HOW DO I KNOW WHICH APPLICATION TO SUBMIT?

This Charter School Renewal Application form is for locally-approved start-up and conversion charter schools seeking charter renewal from both a local Board of Education (BOE) and the State Board of Education (SBOE).

First submit their local application to your local BOE. Then submit to GaDOE a copy of the local application you submitted along with this Charter School Renewal Application

If the Local Board does NOT have its own application

Submit to both your local BOE and to GaDOE a copy of this Charter School Renewal Application

If your school is applying for a charter renewal to the State Charter Schools Commission (SCSC)

See the SCSC website at http://scsc.georgia.gov/petition-application

INTRODUCTION

A charter school renewal application is a legal petition to a local Board (or Boards) of Education and the State Board of Education seeking renewal of a charter school contract.

There are two types of locally-approved charter schools – start-up charter schools and conversion charter schools. This Charter School Renewal Application is for both start-ups and conversions.

- A start-up charter school was a brand new school that did not exist before it received your initial charter school contract.
- A conversion charter school is an existing public school that became a charter school when it received its initial charter school contract.

The evaluation of your application will focus on whether your charter school has achieved the academic, organizational, and financial performance you promised in exchange for broad flexibility from Georgia’s education rule and laws when you received your most recent charter contract. The evaluation will also determine whether:

- The charter school has complied with all applicable laws, rules, regulations, policies and procedures (including the Charter Schools Act of 1998, as amended [O.C.G.A. §§ 20-2-2060 through 20-2-2071] and State Board of Education Rule 160-4-9-.04 et seq.);
- The academic, organizational, and financial plans are still viable; and
The GLOBE Academy

- The charter school is still in the public interest.

Applicants are strongly encouraged to review all resources available on the GaDOE’s Charter Schools Division website prior to drafting and submitting a charter school renewal application (http://www.gadoe.org/External-Affairs-and-Policy/Charter-Schools/Pages/default.aspx), including the standard charter contract template, which is what the State Board of Education will approve, and the most recent Charter School Renewal Memo.

Georgia has a commitment to ensuring all children receive quality educational opportunities. For this reason, we prioritize approving and renewing charter schools that focus on serving at risk populations, including students who are economically disadvantaged and/or live in rural communities.

**SUBMISSION PROCEDURES**

Before the State Board of Education can renew a charter contract for your locally-approved charter school, your charter school renewal application first must be approved by your local Board of Education in accordance with the rules and regulations of that local board. To facilitate the state’s review of your locally-approved application, you must submit to GaDOE an exact copy of the application you submit to your local BOE.

GaDOE will review the charter school renewal petition you submitted locally at the same time that your local BOE is reviewing it. If you agree to make changes to your application to obtain local BOE approval, you must also submit to GaDOE a copy of the final version of the application that your local BOE approved. The final version of your locally-approved application is the one GaDOE will share with the State Board of Education when recommending approval or denial of your charter contract renewal.

A successful charter school renewal application approval process includes (1) your local BOE’s review and approval, (2) GaDOE’s review, (3) a panel interview at GaDOE, (4) a recommendation from GaDOE’s Charter Schools Division for State Board of Education approval, and (5) SBOE approval.

Please note that, while GaDOE does not have an application deadline, applications are processed and interviews are scheduled by GaDOE on a first-come, first-served basis. This means that you must submit your application early enough to obtain SBOE approval at least 6 months in advance of your upcoming academic year. Since it can take up to 4 months to move through the various review processes, please plan accordingly.

Please also note that filing a charter school renewal application does not guarantee that a renewed charter school contract will be granted. Failure of an applicant to adhere to any requirement may yield a defective application that is rejected before consideration. In addition, complete applications that are not strong enough to guarantee a continued successful charter school implementation will be recommended for denial.

Submission to GaDOE of the initial charter renewal application you submitted to your local BOE and, later, of the final version of your application approved by your local BOE, must be by mail, UPS/FedEx, or hand-delivered to: Georgia Department of Education, Charter Schools Division, 2053 Twin Towers East, 205 Jesse Hill Jr. Drive, SE, Atlanta, Georgia 30334
Please note that faxed or emailed applications will *not* be accepted as your formal submission. Only complete petitions that comply with these guidelines and the technical requirements below will be evaluated. Applications will not be returned, so please keep a copy for your records. In addition, please note that all information in applications submitted to GaDOE are subject to the Georgia Open Records Act.

- 77.3% of its 3rd grade students are reading at or above the grade level target.
- 84.6% of its 8th grade students are reading at or above the grade level target.
- GLOBE Academy Charter School I is Beating the Odds, meaning that it has a CCRPI score that is higher than the statistically expected range for the school.
The GLOBE Academy

GLOBE serves approximately 1,060 students in grades K-8 across two campuses in DeKalb County. Seventeen percent of GLOBE’s student population are Effective English Learner (ELL) students. Since adjusting the admissions process for the 2019–20 academic year, GLOBE’s weighted lottery has increased the admissions of new students who are economically disadvantaged each year by 4%, with the percentage of new kindergarten students enrolling in the 2022-2023 school year who qualify for Free and Reduced Price Lunch up to 34%, our highest number to date. We intend to continue this trajectory into the future as we reach parity with DCSD.

The community clearly values the education provided by GLOBE, as evidenced by an applicant pool four times greater than the available spaces for kindergarten, and 17 times greater than the available spaces for first and sixth grades.

