination, the 504 Coordinator requests the parent to provide that information for the Team's consideration. If the documentation is provided before or at the initial Eligibility meeting, the Team may have enough information to reach an eligibility decision, or may request additional information and continue the meeting at a later date.

**Supporting information from health care providers is very useful as part of the evaluation process, but families *cannot* be required to provide proof of a diagnosis to determine if a student is eligible under Section 504.**

## **Medical Impairment Documentation**

A medical diagnosis of an illness does not automatically mean a student can receive services under Section 504. A physician's medical diagnosis may be considered among other sources in evaluating a student with an impairment or believed to have an impairment which substantially limits a major life activity. A medical diagnosis of an illness does not automatically mean a student receives services under Section 504. The 504 Team makes the determination as to whether or not the impairment meets the eligibility standard of substantial limitation.

## **Special Considerations**

**Referrals from doctors or mental health professionals:** A referral or prescription from a doctor or licensed mental health professional stating that a student has a disability and needs a 504 Plan is not an automatic plan. The student ***may*** be eligible under Section 504. The 504 Team must meet to consider 504 Eligibility. The 504 Team must determine if the disability substantially limits a major life activity.

**Medical Diagnosis:** A physician's medical diagnosis may be considered among other sources in evaluating a student with an impairment or believed to have an impairment. Medical evaluations are ***not*** required under Section 504. The district ***cannot*** require the parent to provide medical information or evaluation. If the Eligibility Team determines that a medical evaluation is necessary, the school district must pay for it.

**When making educational decisions about a student's eligibility for a 504 Plan and accommodations, the 504 Team is obligated to *consider recommendations from parents or outside professionals providing a diagnosis, documentation of substantial limitation of a major life activity, and/or recommending a 504 Plan. However, there is no requirement for the 504 Team to accept this information in its entirety.***

**Exclusions from 504 Eligibility:** Students with limitations in major life activities resulting from environmental, cultural and economic disadvantages are not covered under Section 504, nor does the law cover students who are currently engaging in the illegal use of drugs. The district may take disciplinary action against students with disabilities currently using drugs or alcohol to the same extent as students without disabilities.

**Medical Episode or in Remission:** An impairment that is episodic or in remission (inactive) should still be considered an impairment by the 504 Team if it would substantially limit a major life activity when active. The 504 Team should evaluate an impairment that is inactive or in remission as if the illness is in full force. A 504 Team may determine that a student is eligible but does not require any services at this time. As a result, no accommodation plan is written. If circumstances change, the 504 Team reconvenes to discuss the need for accommodations.

Typical examples of episodic impairments include allergies, asthma, and migraine headaches. At certain times, such impairments may have little or no impact on the student's major life activities; however, at other times (for example, in hot weather, when the student experiences stress, or when irritants or other trigger factors are present), the impairment can be substantially limiting to the student. When the student is substantially limited by the impairment, the student would be considered a student with a disability under Section 504 and entitled to appropriate accommodations.

An example of an impairment that is in remission is a student who has undergone successful treatment for bone cancer or another disease. The student is protected from discrimination under Section 504 because the student has a record of an impairment; however, the student does not require a Section 504 Plan because there is no need for accommodations. If the impairment were to recur and is found to be substantially limiting, the 504 Team would convene, conduct an evaluation, and develop appropriate accommodations.

**Temporary Impairments:** The 504 Team does not determine whether a disability is temporary or permanent. The question for the 504 Team is whether the student's temporary physical or mental impairment is significant enough to be a disability. This decision is made on an individual basis, taking into account either the duration (or expected duration) of the impairment and the extent to which the impairment actually limits a major life activity of the affected student. If the 504 Team determines that the

impairment substantially limits a major life activity, the 504 Team will develop a Section 504 Plan for the anticipated duration of the impairment with the expected recovery date on the student's Section 504 Plan. The 504 Team is recommended to meet at least close to the expected recovery due date, but not later than six months from the eligibility determination, to review the need for the specific accommodations. Once the student has recovered to the point that the temporary disability is no longer substantially limiting a major life activity, the Section 504 Plan is discontinued. The decision to discontinue the Section 504 Plan is made by the 504 Team.

**Highly Able Students:** Students performing above grade level or enrolled in Advanced Placement or Honors level classes are not automatically precluded from Section 504 eligibility. Highly able students may have a physical or mental impairment that substantially limits a major life activity other than learning. Just like other students with disabilities, highly able students with disabilities may need accommodations to succeed in class. If a student with a disability is receiving accommodations in non-honors courses, there is a good possibility that the student will need those accommodations in all of his or her classes. Any accommodations on a Section 504 Plan for such students should "level the playing field," not provide a means by which the student is eligible for higher-level courses, improve average grades, raise standardized test scores, or reduce homework responsibilities.

**Attention Deficit Hyperactivity Disorder (ADHD):** When considering whether or not a student has attention deficit disorder or attention deficit hyperactivity disorder, a school psychologist, a qualified examiner for the determination of ADHD, should be included as a member of the 504 Team.

**Transfer Students:** When a student transfers into a school and is qualified as disabled under Section 504, a knowledgeable team in the receiving school shall review the existing 504 plan to determine the plan's appropriateness to the current educational setting. The knowledgeable team may decide to implement the plan as received, write a new plan more appropriate to the current educational setting, or reevaluate the student in order to consider if the student no longer qualifies as disabled under Section 504.

**Private Schools:** The district is not responsible for requests for 504 plans for private school students.

**Charter Schools:** DCSD Charter schools shall provide all federally mandated services for students enrolled in the charter school. The charter school shall adhere to all provisions of federal law relating to students with disabilities, including the IDEA, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, as applicable.

All 504-eligible students must be provided a free appropriate education in the least restrictive environment. Section 504 referrals, eligibility determinations, and evaluations will be completed by the charter school under the direct guidance of the Section 504 Office.

Charter school staff should participate in all district 504 training opportunities.

The provision of equal access to educational opportunity is federally mandated. The charter school shall be obligated to provide supports to students with 504 protections to the same extent as all schools in DCSD and to allocate sufficient funds in the annual operating budget to provide those accommodations. The charter school shall provide all instructional materials for each student with an active 504 plan.

A District representative (District 504 Coordinator) should be in attendance at 504 meetings that involve consideration of services or placements in the 504 plan that the charter school is unable to pay for with its allocated funds. The charter school will provide written notice to the District, as the LEA, sufficiently in advance of all 504 meetings to allow for the District 504 representative to attend and participate in those meetings. DCSD District-level Section 504 staff members will be available to consult with the charter school.