The charter renewal committee is made up of key stakeholders and includes board members, school administrators, faculty, staff, and parents. During this petition process, the status of the renewal process was shared during regularly held Board meetings, and all committee members remained engaged with DeKalb County to fully comply with timelines and requested deliverables for this petition to renew. Going forward, leaders within the committee will be available to respond to questions.
2. Describe the charter school’s academic program, specifically focusing on why it is innovative in your school district(s). Include mention of any waivers of state law and SBOE rule that are needed to implement the academic program. Be sure to describe any special characteristics of your charter school, such as a special population or some other feature or features which enhance educational opportunities. (350 words or less)

Fewer than one percent of schools in Georgia offer dual-language immersion (DLI) academic programs, and GLOBE is the only DLI charter school in DeKalb County to offer three different language tracks: Spanish, French, and Mandarin. GLOBE students in grades K-5 spend 50% of instructional time in a second language and learn grade level content in both languages. GLOBE’s 6th-8th grade program allows students to obtain three to four high school credits for Modern Languages. In 2020, over 30 eighth-grade students received a diploma of biliteracy upon graduation. Many eighth graders are prepared to take AP tests in Spanish and French by the end of the academic year.

Research has substantiated academic and cognitive benefits of DLI programs for both native English speakers and English-language learners. GLOBE’s unique and innovative model allows students the opportunity to learn language through hands-on, contextualized experiences. In an experiential learning environment, children have a better grasp of concepts, students have a gratification in learning, and their learning environment promotes communication and reflection on outcomes. Benefits of dual-language schooling include greater development of cultural community, high teacher engagement, and more parent engagement.

A sample of state law and SBOE rule waivers that needed to implement the academic program may include:

- Class-size and Reporting requirements (O.C.G.A. § 20-2-182)
- Direct Classroom Expenditures and Expenditure Controls (O.C.G.A. § 20-2-171 and SBOE Rule 160-5-1-.29)
- Program Enrollment & Appropriation (O.C.G.A. § 20-2-160)
- ELL Program Requirements (O.C.G.A. § 20-2-156 and SBOE Rule 160-4-5-.02)
The GLOBE Academy

- Educational Programs (O.C.G.A. § 20-2-152 to 20-2-155 and SBOE Rule 160-4-2-.38)
- Organization of Schools; Middle School Programs; Schedule (O.C.G.A. § 20-2-290)
- Competencies and Core Curriculum, Online Learning (O.C.G.A. § 20-2-141.1, O.C.G.A. § 20-2-142 and SBOE Rule 160-4-2-.48)
- Salary Schedule requirements (O.C.G.A. § 20-2-212)
- Categorical Allotment requirements, Article 6 of Chapter 2 of Title 20 (O.C.G.A. § 20-2-183 to 20-2-186)

Given GLOBE’s unique DLI model, GLOBE needs the flexibility to hire staff members who may not meet state or district requirements but who are highly qualified and either native or fluent in a foreign language. GLOBE regularly reflects on how well the model serves students. With each year that passes and as new research on dual language immersion develops, GLOBE adjusts and adapts both curriculum and instructional practices. It is imperative to remain flexible and routinely enhance instruction.
3. Describe the charter school’s organizational structure, specifically focusing on its innovation and need for flexibility, its general partnership structure with an educational service provider (ESP) if any, and the school’s community interest and need. (350 words or less)

The school is organized with an Executive Director (ED) who reports to the Board of Directors (board). Reporting to the ED is the Administrative Team, including the CFO, Director of Operations, Business Manager, Registrar, Admissions Director, Receptionists, and Leadership Team. The Leadership Team is made up of the Heads of School (HOS), for each campus (upper and lower), the Assistant Heads of School (AHOS) for each campus, a Language Specialist, Data Coaches for each campus, and Curriculum Coordinators for each campus. GLOBE values the autonomy to hire staff and assign roles that encourage shared leadership and provide ongoing opportunity for growth. On each campus, a faculty of international lead teachers and teaching assistants provide instruction to students within the immersion model.

Flexibility in staffing allows GLOBE to bring in lead teachers who are native speakers of their language. The language teaching assistants (TAs) generally join GLOBE through partnerships with their home countries and enjoy a supportive environment in which they can hone instructional pedagogy in both content and language. The 50/50 language model promotes collaboration between English and language teachers in planning, grading, and supporting the cohorts they teach. In addition, GLOBE’S Building Leadership Team made up of representative faculty members fosters a strong connection between grade levels and administration. The Parent Teacher Community Council (PTCC) is composed of both teachers and parents with the goal of supporting the learning environment and unique culture of GLOBE. Parents are encouraged to volunteer at least 10 hours per year at the school and many participate in various committees within the school.

GLOBE does not utilize an Educational Service Provider.

Regarding community interest and need, GLOBE receives more student applications each year than there are available openings. For Kindergarten, GLOBE receives four times the number of applicants needed to fill its program. In first and sixth grade, GLOBE receives 17 times more applicants than there are
available slots. Over 600 prospective parents tour the school each year, and GLOBE fields over 1,000 phone and email inquiries from the community. During admissions season (November to March), the How to Apply section of the GLOBE website has roughly 3,000 unique views.
PAST PERFORMANCE

4. Complete and attach as Exhibit 5 the Accountability Report available on the GaDOE’s Charter Schools Division website to show the school’s performance during each year of your current charter term and include with your charter school renewal application. This Accountability Report will be presented to the State Board of Education with your charter petition, so please ensure it is accurate.

GLOBE’s Accountability Report has been attached as Exhibit 5.

5. Provide a narrative describing how the charter school performed in meeting the academic and organizational goals set forth in its current charter contract. In your narrative:
   a. Address the school’s performance in each year of your current charter term.
   b. You are urged to include any supporting charts, tables, or graphs that provide quantitative data.
   c. If your charter school did not meet all of the goals in its charter contract, explain any mitigating factors to which this can be attributed, and explain how the school plans to address them in the upcoming charter renewal term requested.

Academic Goals

The GLOBE Academy demonstrated strong academic performance across the five-year charter term. We demonstrate support for this claim by presenting state data toward the two goals set forth in our charter.

Goal #1: Beating the Odds - Achieved

The first goal set forth in the charter contract stated that “During each year of its Charter term, the Charter School shall ‘beat the odds’ as determined by a formula measuring expected student growth.” The Beating the Odds analysis predicts a range within which each school's CCRPI is statistically expected to fall given the school's size, grade cluster, student demographics, and student mobility. If the Charter School's actual CCRPI is above the predicted range, then it “Beat the Odds.” We obtained data for this indicator from the Governor’s Office of Student Achievement’s webpage on Beating the Odds.

Table 1 presents results over the course of the Charter term. In 2017-2018, the last year of our prior Charter term, GLOBE scored “Within Expected Range” with a CCRPI score of 88.0. However, in the first year of the current Charter term, GLOBE scored a CCRPI score of 94.1, which was above the predicted range of 80.1-87.4, and received the designation of “Beating the Odds”. This not only demonstrates that GLOBE is achieving higher than predicted, but that it also improved over the baseline year from the prior Charter term.

We are unable to report on CCRPI scores or “Beating the Odds” data for the 2020 and 2021 school years as a result of missing GA Milestones and CCRPI data from those years due to the Covid-19 pandemic.

We are awaiting results from the most recent academic year (2021-2022) to be released in November or December of this year. These data indicate that for each year during the current Charter term for which there are available data, GLOBE has received the “Beating the Odds” designation, and achieved its goal.

**Goal 2: CCRPI Proficiency**

The second listed goal was CCRPI proficiency, defined as “The Charter School's CCRPI score shall be better than both the state and local district during each year of its Charter term”. Since the beginning of the current charter term of The GLOBE Academy, GLOBE’s academic body has continued to outperform the local district of DeKalb County School and the state of Georgia. In the last year of the prior Charter
term (2017-2018), GLOBE’s overall CCRPI score was 88.0 compared to a GA state average of 76.6 and average of 70.0 for DeKalb County. In 2019, GLOBE’s overall CCRPI score improved to 94.1. The state of Georgia’s reported CCRPI for that year was 78.8, and that of the Dekalb County School District was 75.4. Due to the COVID-19 pandemic, there is no CCRPI reporting data for the academic school years of 2020 and 2021 for the state of Georgia, DeKalb County School District, nor The GLOBE Academy. As stated in our goal, GLOBE met its academic goal of achieving at a higher rate than the state and DeKalb County for each year of the Charter term.

Organizational Goals

Organizational Goal 1: The Charter School will be economically sustainable.

The GLOBE Board of Directors has worked diligently to ensure the transparent, efficient, and sustainable use of funds. Our strong enrollment and history of conservative financial leadership has allowed our school community to maintain predictable revenue streams while also making investments in current and future needs for our school.

GLOBE has had 7 years of clean unqualified audits to ensure that our business financial statements are transparent and compliant with generally accepted accounting principles (GAAP). Our treasurer and finance committee meet annually to review this audit and share results with the Board.
Our Board also works diligently with GLOBE staff to review, pass, and, when needed, amend, an annual budget. With each budget, we have worked to ensure that funds are appropriately spent on core needs in academic programming, administration, and maintenance and facilities.

Our external audit, financial statements (e.g. balance sheets), and annual budgets are shared annually and on-time with DCSD for review. These statements provide evidence that our Board has ensured the effective allocation of resources and adequate cash reserves.

Our Board has also worked with our Treasurer, Finance Committee, CFO, and school leadership team to develop strong internal controls and separation of duties to exercise our fiduciary responsibilities. Our separation of duties ensures that our finances are reviewed by multiple parties and provides strong safeguards against fraud.

*Organizational Goal 2: The Charter School shall ensure all Governing Board Members receive effective training as required by O.C.G.A § 20-2-2072 and SBOE Rule I 60-4-9-.06.*

Each year of our Charter Term, our Board has completed annual training requirements as required by DCSD and the state DOE. One exception includes FY 2021 in which training requirements were waived due to the coronavirus pandemic.

Board members have access to training materials from the Georgia Charter Schools Association (GCSA), the Georgia State Boards of Education (GSBA), and our Board management tool provider, Board on Track. Our Governance Committee Chair works closely with board members to ensure they are aware of training requirements, have access to training materials, and that they complete these trainings in a timely manner.

Our Board is also enhancing our onboarding process for new board members. This includes an on-site orientation and training, meetings with Board members and the Board chair, and access to nonprofit leadership texts to help new members understand and execute their board duties.

*Organizational Goal 3: The Charter School shall promote a positive school experience that engages students, parents, and teachers.*

Creating a positive school community for our students, parents, and teachers is a top priority of our Board.
Data from the GOSA Report Card indicates that we did not meet the mark of having fewer than 10% of students absent 6 days or more for each year of our charter. However, our Board and school leadership has worked to make improvements in school attendance across our community - and we’re seeing positive signs. Though in the first year of our charter over a third of our students were absent more than six days, in FY 2022 the percentage reduced to 10.0%. We are proud that despite challenges and disruptions caused by the pandemic, our students are attending class at high rates, and we look forward to continuing this trend into the future.