**Students Who “Have a Record of a Disability” or Are “Regarded as” Having a Disability:** Section 504 regulations do not require the 504 Team to develop a 504 Plan for students who either “have a record of disability” or who are “regarded as having a disability.” Unless a student actually has an impairment that substantially limits a major life activity, the mere fact that a student has a “record of” or is “regarded as” disabled is insufficient to trigger Section 504 protections that require the provision of a free appropriate public education (FAPE). These students are protected from discrimination under Section 504, but do not require a 504 Plan.

## **504 Meeting Checklist**

### **Before the Meeting:**

- Contact parents to explain the purpose of the meeting and identify any questions and concerns.
- Schedule meeting: Send meeting notice to parent and participants.
- Provide the parent with an emailed copy of the Parent Input Form, Medical Impairment form, Parent Permission to Evaluate (initial evaluations), and Parent Right’s document
- Provide Teacher Input forms to all classroom teachers on the student’s schedule.
- Develop meeting agenda.
- Arrange for any necessary interpreters or accommodations for meeting participants.
- Complete portions of the Section 504 Evaluation Report that can be completed before the meeting.
- Bring all current forms to the meeting.

### **During the Meeting:**

- Introduce participants and their roles.

- Clarify purpose of meeting.
- Review agenda.
- Identify note-taker for meeting.
- Facilitate student's input or participation (middle school/high school).
- Lead group through agenda – use time checks as needed.
- Encourage participation from all 504 Team members
- Complete Section 504 Evaluation Report.
- Complete Section 504 Individual Accommodation Plan (if needed) or revise as needed.
- Provide information about the Georgia Special Needs Scholarship (GSNS) if one of the State identified medical conditions is present. [504 Plan Eligibility Information for GSNS](#)
- Provide copies of all documents to parents immediately after the meeting or inform them of that they will get a copy within 5 days. No exceptions.
- Provide Statement of Parent and Student Rights to parent (keep signed copy).
- Review accommodations with the team.
- Thank everyone for their participation and cooperation.

#### **After the Meeting:**

- If parents did not receive documents at meeting, provide copies within 5 days of the meeting.
- Maintain copy of all 504 documents in student's working file.
- Update the 504 Eligibility panel in Infinite Campus within 5 days of the meeting.
- Upload 504 Plan, Evaluation Report and other supporting documents to the student's electronic file in Infinite Campus within 5 days of the meeting. Supporting documents include medical information, parent/teacher input forms, progress reports, achievement data, assessment data, etc. These documents support the need for accommodations.
- Be sure all teachers know and understand their responsibilities under the 504 Plan.
- Provide a copy of the IAP to all teachers and obtain verification of receipt. Upload verification in student's efile.
- Keep log of contacts related to implementation of plan.
- Schedule annual review date, and at least one month earlier begin "before meeting" review process.

## Step 4

### Individual Accommodation Plan

**Upon Eligibility, the 504 Team must develop an Individual Accommodation Plan (IAP) based on accommodations to ensure that the student has an opportunity to receive an education comparable to that of non-disabled students.**

#### Requirements:

- ✓ Notice of Meeting – Obtain parent confirmation to attend with documented rescheduling opportunities for parent participation
- ✓ Notice of Parent and Student Rights
- ✓ Individual Accommodation Plan, including Minutes
- ✓ Completed Evaluation Report
- ✓ Completed Parent Input Form(s)
- ✓ Completed Teacher Input Forms
- ✓ Health Management plans from physician (diabetes, asthma, etc.)
- ✓ 504 Team

***Timeline: The Section 504 Individual Accommodation Plan development is held immediately following the Eligibility Determination Meeting.***

### Section 504 Plan

The primary focus of Section 504 is to provide access to general education. The 504 Team should not focus on the potential for maximizing performance. Once the student is determined eligible for Section 504 protections, the Team must determine what reasonable accommodations are needed to ensure that the student has an opportunity to receive an education comparable to that of typically developing non-disabled students. The Team, which includes the parent, will develop a written 504 Plan with reasonable accommodations aligned to the medical impairment. The Team members should be a multidisciplinary group of knowledgeable persons familiar with the student and the impairment. The 504 Plan specifies what accommodations and/or services are needed, and how these will be provided. The decisions about Section 504 eligibility must align with the student's 504 Individual Accommodation Plan.

**Parents must be notified and given the opportunity to participate as a member of the multidisciplinary 504 Team in developing the student's 504 Plan.**

The 504 Team must use due diligence when developing the accommodations. Accommodations are tools or supports that provide equal access to curriculum, instruction, assessment and facilities for students with disabilities. Accommodations must be specific, attainable, relevant and related to the physical or mental impairment. The 504 Team should develop accommodations only as required to provide the student with the same opportunities as non-disabled peers. Parent requests for accommodations should be considered by the 504 Team, **but not mandated**. Information from outside sources is considered and discussed, but current assessments and classroom data are important in making decisions on the extent of the accommodations in the Accommodation Plan.

***School staff must implement the 504 Plan as written. Staff may need training in the implementation of the Plan. Teachers are important members of the 504 Team.***

If the Team decides to continue the 504 Plan, the Team must develop a ***new*** 504 Plan even if the information transferred to the new form is essentially the same. It is also critical that the new form reflect the date of the annual review. **Adding signatures and initialing changes to previous 504 Plans is not acceptable.** All previous 504 Plans must also remain in the record.

## **General Education Placement**

Most students identified under Section 504 can be educated in the general education setting with accommodations and/or related aids and services which ensure that the student receives a comparable educational opportunity to that of non-disabled peers. Any placement decisions must ensure that disabled students are educated in the least restrictive environment (LRE). Placement decisions under Section 504 must be documented and based on the student's need according to the evaluation.

***If the team decides that a student with a disability under Section 504 does not need a 504 accommodation Plan, the team should periodically review this decision; the student may need a plan at some point in the future due to changing circumstances.***

**Accommodations** may change ***how*** something is done but ***do not change the learning standard*** for the student. Students with accommodations are expected to meet learning targets for the class.

An accommodation might require very brief instruction to the student. For example, if the accommodation is “access to noise-cancelling headphones” for a student with ADHD or a sensory integration disorder who needs this to be able to focus in a noisy room, the teacher would need to instruct the student on where to find the headphones, when they can be used, how to put them away, and who to go to if there is a problem.