We also acknowledge that our parent and teacher satisfaction surveys have not always demonstrated 90% satisfaction rates. However, our Board is committed to continuous improvement and working with our community to increase our rates of satisfaction. For example, after our FY 2022 parent survey, we noticed that 79% of our parents indicated they were satisfied with the school. Our end-of-year survey also included opportunities for other questions and qualitative feedback, which indicated that parents were seeking 1) greater visibility into their child’s school experience, 2) opportunities for in-person engagement at school, 3) greater opportunities for 4th and 5th graders to participate in lower campus activities, and 4) more opportunities for enhancing academic rigor. Our leadership team and board has worked collaboratively to address these concerns by providing strong communication around student experiences, building in in-person opportunities for engagement at school (pending pandemic restrictions), tasking Upper School administrators to provide more opportunities for 4th and 5th grade students to participate in Lower Campus activities, and hiring additional instructional coaches to provide an enhanced academic experience for our students.

We are optimistic that changes like these and others in the school will lead to greater parent and teacher satisfaction. This past year we worked to improve our end-of-year survey to provide greater insight into our community’s joys and concerns with the school so that our Board and school leadership have better information to guide our decision-making.

Organizational Goal 4: The Charter School shall reflect the socio-demographic diversity of the local district with a targeted focus on economically disadvantaged students as defined by State Board Rule.
Our school community is committed to ensuring that our student body is reflective of DCSD as a whole. Per our last charter, our goal was to work to increase by 20% (4% per year for each year) the number of newly enrolled students who are eligible for Free and Reduced Price Lunch (FRL). In 2019-2020, our school community began to implement a weighted lottery with positive results. By the time we ran our lottery for the 2022-2023 school year, 34% of incoming kindergarten students - a full 20 percentage points more than 2018-2019 - were students who were eligible for FRL. Our Board is pleased that the weighted lottery has delivered the results we anticipated and helped us reach our goal (20% of all students eligible for FRL) and that our school is able to attract students across socioeconomic backgrounds.

We also point out that during the pandemic year of our charters, the FRL numbers may be undercounted as many parents - knowing that school lunch was free for all students regardless of status - did not elect to complete the paperwork during these years. We anticipate that as school lunch will no longer be available for all students in the future may lead to more accurate counts of students eligible for FRL.

Organizational Goal 5: The Charter School's faculty and staff will reflect the sociodemographic diversity of the community it serves.

Since its founding, GLOBE’s mission has guided our efforts to build a school community that is global in focus and prepares students for global citizenship. As such, we have worked hard to recruit board members, faculty, and staff whose diverse backgrounds and skillsets can effectively carry out this mission.

Table 3 presents data comparing student, faculty, board, and staff race/ethnicity for the 2021-22 school year. These data indicate that staff and faculty closely mirror our student population with respect to race and ethnicity.

We would also like to note that our school community places high value on linguistic diversity. We have many teachers who are fluent not only in our target languages of Mandarin, French, and Spanish, but also in other world languages. The many languages spoken by our teachers, staff, and students is a hallmark of our mission and is an essential component of creating a global community at our school.

We are also excited to share that among our two heads of school and two assistant heads of school, we have school leaders who identify as Black, White, Latino, and Asian, and also have linguistic fluency representation for Mandarin, French, and Spanish. This diversity among our school leadership provides not only a visible representation of our mission but also the diverse skillsets and experiences that will enrich our school community and are essential to our mission.

Lastly - in our hiring practices, our school leadership prioritizes active recruitment to ensure that we can recruit diverse and highly qualified candidates for our academic programs and instruction. Our school leadership utilizes tools like Handshake to access recent student graduates and reaches out directly to the education program at both Spelman and Georgia State to recruit new teachers. We also regularly recruit at the Teachers of Color Recruitment fair, the GCSA job fair, CARLA (Center for Advanced Research on Language Acquisition), and Teach for GA.

**Organizational Goal 6: The Charter School's board of directors will reflect the sociodemographic diversity of the community it serves.**

The Board of Directors at The GLOBE Academy strives to ensure that its governing board is reflective of both the mission of the school and the sociodemographic diversity of the community it serves. Our 6th organizational goal states that “During each year of the charter term, at least 50% of the Charter School's new governing board members will have experience serving the school's defined diverse community or a community with similar socio-demographic diversity.”

Table 4 provides a summary of the racial and ethnic composition of the Board over the Charter term. In each year of our Charter, we have strived to ensure balance on our board. For the years 2017-2018, 2018-2019, and 2021-2022, 50% or more of our Board members were members of color. In the two years from 2019-2021, our number dropped below 50%, in part because we had members transitioning on/off the
The GLOBE Academy

board in those years. Nevertheless, board diversity remains a key recruitment goal for our governing board, and as evidenced by our current board makeup (2021-2022), we are confident that our recruitment efforts will continue this positive trend.

Our goal as stated in the Charter, however, does not specifically focus on the race/ethnicity of individual board members, but rather that they “will have experience serving” the community. We acknowledge that it is challenging to operationalize this definition, but can share that it is the current practice of the Board recruitment that all members of the board can demonstrate through their personal and professional experience that they have relevant experience working in diverse contexts and that they embrace GLOBE’s emphasis on a global perspective and preparing future global citizens.

In addition to seeking a diverse board in terms of race and ethnicity, the GLOBE Board also highly values cultural and linguistic diversity, along with experience living and working abroad, in its recruitment of new members. In the past year, the GLOBE Board of Directors has adopted the practice of beginning each Board meeting in four languages, stating the mission, vision, and values in Spanish, French, Mandarin, and English. All of these languages are spoken with some fluency by our current board members.

The GLOBE Academy met all of its goals in its charter contract including a DEI goal to increase the student population that qualifies for free or reduced lunch which has increased to 20% of the total student
population. This was achieved by implementing changes to the lottery system for admissions which gave a higher weight to this population.