## **Specific Accommodations**

Accommodations are determined on an individualized basis to address a student's specific area of need as documented during the Section 504 Evaluation process. Accommodations ensure the student receives an equal opportunity to receive FAPE as adequately as the needs of non-disabled students. Accommodations are intended to reduce or even eliminate the effects of a student's disability; they do not reduce learning expectations. The 504 Team determines what the school must do in order to ensure the student with a disability has an opportunity equal to that of nondisabled students to learn (or otherwise perform or participate, depending on the disability).

### **Accommodations that may be used include:**

- Braille or large print materials
- Access to keyboard, calculator, voice-activated writing program
- Frequent breaks
- Extra time on tests or assignments
- Shortened assignments to demonstrate learning objectives
- Daily check in/checkout
- Daily reminders of behavioral expectations
- Extended time on tests or assignments
- Peer assistance with note taking
- Frequent feedback
- Extra set of textbooks for home use
- Computer aided instruction
- Enlarged print
- Rearranging class schedules
- Visual aids
- Preferred seating assignments
- Recording teacher-led instruction
- Alternate demonstration of knowledge (oral assessments)
- Small group instruction
- Visual prompts
- Visual schedules
- Copy of class notes provided to student
- Student seated close to source of instruction

### **Any recommended accommodations should:**

- Relate to the area of impairment
- Reflect the unique needs of the student
- Enable the student with a disability to receive an equal opportunity to participate in all educational programming as nondisabled students
- Provide the student equal access to the curriculum and equal opportunity to demonstrate achievement

- Be specific enough in description to indicate when and where it will be implemented

## Data Needed for Accommodations

Accommodations may include related aids and services but only if they are designed to meet individual educational needs of students with disabilities as adequately as the needs of nondisabled peers. The need for a specific accommodation must relate to the area of the identified impairment and is based on **data to support the need for the accommodation**. In cases where an accommodation is requested without adequate data to support the need for the accommodation, the 504 Team may agree to collect the necessary data and convene again to determine the need for the accommodation based on a review of data. The team should also consider whether the student requires accommodations during field trips or extracurricular activities (sports or school-sponsored events) or during an emergency evacuation. These can be documented on the Section 504 plan.

**Section 504 accommodations are documented in the written 504 Plan. Accommodations should not change or modify the content or curriculum standards. Passing grades are not guaranteed with a 504 Individual Accommodation Plan.**

Remember that the purpose of Section 504 is to level the playing field. If the 504 Team ties each accommodation to data from the evaluation, showing where a disability has negatively impacted the child's ability to access or benefit from the school's programs, it can dramatically reduce the problem of too many accommodations. Where there is no disability-related need, there is no accommodation required by the law.

## Common Errors in Writing a 504 Plan

- Writing vague plans
- Using a predetermined checklist with accommodations or services that are not needed
- Accommodations and services do not match student needs
- Over accommodating students
- Failing to provide copies to everyone responsible for implementation
- Staff responsible for implementing the plan do not understand or support the accommodations and services
- Failing to conduct timely evaluations of the effectiveness of the plan
- Failing to implement the plan

## Related Services

Under Section 504, students are entitled to a free, appropriate public education, which may include related services. Unlike the Individuals with Disabilities Education Act (IDEA), Section 504 does not list specific related services.

If the 504 Team suspects the need for a related service in order to assure equal access and the same educational opportunities provided to nondisabled students, the appropriate related services staff must be consulted. Related service staff will conduct observations and functional evaluations as needed, participate in the Section 504 planning or review meetings, provide training as appropriate to implement the recommended accommodations, and consult with teachers regarding the student's access in the school environment as well as participation in all school activities.

## Standardized Testing Accommodations

Decisions on testing accommodations are made by the 504 Team and documented in the 504 Plan. The student's individual needs dictate the appropriate testing accommodations. Accommodations provided to a student during statewide assessments must also be provided during classroom instruction, classroom assessments and district assessments. If a student needs additional time to complete classroom tests, the student may be allowed extended time for standardized tests (if allowable). Conversely, a student could have accommodations on classroom tests and not be eligible for accommodations on standardized tests if the 504 Team made this determination based on evaluation data or noted that some classroom accommodations may not be appropriate for standardized testing.

Students need training and practice in using accommodations. As a general rule, new testing accommodations should be practiced at least four (4) weeks prior to statewide assessments in order to practice use of the accommodation and minimize a negative impact on student performance. Accommodations used in the administration of standardized tests must be consistent with what is specified in the Georgia Department of Education's Student Assessment Handbook and approved by the school's Testing Coordinator.

**Accommodations considered for standardized testing by the 504 Team must be consistent with those used during classroom instruction and assessments throughout the school year. As a general rule, new testing accommodations should be practiced at least four (4) weeks prior to statewide assessments.**

## Appropriate Testing Accommodations

- Should facilitate an accurate demonstration of what students know or can do.
- Should not give an unfair advantage.

- Must not interfere with the validity of a test.
- Must not change the underlying skills that are being measured by the test.
- Are based on current instructional accommodations and accessible instructional materials used by the student in the classroom.
- Must be necessary for enabling the student to demonstrate skill acquisition.

## **School Resources**

The school should be able to implement accommodations using resources available within the school and school building. Should the 504 Team anticipate a request for or consideration of an accommodation that will require additional resources from the district outside of those available within the building, the 504 Coordinator should contact the 504 District Coordinator for guidance prior to the meeting. On occasion, some services, accommodations, and/or modifications may require additional resources that the school alone is unable to provide.

## **Field Trips**

Schools should not exclude a student from participating in a field trip if the student is otherwise eligible to attend except for reasons associated with the disability. Section 504 does not permit exclusion of a disabled student from a field trip based on:

- the student needs related aids or services (for example, a lift bus, or school nurse to administer meds) in order to participate in the field trip; and/or <sup>[L]</sup><sub>SEP</sub>
- the student's parent is unable to attend the field trip, unless the participation of the parent of students without disabilities is required.

## **Non-Academic Activities**

The plan should also consider accommodations needed for the student to participate in non-academic and extra-curricular activities offered by the district. Qualified students with disabilities must be given an equal opportunity to participate in non-academic and extra-curricular services and activities, such as recreational and athletic activities, and school-sponsored clubs. Participation in non-academic activities may require accommodations. This includes field trips. The student cannot be left at the school and parents cannot be coerced to attend field trips due to lack of district staff to implement the 504 Plan on the field trip.

## **IDEA-Eligible Students**

A Section 504 plan is not written for a student eligible under the IDEA; all special education and related services and other needed supports are documented on an individual educational plan (IEP) rather than a Section 504 plan for those students.

## **After the 504 Meeting**

### **1. Lock all important documents**

It is important for you to utilize the lock feature in Infinite Campus for all finalized documents such as the 504 Evaluation Report, Individual Accommodation Plan,

Behavior Accommodation plan, etc.

**2. Distribute the 504 Plan**

If a 504 Individual Accommodation Plan is developed, the 504 Coordinator is responsible for distributing copies of the 504 Individual Accommodation Plan immediately. All teachers who are providing accommodations should receive a copy of the 504 plan and should sign the Section 504 Verification of Teacher Receipt Form with the understanding that the 504 Plan is a legal document and that all accommodations listed on the Plan need to be implemented. If there are questions or concerns, teachers should contact the 504 Coordinator or Principal immediately.

**3. Update Infinite Campus Panels**

The 504 Coordinator should update the Infinite Campus student database within five (5) school days.

**4. Scan 504 Documents**

The 504 Coordinator should upload all 504 documents within five (5) school days of the meeting, or receipt of new information. Follow the 504 Infinite Campus Guide for instructions on uploading and labeling documents.

**5. Send Parent Copy**

The 504 Coordinator should send the parent a copy of the 504 Plan within five (5) school days of the meeting.

**A parent has the right to refuse a 504 Accommodation Plan. Even if a parent refuses, once a student is determined eligible the student is still protected under Section 504, just without accommodations.**

**Students who typically would not need a 504 Accommodation Plan:**

- Students who only need medication administered similarly to other students who take medication at school.
- Students whose conditions do not require individualization beyond standard first aid or emergency procedures.
- Students who do not require an ongoing individualized plan in order to attend, access or participate in school.
- Students who can access the school environment and instruction with accommodations that are available to all students.
- Students who can access their education with a personal assistive device, such as a hearing aid, glasses, or wheelchair, without other accommodations.
- Students whose conditions are effectively managed by taking medication outside of school who do not need accommodations to access school or instruction.

- Students who have a temporary condition such as a broken arm or mononucleosis, whose needs can be met for a short period of time with standard accommodations.

## Step 5

### Annual Review

**The 504 Plan must be reviewed annually and more frequently when the student is unsuccessful with current accommodations, or medical conditions change.**

#### Requirements:

- ✓ Notice of Meeting – Obtain parent confirmation to attend with documented rescheduling opportunities for parent participation
- ✓ Notice of Parent and Student Rights
- ✓ Individual Accommodation Plan, including Minutes
- ✓ Evaluation Report
- ✓ Completed Parent Input Form(s)
- ✓ Completed Teacher Input Forms
- ✓ Updated Medical Impairment Form (if available)
- ✓ Health Management Plan (if needed)
- ✓ 504 Team

***Timeline: A Section 504 Review Meeting must be held annually, within one year of the date of the Eligibility Determination Meeting or last Annual Review Meeting.***

### Annual Review

Every student's 504 Plan must be reviewed at least annually to determine if the plan and accommodations continue to be appropriate for the student. The main purpose is to ensure that the 504 Plan and accommodations continue to be appropriate for the student. Parents must be invited to annual reviews.

The purpose of the annual review is not to evaluate whether or not the student continues to be eligible for a Section 504 services and accommodations, but rather to determine if the services and accommodations in the student's current Section 504 Plan continue to be appropriate. The 504 Team reviews the collection of data that allows staff to evaluate the effectiveness of the accommodations. Any accommodations that are no longer useful are removed and not included in the revised Section 504 Plan. All decisions to add or delete any accommodations should be based on data and explained in the minutes of the

document.

The parent, along with each of the student's teachers must complete the Section 504 Parent or Teacher Input Forms and submit the completed form to the Section 504 Coordinator prior to the annual review meeting. The status of the student's physical or mental impairment should be updated at the annual review meeting, reflecting any changes.

## **Step 6**

### **Reevaluation**

**504 eligibility must be reviewed every three years or more frequently, as necessary to determine if the student remains eligible for 504 protections and/or accommodations.**

#### **Requirements:**

- ✓ **Notice of Meeting – Obtain parent confirmation to attend with documented rescheduling opportunities for parent participation**
- ✓ **Notice of Parent and Student Rights**
- ✓ **Individual Accommodation Plan, including Minutes**
- ✓ **Evaluation Report**
- ✓ **Completed Parent Input Form(s)**
- ✓ **Completed Teacher Input Forms**
- ✓ **Updated Medical Impairment Form (if available)**
- ✓ **Health Management Plan (if needed)**
- ✓ **504 Team**

### **Reevaluation**

The purpose of the reevaluation is to determine if the student continues to qualify as disabled under Section 504 services. Each student's Section 504 Eligibility **must** be reevaluated every three years and before any significant changes are made in the 504 Plan. Significant changes include expulsion, series of suspensions which exceed 10 days (consideration should be given to frequency of suspensions, length of each suspension, and their proximity to each other, transferring student to homebound instruction, etc.) The 504 Team reviews the effectiveness of the accommodations and related services if the student continues to have an impairment that substantially limits a major life activity. The reevaluation is completed by the 504 Team, including the parent. The Team should review information from a variety of sources, including current data, and data indicating the effectiveness of the 504 Plan. The Team may decide to close the 504 Plan if it is no longer needed.

## **Disability Documentation**

As a part of the reevaluation process, it is important to gather updates about the medical condition and/or current medical information to assist the 504 Team in correctly assessing eligibility for a 504 Plan and in determining accommodations. School personnel may offer to send a request to the health provider to obtain the documentation to validate the disability. A written parental release of information form is required.

All mental health conditions need an updated medical diagnosis annually, if available. Over time, mental health conditions may change to include additional diagnoses. Updated medical documentation does not require a comprehensive reevaluation.

## **Review Meetings**

The 504 Plan may be reviewed more frequently when the student is unsuccessful with current accommodations, or medical conditions change. The effectiveness of the student's 504 Plan should be monitored throughout the year by the 504 Team. A 504 Review meeting can be convened at any time to review the effectiveness of the Plan or other concerns.

## **Dismissal Meetings**

When a 504 Plan is discontinued or closed, a dismissal meeting must be held. The parent may elect not to attend. In that case, the parent must provide written documentation that the Team can meet without the parent's presence in order to close the 504 Plan. The 504 Team must be composed of a group of persons with knowledge of the student's disability and accommodations.