6. Describe the school’s current financial situation. In your description:
   a. Include an explanation of financial results.
   b. Detail any financial successes or struggles the school experienced during the current charter term. Include any instances of fraudulent behavior or accusations of fraudulent behavior by school staff, governing board members, or anyone else associated with the school.
   c. Explain how the school will address any struggles discussed above as well as any outstanding debts. Explain how the school will allocate any surplus funds.

Our Board of Directors is proud to report that the school is in a strong financial position. GLOBE has had 7 years of clean audits, has managed net positive operating budgets for all years, and maintains a healthy annual balance sheet. This strong financial governance coupled with excellent financial management by our school leadership and CFO has allowed us to maintain predictable revenue streams, fund our academic programs, teachers, and staff, and provide the resources and materials needed to create a strong learning environment for our students.

Our strong financial position has also allowed us to make investments in facilities to ensure the long-term success of our academic programming. In 2017, we secured a +$3 million loan to purchase our Upper Campus building and in 2021 we purchased three adjacent properties to our Upper Campus to provide needed facilities enhancements for our middle school.

Figure 1 shows our revenue and net income from FY 2014-FY2023 which demonstrate a history of growth.

*Figure 1: GLOBE Revenue and Net Income (in USD$MM)*
Figure 2 shows our selected assets, which include cash and fixed assets - much of which is accounted for by the value of our facilities and acquired real estate.

*Figure 2: GLOBE Selected Assets (in USD$MM)*

The only unexpected financial struggle the school experienced during the current charter term was the unanticipated change to DCSD’s funding calculation, which led to an approximately 20% decline in per pupil funding, during a time when DCSD did not experience such a decline in its own funding - state or local. There were no instances of fraudulent behavior related to anyone associated with the school.

GLOBE currently maintains a modest loan on the Upper Campus building, which we anticipate will be paid off within the next charter term. GLOBE will use surplus funds to invest in both academic
programming enhancements as well as enhancements in facilities. For example, in FY 2023, the Board approved a budget which included the addition of two new instructional coach positions to provide additional instructional support at both campuses while also allocating funds for anticipated maintenance needs at both campuses. The Board has also initiated a master facilities planning process to begin in FY 2023 which will outline how we will invest future surplus funds to build the “forever home” of our school community.

We have not observed any instances of fraudulent behavior or accusations of fraudulent behavior. GLOBE will continue to maintain a strong balance sheet and operate according to a net positive operating budget to account for any unexpected challenges that may occur during each school year.

7. **Provide a brief overview of the school’s current governance structure. In your description, you must include:**
   a. Specific examples of decisions the governing board has made on behalf of the school;
   b. Specific examples of decisions the school leader has made on behalf of the school;
   c. How the governing board holds the school leader, any charter partners (ESP/CMO/EMO), and any independent contractors accountable; and
   d. The governing board’s training program for the current and proposed charter term. Attach as Exhibit 6 a copy of the board’s Governance Training Plan.

GLOBE’s governing board is made up of eleven elected members (bylaws allow up to 12 members) plus the Executive Director, who is a non-voting ex-officio member. Officer positions on the board include Chair, Vice Chair, and Treasurer. The current Board Secretary serves in an ex-officio capacity. Committees of the board include Governance Committee, Academic Committee, Development Committee, Finance Committee, Charter Renewal Committee, Facilities Committee, Diversity Committee, and Communications Committee. The board sets monthly meetings for 10-11 months per year.

**Specific examples of decisions the governing board has made on behalf of the school.**
The GLOBE Board of Directors works very closely with school leaders to set and guide the strategic direction of the school in service to the school’s mission. In addition to providing ongoing support and expertise to the school through leadership and committee meetings, The GLOBE Board of Directors has
either voted on or worked very closely with school staff on the following items which reflect ways in which the GLOBE Board has made decisions on behalf of the school:

- **Expanding Executive Director Role:** The GLOBE Board recognized the need for the school to establish an Executive Director position to serve as school leader across our Upper (middle) and Lower (elementary) school campuses, with principals and assistant principals serving at each campus. The GLOBE Board voted to create this change which has allowed our Executive Director to focus their attention on critical strategic and long-term needs for the school community.

- **Real Estate:** The GLOBE Board has worked closely with school leadership on facilities and real estate opportunities to continue to strengthen the facilities needed to advance our school's mission. In 2018, the GLOBE Board facilitated the purchase of one property adjacent to the upper camps and in 2021 the GLOBE Board voted to purchase three additional conjoined lots across Briarcliff Road from Upper Campus. These real estate purchases will provide much needed space to improve and expand our facilities in service to our organization's mission.

**How the governing board holds the school leader, any charter partners (ESP/CMO/EMO), and any independent contractors accountable**

- **School Leader:** The GLOBE Board has developed a formal annual evaluation process of the Executive Director to hold the school leader accountable. This formal process is led by the Board Chair and Evaluation Committee which includes the Chair of the Academic and Diversity, Equity, and Inclusion Committees. Members of this committee meet annually to provide written feedback on the Executive Director's progress toward meeting mutually agreed upon goals. This committee also discusses this feedback with all Board members prior to sharing with the Executive Director and solicits feedback prior to completing the final written evaluation. Once the written evaluation is completed, the Board Chair meets directly with the Executive Director to share feedback and, provided the Board is supportive of the Executive Director's continuation in the role, to identify goals for the following year.
- **Charter Partners & Independent Contractors:** The GLOBE Board works collectively with school staff to ensure accountability with independent contractors. Typically, the Board accomplishes this by working with external vendors to request regular presentations on their work, either by the vendors themselves or by school staff. For example, the Board has received regular updates on the work of Conscious Roots, a Diversity, Equity, and Inclusion consulting group that the Board hired to support school DEI initiatives. In another example, the Board worked with an external vendor to provide plans and architectural renderings of proposed facilities updates to Upper and Lower campuses. These plans were shared with the board and made available to the school community in a public forum. In 2020, the GLOBE Board identified a need to allocate budgeted funds for a sustained engagement with an external vendor focusing on topics of diversity, equity, and inclusion in our school community.

- **Coronavirus Response:** In 2020-2021, school leadership worked collectively with staff, public health experts, and Board Members to establish a committee to meet weekly over most of the course of the 2020-2021 academic year to develop and implement a plan to re-open the school safely during the coronavirus pandemic. The Board received regular updates and provided expertise and guidance as needed to help craft the school’s reopening plan.

- **Annual Budget:** Each year, our school works closely with leadership to approve and/or amend as needed the annual budget. This process involves active engagement with GLOBE Board Members, especially the Board Treasurer, to ensure that the annual budget is fiscally sound and reflective of our school mission.

As with any new charter school, the governing board has had to make major decisions impacting school operations. Some of the key decisions made by GLOBE’s board have included the following:

- **Financial:** Selection of auditor, approval of financial policies
- **Resource allocation:** Strategic goal to have 60 days of cash reserve, annual budget approval, approval to budget changes
● **Personnel:** Hiring a new HOS (renamed as Executive Director in 2019) before the start of Year 2 of the charter.

● **School Operations:** Initiating mold remediation in the school building in Year 1 of the charter, securing modulars on the Lower Campus to support the growth of the school, and identifying a second site location for the school’s Upper Campus to support the growth of the school.

● **Curriculum and Instruction:** Determining to offer three languages in all grades, resulting in a need for 6 classes in each grade (two classes for each of the three languages)

● **School Improvement:** Updating the lottery policy to only accept new students in grades K, 1st and 6th due to the language immersion model and in the best interest of students, and developing and implementing a strategic plan for the school.

The board also empowers the ED with autonomy to support the school’s academic and day-to-day needs.

Examples of the decisions that the ED makes on behalf of the school are:

● Hiring teachers and staff including creating new positions as needed and expanding the student support team.

● Directing the research and implementation of a revised social/emotional program for students (Responsive Classroom).

● Establishing a set curriculum for the school compliant with state standards and consistent with the school’s dual language model.

● Modifying the DLI model to be a half day language model for grades K-2 and alternate day model for grades 3-5 and then moving to alternate day model for K-5.

● Approving cultural events and opportunities for students both on and off campus.

● Assessing and confirming usage of school campus space.

The board’s training program for the current and proposed charter term is available as Exhibit 6.
8. Describe how the school provides state- and federally-mandated services to students with disabilities. Reciting the requirements of law and rule is insufficient. Your description must include the school’s practices and procedures to:

- Evaluate and identify students with disabilities;
- Develop, review, and revise Individualized Education Programs (IEPs);
- Integrate special education into the general education program;
- Ensure that the school facility meets the requirements of other related laws including the Americans with Disabilities Act (ADA) and Section 504;
- Address student discipline;
- Handle programming disputes involving parents;
- Ensure confidentiality of special education records;
- Purchase services from special education vendors or to contract with your local district to provide a continuum of special education services and how this arrangement will work; and
- Secure technical assistance and training.

Provision of services and due process procedures are implemented for students with disabilities in accordance with all relevant Federal and State laws, rules, and regulations. GLOBE is open to all students in kindergarten through 8th grade who live within the boundaries of DeKalb County, Georgia. GLOBE complies with all special education requirements imposed by the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and Title 11 of the Americans with Disabilities Act (ADA), in addition to Georgia State Policy. Students with disabilities will be entitled to a free and appropriate public education (FAPE) provided at no cost to the parents, determined on an individual, case by case basis.

**Evaluation and Identification of Students with Disabilities**

GLOBE follows all DeKalb County School District (DSCD) directives as they pertain to the evaluation and identification of students with disabilities. There is a Multi Tiered System of Support (MTSS) Team in place to identify and plan alternative instructional strategies for students experiencing academic or behavioral difficulties. The Student Support Team includes teachers, parents, administrators, the school counselor, the school psychologist, LTSE and Special Education personnel. The Student Support Team follows a problem-solving framework to address students with academic and behavioral difficulties that do not respond to whole class/small group strategies and best practices (Tier 1). Student Support Team
intervention begins in the classroom with standards-based instruction and research-based interventions specifically designed to meet each student’s needs (Tier 2).

The evaluation and placement of students in special education programming complies with federal and state regulations and is initiated immediately following referral from appropriate staff members (Tier 3). An initial parent conference is conducted to inform parents of the reason for the referral, procedures that are used in the evaluation, and the rights and responsibilities of the parent. Parents will receive a copy of “Procedural Safeguards” upon a student’s initial evaluation, at each subsequent IEP meeting, upon re-evaluation, upon receipt of a request for mediation or due process hearing, and/or when a change in the student’s designation occurs. Students are evaluated on-site by the school psychologist provided by the DCSD, and subsequent recommendations are immediately implemented. Any student who is designated as a student with exceptionalities will have an initial meeting to develop the Individualized Education Plan (IEP). Special Education personnel will work with the student and the student’s teachers to ensure IEP compliance and monitor student progress.