A student should be dismissed from a 504 plan and no longer qualifies for Section 504 protections in these situations:

- Student no longer has a qualifying impairment
- Student no longer needs accommodations to access the general education program or facilities
- Parent revokes consent for the 504 plan
- Student becomes eligible for special education and the parent gives consent for special education services

The school must give written notice to the parent that the student is being dismissed from a 504 plan, along with the copy of the Notice of Parent and Student Rights under Section 504.

## **504 Plan instead of IEP**

Parents may not refuse Special Education services for a Section 504 Plan. Once the Special Education eligibility committee has determined that the student is eligible for IDEA services and an IEP, the district must offer those services and cannot substitute a 504 Plan. When a student requires IDEA services, substituting a 504 Plan would represent a denial of a Free Appropriate Public Education (FAPE).

## **After the Meeting**

### **1. Distribute the 504 Plan**

If a 504 Individual Accommodation Plan is developed, the 504 Coordinator is responsible for distributing copies of the 504 Individual Accommodation Plan immediately. All teachers who are providing accommodations should receive a copy of the 504 plan and should sign the Section 504 Verification of Teacher Receipt Form with the understanding that the 504 Plan is a legal document and that all accommodations listed on the Plan need to be implemented. If there are questions or concerns, teachers should contact the 504 Coordinator or Principal immediately.

### **2. Update Infinite Campus Panels**

The 504 Coordinator should update the Infinite Campus student database within five (5) school days.

### **3. Scan 504 Documents**

The 504 Coordinator should upload all 504 documents within five (5) school days of the meeting, or receipt of new information. Follow the 504 Infinite Campus Guide for instructions on uploading and labeling documents.

### **4. Send Parent Copy**

The 504 Coordinator should send parent a copy of the 504 Plan within five (5) school days of the meeting.

## **Confidentiality**

The district ensures that individual school-based 504 procedures regarding confidentiality are in accordance with the Family Educational Rights and Privacy Act (FERPA). Parents have access to any documentation involving their child, including Section 504 records.

## **College Entrance Exams**

Students with disabilities under Section 504 who are planning to take the PSAT, SAT, ACT, or AP exams must apply to the College Board (AP, PSAT, SAT) or ACT for approval to test with accommodations. The College Board and ACT provide a broad range of accommodations to eligible students with documented disabilities. Students must apply directly for approval to test with accommodations.

The College Board and ACT require parental permission to submit an application to request approval to test with accommodations. Parents should contact the Section 504 School Coordinator or their child's counselor to inquire about the application process.

## 504 Plans and Behavior

Specific behavior plans will not be written as part of the 504 Plan. Rather, behavior supports can be used as accommodations within Section 504 Plans. Behavior supports are fluid and can be reviewed and adjusted based on the student's behavior and needs. If the 504 Plan is primarily for a mental health behavior disorder, such as Oppositional Defiant Disorder (ODD), the accommodations in the plan may primarily focus on addressing the behaviors resulting from the behavior disorder. Should the student need more intensive behavioral supports, the student should be referred to the MTSS/RTI process to address specific behaviors requiring progress monitoring.

Students defined as having a disability under Section 504 with suspensions totaling more than ten (10) cumulative days during a school year may be considered a significant change in placement by the Office of Civil Rights (OCR). Suspending a disabled student more than ten (10) days (OSS and ISS) triggers procedural safeguards that may deem the district non-compliant with federal guidelines. Every effort should be made to use school-based interventions as alternatives to suspensions to serve the student in the school setting.

**Suspending a student under Section 504 more than ten (10) days (OSS and ISS) triggers procedural safeguards that may deem the district non-compliant with federal guidelines.**

### Manifestation Determination Review

Schools should conduct a Manifestation Determination Review meeting on any student with a 504 Plan when the student has two (2) or more discipline referrals, or five (5) or more suspension days (OSS and ISS) within a school year. A Manifestation Determination Review meeting is used to evaluate the student's present levels of academic and behavioral performance. The Team analyzes the discussion of the antecedents, perceived motives, reactions, and outcomes of the behavior resulting in the disciplinary infractions. The Team specifically determines whether the student's actions in the disciplinary event were directly related to the medical impairment. Recommendations are made to reduce inappropriate behavior and encourage/model/teach replacement behaviors. Recommendations may also include other behavior supports, including MTSS/RTI, and behavior assessments.

The Section 504 student may be disciplined under the regular discipline code for up to ten (10) cumulative days (ISS and OSS) in a given year. Suspensions from school bus transportation because of behavior also count toward the student's out-of-school suspension days if the student is unable to attend school as a result.

**A Manifestation Determination Review meeting should be conducted on any student with a 504 Plan when the student has two (2) or more discipline referrals, or five (5) or more suspension days (OSS and ISS) within a school year.**

If the Section 504 student is being considered for suspension beyond ten (10) days **cumulative** for the school year (OSS and ISS), or expulsion, the following procedures are used:

- Consult with the District 504 Coordinator.
- Schedule a Manifestation Determination Review (MDR) meeting immediately to determine the impact of the disability under Section 504 on the student's actions in the disciplinary infraction. The parent must be notified and invited to attend the meeting. Attendees should also include the school psychologist and the District 504 Coordinator.
- If the Manifestation Determination Review meeting's decision is that the behavior was a manifestation of the disability, the 504 student may not be further suspended or expelled. The 504 Team must determine appropriate services/accommodations.
- If the Manifestation Determination Review meeting's decision is that the behavior was not related to the disability, the 504 student is disciplined under regular discipline procedures.
- If a 504 student is being considered for a disciplinary hearing, a Manifestation Determination Review meeting must be conducted prior to the disciplinary hearing.

Some disciplinary procedures that apply to students with disabilities under IDEA also apply to students with disabilities under Section 504. There are also exceptions. The following exceptions to IDEA discipline requirements are indicated for students with disabilities under Section 504:

- Expelled students do not have to be provided with educational services.
- There is no "stay put" requirement under Section 504.
- Students are not removed to an alternative setting for up to 45 school days for serious bodily injury or for drug or weapon violations.
- Current users of illegal drugs are treated as non-disabled students.
- These requirements apply to a student who is eligible under Section 504 but does not currently have a 504 accommodation plan.