**Development, Review, and Revision of IEPs**

IEPs are developed by a team according to federal and state regulations. The IEP includes annual goals, necessary related services and environments, supports, accommodations, and parameters for participation in state and local assessments. IEP meetings, which include at least one of the student’s general education teachers, parents, the Special Education teacher, relevant service providers, and an administrator, are held based on the IEP’s re-evaluation and review dates, as new developments in the student’s IEP require, and as-needed based on classroom performance. An interpreter will be provided at no cost to families whose home language is not English. The IEP is closely monitored by the Special Education teacher and implemented by all staff members. Professional development and ongoing support from the Special Education Department facilitates the involvement of all instructional staff in the tracking of all students with IEPs. Quarterly progress reports are provided to parents and students reflecting progress on IEP goals. Prior to the start of each school year, Special Education personnel and the School Psychologist
review current and new student records and convene IEP teams as necessary to plan services for the upcoming year.

**Integration of Special Education into the General Education Program**
GLOBE places a strong emphasis on early identification and intervention for learning and behavioral differences. All efforts are made to serve exceptional students in the regular classroom to the maximum extent appropriate in accordance with the least restrictive environment (LRE) guidelines mandated by federal law. Students with IEPs are serviced within the general classroom setting with collaborative support by Special Education personnel. Frequent, ongoing professional development and support for all instructional staff includes strategies and modifications specifically designed to support these students. In this manner, all students at GLOBE are able to take advantage of the school’s dual-language immersion program and constructivist approach to learning.

**Facility**
GLOBE facilities comply with the ADA and Section 504, as well as any other related laws.

**Supplemental Educational Services**
Required Supplemental Educational Services (ex. Speech, Occupational Therapy, etc.) will be implemented, monitored, and assessed according to federal, state, and local regulations, and will be administered by a licensed staff member contracted through DSCD. Student progress will be monitored by the staff member and required notices will be distributed to eligible students and their families. In conjunction with DCSD, GLOBE will ensure that all necessary information is transmitted to the appropriate local and state agencies.

**Technical Assistance and Training**
Ongoing professional development is administered to all staff reinforcing the tenets of IDEA, ADA, Section 504, and related guidelines serving the needs of exceptional students. Applicable personnel participate in state and district training as they become available in order to become familiar with all relevant federal, state, and local reporting and recording software. GLOBE utilizes the GA DOE Special
The GLOBE Academy

Education Rules Implementation Manual to ensure full compliance of all Special Education laws, rules, and statutes.

Special Education Staff
GLOBE assesses its Special Education staffing needs often to ensure that all students are being served according to the settings and services identified in the IEP. GLOBE’s comprehensive Special Education program will continue to be fully compliant with all state and federal mandates at every step of the process, from identification and eligibility to servicing, and will partner with DCSD to ensure that compliance continues as students transition into, and out of, the school.

9. Describe how the charter school provides state- and federally-mandated services for English Learners (ELs). Reciting the requirements of law and rule is insufficient. Your description must include the diagnostic methods or instruments that are used to identify and assess those students, as well as the instructional program that is provided to ELs.

GLOBE is committed to meeting the needs of its ELs, and particularly will recruit for ELs in the languages taught at GLOBE. The school has a designated ESOL lead teacher to oversee all WIDA and ACCESS testing. Each campus has a designated ESOL teacher who provides instruction to ELs through the pull-out model. Many of the students are enrolled in immersion classes in their home language. For these students, English language instruction is presented by a classroom teacher who is EL certified, and 50% of instruction is taught in the native language. Having native language speakers in the immersion classes is beneficial to both the ELs and the students learning the native language, as conversation starts to happen more readily among students and not just between students and teachers. The GLOBE encourages and rewards its teachers who become ESOL endorsed in order to better serve all students in dual language instruction using best practices for language acquisition. GLOBE uses pull-out and collaborative models for EL students who are not enrolled in immersion classes in their native language.

Identification and Assessment of new ELs
GLOBE includes a home language survey in its registration materials for new students. If any family identifies a language other than English in that survey, GLOBE administers the W-APT assessment (K only) or a WIDA screener (Grades 1-8) to determine whether the student is eligible for language
assistance. The only exception to this is if the student has previously been enrolled in DCSD and student records indicate English proficiency or a current level of EL services. Students determined to be ELs needing language assistance will be identified as such and reported on the next FTE count.

**Instructional Program for ELs**

Services are provided for ELs in accordance with all applicable federal, state, and local laws, rules, and regulations. In the pull-out model, the ESOL teacher provides one-on-one or small group instruction. Students with more intermediate and advanced English proficiency are served in a collaborative model wherein the ESOL teacher assists the regular classroom teachers with English instruction for ELs. EL students are exposed to all the same learning opportunities and activities as the entirety of the GLOBE student population, and will not, at any time, be excluded from any curricular or extracurricular activities because of the inability to speak or understand the language of instruction. GLOBE endeavors to provide services for EL students and printed materials for their families in their native language wherever possible. Interpreters will be made available at no cost to the students’ families for IEP or other meetings containing critical information.

GLOBE assesses its ESOL staffing needs often to ensure that all students are being served as student enrollment in the ESOL program increases. All teaching staff members participate in professional development that bolsters their understanding and application of frameworks used to facilitate language learning. GLOBE’s comprehensive ESOL program will continue to be fully compliant with all state and federal mandates at every step of the process, from identification and eligibility to servicing, and will partner with DCSD to ensure that compliance continues as students transition into, and out of, the school.

**EL Progress Monitoring and Exit Criteria**

The school monitors the progress of EL students through a variety of formal and informal assessments. The ESOL teacher collaborates closely with the general education teachers to ensure that instruction is aligned. All EL students are required to participate in standardized and periodic assessments, with appropriate accommodations and/or modifications as necessary. The ACCESS test is administered to all
EL students annually to determine progress in English learning, and the school follows district and state guidelines regarding exit criteria. All students receiving an Accountability CPL score of 5.0 or greater will be exited from the EL program.