## **Recommended Virtual 504 Meeting Procedures**

School Section 504 Coordinators will follow the procedures below when scheduling 504 meetings virtually. Section 504 meetings are defined as:

- Initial Eligibility Meetings
- Annual Review Meetings/Reevaluation Meetings

- Additional Review Meetings
- Manifestation Determination Meetings

### **Planning for Virtual 504 Meetings**

Prior to scheduling virtual meetings, please adhere to the following guidance:

- Contact all members of the Section 504 Committee, including parents, teachers, school psychologist, nurse, or other relevant members and determine a mutually agreed upon date/time when committee members are available.
- Send the Notice of Meeting, Parent Permission to Evaluate (initial meetings), Parent Input Form, Medical Impairment Form (if appropriate), Parent and Student Rights and copy of the most current *Individualized Accommodations Plan* (IAP).
- Send Teacher Input forms at least 5 days before the meeting to collect additional information concerning the student.
- Collect and organize sources of data (information) that will be reviewed in the upcoming meeting.

### **Scheduling Virtual 504 Meetings**

- Secure dates/times for the meeting that allow all knowledgeable members of the 504 Committee to participate via phone or video conferencing.
- Allow adequate planning time for all contributing members.
- Ask parents/guardians if they can access the meeting via the approved virtual platform (e. g Microsoft Teams, Zoom, etc.). If not, there is an option for conferencing in the Teams meetings via phone. You may also utilize a regular conference call dial-in number if that is more convenient.
- Documentation is extremely important during this time. Please utilize the minutes template to document meeting details, including if meeting had to be rescheduled, if parents request meeting to be held without their presence, etc.

### **Procedures during the Virtual 504 Meeting**

- Be present for virtual meeting at least 10 minutes early to prepare to greet meeting participants as they join the meeting.
- As the facilitator, ensure your camera is on, when using the online platform, especially to open the meeting and facilitate introductions, review of Parent Rights and purpose of the meeting.
- Clearly state the purpose of the meeting and provide agenda, when possible.
- Allow for introduction of meeting participants, direct them to state their title.

- Briefly review Parent Rights and check for understanding of rights.
- Provide parents an opportunity to meaningfully participate in the meeting and discuss concerns with the 504 Committee.
- Utilize the Evaluation Report to guide the meeting. Verify student information is accurate.
  - Facilitate discussion of the medical impairment and review multiple sources of information regarding the student and the impact of the disability. A medical diagnosis alone, does NOT guarantee 504 protections, supports or services.
  - Proceed through the Eligibility section of the Evaluation Report to determine eligibility or ensure student continues to be eligible for protections, supports or services.
  - Document the major life activities that are impacted by the disability/impairment AND include a statement that summarizes how the disability impacts the major life activity.
  - 504 Committee will determine if a substantial limitation is present (comparing disabled student to the average, same-age, non-disabled peer) and if accommodations are necessary to ensure access to the district's educational programs and activities.
  - If intensive academic or behavioral supports are needed, refer to MTSS/RTI.
  - Committee will determine the accommodations and supports that are necessary for equal access to district's educational programs and activities.
  - Accommodations must be specific, clearly written, and describe how school personnel will meet the needs of the student.

### **Procedures after the 504 Meeting**

After each 504 meeting, update the 504 Eligibility panel in Infinite Campus by completing the following:

- Check No Accommodation plan if no supports or services are needed
- Annual Review Date (date of most current meeting)
- 504 Eligibility Date (Initial date student became eligible)
- 504 Plan Date (Original date of plan)
- 504 End Date (Only use after the 504 plan has ended)
- Sped Eligibility (Date student became eligible for Special Education)
- Medical Impairment(s)
- Status (E=eligible, N=ineligible, R=referral, D=draft)
- Ensure student has a 504 flag, if eligible. The flag will appear 24 hours after

completion of the eligibility panel.

- Upload all 504 documents into Infinite Campus within 5 days of the meeting. You may print as PDF, save to computer, and upload to student file in Infinite Campus.

### **Virtual Meeting Norms**

- Video recording of 504 meetings is not permitted.
- Dress Appropriately - Professional and work appropriate.
- Be aware of your surroundings – Others in your work area and background images that can be viewed on camera.
- Be on time for the meeting and prepared to participate.
- Mute your microphone when you are not speaking.
- Speak up and clearly.
- Eat before or after the virtual meeting.
- Stay seated and stay present.
- Familiarize yourself with Microsoft Teams or conference call platforms prior to holding your meeting.
- Consider practicing with a colleague to ensure ease of use and comfort.
- Develop an agenda.

## General Ed Students with Sensory or Severe Disabilities

(No Special Education Eligibility)

On infrequent occasions, a student will either enter the district with or begin to present significant or severe physical, medical, or psychiatric needs that cannot be met in the general education setting.

Section 504 regulations outline that students with disabilities be given an equal opportunity to participate and benefit in the district's programs and activities. This is commonly defined as FAPE, which is the provision of supports, services and aids that are documented in a 504 plan. This plan may include accommodations or services that level the playing field, so Section 504 students can access school programs and services as adequately as the needs of non-disabled peers. IDEA requires that students who are *appropriately evaluated and found eligible* have available to them a free appropriate public education (FAPE) that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living.

Section 504 defines a disability as a physical or mental impairment that substantially limits one or more major life activities. A medical diagnosis is not required for a student to be referred for consideration as a disabled student under Section 504. The District is obligated to evaluate a student if there is a suspicion that the student may have a qualifying disability under Section 504. The 504 Evaluation consists of gathering and reviewing multiple sources of data to determine if the disability is substantially limiting and allow the 504 committee to make an Eligibility Determination. In contrast, IDEA requires that the District must conduct a full and individual initial evaluation before special education and related services can be provided to a student with a disability.

In instances, as described above, where the student has not had access to services under 504 or special education previously, ***cross-departmental collaboration*** is required to address the educational rights and needs of these students. For students exhibiting sensory or severe disabilities, including those with documented hearing and vision impairments, it is realistic to determine that ongoing interventions through *the Pyramid of Interventions* **may not be appropriate** to meet the unique learning needs of these populations. Students impacted by this scenario may include those that transfer to DeKalb from another country with an obvious disability.

From a high-level perspective, students that fit this scenario would be found eligible as a student with a disability under Section 504. The 504 committee would use all available data to determine appropriate services to be provided while an expedited evaluation for special education eligibility is being conducted. Preferably, the 504 committee will determine supports that can be implemented in the current setting; however, the 504 committee could determine that supports and services in a temporary small group setting are required for FAPE while the evaluation is being conducted.

The specific procedures for addressing this cross-departmental collaboration are outlined below. LTSEs are also encouraged to review the Standard Operating Procedures (SOPs) for 504 Special Circumstances Request.

- Any individual with knowledge of the student's **suspected** disability can refer a student for Section 504; however, parents or teachers typically make referrals.
  - Referrals should be captured on a 504 Referral Form and submitted to the local school 504 Coordinator
- The 504 Coordinator should schedule an initial eligibility determination meeting for the student, after obtaining the Permission to Evaluate. This meeting should occur as quickly as possible. This sometimes occurs the day the student enrolls in the school.
  - The 504 Committee follows guidance provided by the 504 School Coordinator and completes the 504 Evaluation Report. At that meeting, the 504 Coordinator can gather as much information about the student as possible, including any medical documentation.
  - The nature and extent of the information needed to make a 504 eligibility decision is determined on an individual basis by the 504 Team, a group of persons knowledgeable about the student and the relevance of the data. Evaluation typically refers to a collection and analysis of data from a variety of sources including available medical records, school records and information from the parents regarding adaptive needs.
  - Generally, the evaluation and assessment procedures under Section 504 are less formal than those under IDEA.
  - The type of suspected disability and the type of accommodations that may be needed dictate the specific data collected and evaluation procedures utilized.
- The 504 Team, using the Evaluation Report and supporting documents, decides whether the student has a physical or mental impairment that substantially limits one or more major life activities under Section 504.
  - If the Team determines that the student is eligible for 504 protections,

- the Team will decide if accommodations are needed to access educational programming.
  - If so, the Team will develop a 504 Individual Accommodation Plan (IAP).
  - The IAP may include related services such as Occupational Therapy, Physical Therapy, Assistive Technology, or Special Transportation to be provided by 504 while an evaluation is being completed.
  - Once the student is enrolled in the general education classroom, informal classroom observations can begin at the local school level to assess whether there is an access concern.
- If, after informal observations in the general education classroom are conducted, the school 504 Chair or LTSE determine that the student's needs are so significant that a temporary small group setting should be considered, the following steps should be followed:
  - If a temporary small group setting is being considered, the local school 504 Coordinator must communicate with the District's 504 Coordinator. The LTSE should immediately communicate with the appropriate special education Coordinator to discuss the severity of the student's needs.
    - The Coordinators will use the Temporary Supports Plan Consideration Checklist to clarify the significance of the student's needs.
    - Recommendations/next steps, as appropriate, will be provided and an observation of the student may be scheduled.
- An MTSS/SST meeting should be held prior to any subsequent 504 meetings. The 504 Chair should alert the appropriate staff that a meeting is required. The MTSS/SST meeting can be held on the same day as a 504 meeting; however, the MTSS/SST should occur prior to the 504 meeting.
  - The committee will follow MTSS procedures to establish a Tier 3 plan.
- If necessary, the 504 School Coordinator will convene another 504 meeting that will include the Lead Teacher for Special Education (LTSE) and the School Psychologist as well as all other individuals that have knowledge of the student's needs.
  - **Because of the unique circumstances in these referrals, the meeting should be convened within 10 days of receipt of the referral.**
  - If necessary, a language interpreter should be provided following current District procedures. The interpreter can be used to support the parents in communicating with the Committee or to interpret documents provided by the parents that are not in English.
- The LTSE seeks informed consent from the parents by providing and explaining the Parent Rights in Special Education (Parent Rights) in the parents' native language.
  - The LTSE issues a Prior Written Notice/Parental Consent for

- Evaluation (PCE) form and obtains the parent's signature.
  - The team discusses any recommendations for the student from the Coordinator as well as any additional layers of support, placement, special transportation, etc. that may be needed for the student.
  - If a temporary small group setting is required, the appropriate Coordinator will provide a location and teacher name using the Temporary Supports Plan Consideration Checklist. The student can be served at this location until the expedited evaluation is completed.
  - The 504 Committee discusses the placement with the parent. If the parent agrees, the LTSE confirms the acceptance with the appropriate Coordinator.
  - The Coordinator follows current procedures for notifying the alternate school and/or teacher of the placement.
  - The LTSE of the home school will communicate specific information regarding the student's needs with the LTSE of the alternate school.
  - The LTSE of the alternate school will communicate directly with the servicing teacher.
    - This type of placement occurs infrequently; therefore, the LTSE will want to discuss specific expectations regarding accommodations, services and data collection with the teacher based on the IAP.
    - As the teacher in the temporary small group setting becomes familiar with the student while the evaluation is being conducted, he/she can begin to collect baseline data on goals/objectives that he/she feels would be appropriate should the student be found eligible for special education services.
  - The staff from the alternate school will be responsible for completing the evaluation and eligibility.
  - The School 504 Coordinator will complete the request for Special Transportation, if necessary.
- The LTSE follows procedures outlined in **Chapter 2, Child Find, Pre-referral & Evaluation** to ensure that the student is evaluated within 60 days of receipt of the signed PCE.
- If hearing and vision screenings are required, the LTSE works with the appropriate school personnel to have them completed. Once all required evaluations are completed and no more than 70 days from receipt of the PCE, the LTSE follows procedures outlined in **Chapter 3, Eligibility Determination** to determine eligibility under IDEA.
  - If a determination is made that a student has a disability which impacts educational performance and needs special education services, the parent must provide written consent for the initial provision of services.
  - The 504 Coordinator may be invited to the eligibility meeting. Once the student is eligible for special education services, the 504 plan terminates because the student's needs are being met through an IEP.

- Once initial consent for services is received, the team should develop an initial individualized educational program (IEP) within 30 days of the eligibility determination to address the student's needs in the least restrictive environment.
  - The 504 Individual Accommodation Plan (IAP) would remain in place until the IEP is developed.
- The LTSE will document initial consent for services
  - If parent consents, initiate services
  - If parent does not consent, complete [Google Doc](#) reporting "Parent Initially Refused Services"
  - If the student was initially placed in a temporary small group setting, and that placement/location is no longer appropriate, the LTSE will inform the ID or Preschool Coordinator of any changes.

## **Notice of Parent and Student Rights under Section 504**

Section 504 of the Rehabilitation Act of 1973, commonly referred to as "Section 504," is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

For more information regarding Section 504, or if you have questions or need additional assistance, contact DeKalb County School District's Section 504 Coordinator:

Watina April  
5845 Memorial Drive  
Stone Mountain, GA 30083  
(678)676-2161  
(678)676-1817  
watina\_f\_april@dekalbschoolsga.org

The implementing regulations for Section 504 as set out in 34 CFR Part 104 provide parents and/or students with the following rights:

1. Your child has the right to an appropriate education designed to meet his or her individual educational needs as adequately as the needs of non-disabled students. 34 C.F.R. §104.33
2. Your child has the right to free educational services except for those fees that are imposed on non-disabled students or their parents. Insurers and similar third parties who provide services not operated by or provided by the recipient are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student. 34 C.F.R. §104.33
3. Your child has a right to participate in an educational setting (academic and nonacademic) with non-disabled students to the maximum extent appropriate to his or her needs. 34 C.F.R. §104.34
4. Your child has a right to facilities, services, and activities that are comparable to those provided for non-disabled students. 34 C.F.R. §104.34
5. Your child has a right to an evaluation prior to a Section 504 determination of eligibility. 34 C.F.R. §104.35
6. You have the right to not consent to the school district's request to evaluate your child. 34 C.F.R. §104.35
7. You have the right to ensure that evaluation procedures, which may include testing, conform to the requirements of 34 C.F.R. §104.35
8. You have the right to ensure that the school district will consider information from a variety of sources as appropriate, which may include aptitude and achievement tests, grades, teacher recommendations and observations, physical conditions, social or cultural backgrounds, medical records, and parental recommendations.

34 C.F.R. §104.35

9. You have the right to ensure that placement decisions are made by a group of persons, including persons knowledgeable about your child, the meaning of the evaluation data, the placement options, and the legal requirements for least restrictive environment and comparable facilities. 34 C.F.R. §104.35
10. If your child is eligible under Section 504, your child has a right to periodic reevaluations, including prior to any subsequent significant change of placement. 34 C.F.R. §104.35
11. You have the right to notice prior to any actions by the school district regarding the identification, evaluation, or placement of your child. 34 C.F.R. §104.36
12. You have the right to examine your child's educational records. 34 C.F.R. §104.36
13. You have the right to an impartial hearing with respect to the school district's actions regarding your child's identification, evaluation, or educational placement, with opportunity for parental participation in the hearing and representation by an attorney. 34 C.F.R. §104.36
14. You have the right to receive a copy of this notice and a copy of the school district's impartial hearing procedure upon request. 34 C.F.R. §104.36
15. If you disagree with the decision of the impartial hearing officer (school board members and other district employees are not considered impartial hearing officers), you have a right to a review of that decision according to the school district's impartial hearing procedure. 34 C.F.R. §104.36
16. You have the right to, at any time, file a complaint with the United States Department of Education's Office for Civil Rights.

## Section 504 Procedural Safeguards

**1.Overview:** Any student or parent or guardian (“grievant”) may appeal the local school’s system’s actions or inactions regarding your child's identification, evaluation, or educational supports under Section 504. Appeals must be in writing to the school system’s Section 504 Coordinator.

**1. Appeal Request:** The Request for an appeal must include the following:

- a. The name of the student.
- b. The address of the residence of the student.
- c. The name of the school the student is attending.
- d. The decision that is the subject of the appeal.
- e. The requested reasons for review of 504 decisions.
- f. The proposed remedy sought by the grievant.
- g. The name and contact information of the grievant.

Within 10 business days from receiving the grievant’s Request for an appeal, the Section 504 Coordinator will acknowledge the Request and schedule a time and place for the meeting. If the written Request for an appeal does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request.

**2. Mediation:** The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

**3. Hearing Procedures:**

- a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within forty-five (45) calendar days from the receipt of the grievant’s Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child’s educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at

least ten (10) calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.

- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
  - f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
  - g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
  - h. The hearing shall be closed to the public.
  - i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
  - j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
  - k. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
  - l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
  - m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.
- 5. Decision:** The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.
- 6. Review:** If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

## Georgia Special Needs Scholarship 504 Plan Eligibility Information

To qualify for the Georgia Special Scholarship award with a 504 Plan for the 2021-2022 school year the student must meet all three requirements:

1) The student's parent currently resides within Georgia and has been a Georgia resident for at least one calendar year however, that the one-year requirement shall not apply if the student's parent is an active-duty military service member stationed in Georgia within the previous year; AND

2) Spent the prior school year in attendance at a Georgia public school. For the 2021-2022 school year only, prior school year in attendance means that the student was enrolled and reported by a public school system or school systems for funding purposes at the time of at least one FTE program count, conducted each school year in October and March, during either the 2019-2020 or 2020-2021 school years. Prior school year in attendance shall not apply if:

- The student's parent is an active-duty military service member stationed in Georgia within the previous year; OR
- The student has been adopted or placed in a permanent guardianship from foster care pursuant to an order issued by a court of competent jurisdiction within the previous year; OR
- The student previously qualified for a scholarship as provided in state law; AND

3) The student had a 504 plan in effect during the 2020-2021 school year relating to one or more of these conditions:

- |   |  |
|---|--|
| 1. Attention deficit hyperactivity disorder (ADHD), Attention deficit disorder (ADD); | 12. Emotional or behavioral disorder;  |
| 2. Autism spectrum disorder;  | 13. Epilepsy;  |
| 3. Bipolar disorder;  | 14. Hearing impairment;  |
| 4. Cancer;  | 15. Intellectual disability;   |
| 5. Cerebral palsy;  | 16. Muscular dystrophy   |
| 6. Cystic fibrosis;   | 17. Specific learning disability;  |
| 7. Deafness;  | 18. Spina bifida;  |
| 8. Down syndrome;   | 19. Traumatic brain injury   |
| 9. Drug or alcohol abuse;   | 20. Visual impairment; or  |
| 10. Dual sensory impairment;  | 21. Any rare disease identified by the   |
| 11. Dyslexia;   | National Institutes of Health's Genetic and Rare Diseases Information Center's list of rare disease disorders. |

### SECTION 504 PLAN APPLICATION PROCESS –

The changes to Code Section 20-2-2114 (via SB 47) requires verification that a student who qualifies for the Georgia Special Needs Scholarship through a Section 504 Plan has met the eligibility requirements. To meet these verification requirements, parents who believe their student is eligible for Section 504 Plan GSNS award must access the [Section 504 Plan Verification Form](#) and follow the instructions to submit to their local school district for completion. The local school district will verify the Section 504 Plan information on the student and submit this information to GaDOE. Upon submission from the local school system, GaDOE will load the eligible student's award information into the Scholarship Application if the student meets all qualifications.