**Continued Student Monitoring Post-Exit**
Students who have exited the EL program will continue to be monitored quarterly for academic success in the school curriculum. If data (MAP/Milestones scores, Lexile rankings, and/or classroom performance) reflect a need for further support, students will be serviced through the school’s Early Intervention/Remedial Education programs.

**10. Provide the number and percentage of students receiving In-School Suspensions, Out-of-School Suspensions, or Expulsions during the current charter term (e.g., the past 5 years). How does this discipline and dismissal data compare to the Office of Civil Rights data?**

The GLOBE Academy takes a positive approach to discipline that promotes teaching students to make good choices. This approach helps children develop the intrinsic decision-making skills that will keep them safe, happy, and successful in their life’s endeavors. We apply this approach through the following strategies and tactics:

- Constructing a positive, mutually supportive classroom culture
- Positive reinforcement of healthy class norms
- Specific and authentic encouragement
- Natural consequences to unacceptable behavior
- Individual discipline plans for those students who need a little more structure

GLOBE also follows the DeKalb County School’s Code of Conduct.

Figure 3 demonstrates the total number of ISS and OSS suspensions over the four-year period of 2017-2022. School year 2020-2021 was omitted as there were no disciplinary incidents during pandemic virtual schooling. Data suggest a decreasing trend in numbers of ISS and OSS suspensions over the four-year period, despite a growth in GLOBE’s enrollment. Closer analysis reveals that this decrease was most
pronounced in the elementary (K-3) levels, where annual suspensions were reduced from 48 in 2017-2018 to 3 in 2021-2022. There were no student expulsions at GLOBE across the period.

Figure 3: ISS and OSS at GLOBE by year, 2017-2022

Table 5 describes the total number of in-school suspensions (ISS), out-of-school suspensions (OSS), and expulsions at GLOBE from the 2017-2018 to the 2021-2022 school year (4 years total), by race/ethnicity. Each number provides the total number of students in each category by discipline type. The percentage indicates the percentage in the group of the disciplined population.

These data can be compared to county data, available from the Office of Civil Rights data. Comparisons suggest that while GLOBE discipline data may indicate some racial disparities in disciplinary action, these disparities are similar when compared to DCSD as a whole. For example, in 2017 Black/African American students comprised 61.9% of the total DCSD population, but accounted for 78.5% of in-school suspensions and 86.3% of out-of-school suspensions, and all (100%) of expulsions. Similarly, Black/African American students comprise 28% of the GLOBE student population and 42.0% of in-school and 44.7% of out-of-school suspensions.

These data reveal two key points: First, GLOBE has successfully reduced the overall number of suspensions, particularly at the K-3 level, over the period of our charter term. However, there remain racial disparities in the proportion of the disciplined population, with Black/African American students...
being somewhat overrepresented among the disciplined. To address this challenge, GLOBE intends 1) to implement a restorative practices approach to school discipline that will focus on resolving conflict, repairing harm, and healing relationships - both with disciplined students as well as across the school community as a whole, and 2) to explicitly focus on using culturally responsive approaches to student discipline that emphasize building positive relationships between students and teachers and the broader school community. These approaches are rooted in evidence that suggests culturally-tailored approaches coupled with alternative discipline approaches like restorative justice programs may help reduce racial disparities in school discipline (Welsh and Little, 2018). Some of this work has already begun - and we are also optimistic that we are on the right track: not only have disciplinary incidents decreased over time, a chi-square analysis of our 2021-2022 student disciplinary data suggests that the relationship between race/ethnicity and student discipline was not statistically significant $\chi^2 (4, N = 38) = 9.1, p > .05$). We hope to continue this trend over the next five years of our charter renewal.

11. Describe in detail how the charter school’s students, governing board, faculty, and staff reflect the sociodemographic diversity of the community served by the charter school. If the charter school does not reflect the community’s diversity in one or more of the areas listed above, provide a comprehensive plan to address this need for diversity. Included in such a plan could be, for example, the use of targeted recruitment or the use of a weighted lottery to provide an increased chance of admission for educationally disadvantaged students pursuant to O.C.G.A. § 20-2-2066(a)(1) and State Board Rule 160-4-9-.05(2)(g).

The school has carefully identified skill sets needed on the board and recruits members with those skills. The school’s governing board is currently comprised of eleven members and is 42% male/58% female, 8% Asian, 33% black, 42% white and 17% Hispanic, and skill sets include an attorney, and academic consultant and director, a health analyst, experienced facilities managers, three members with financial backgrounds, two members with development and marketing backgrounds, project management and strategic development backgrounds, and members with communication and marketing backgrounds. The school continues succession planning and board recruitment, with a vision and goal to reflect the socio
demographic diversity of the community it serves. Below, two charts can be seen showing the
demographics of GLOBE’s Board of Directors and GLOBE’s student population between 2017-2022.
The goal of having a diverse Board of Directors reflecting the sociodemographic diversity of the
community has been accomplished as seen in the chart below. Each year of the charter term, at least 50%
of GLOBE’s new governing board members will have experience serving the school's defined diverse
community or a community with similar socio-demographic diversity. In fact, GLOBE’s governing
board exceeds this goal by consistently mirroring the community.

The GLOBE Academy has attended the Teachers of Color Recruitment job fair since 2017. Additionally,
GLOBE ensures a diverse faculty population by attending GCSA job fairs & World Language job fairs
each year. We post all open positions on the GCSA job board, & GSU job board.

Starting in the first year of GLOBE’s previous charter term (students entering the 2019-2020 school year),
GLOBE implemented a targeted, weighted lottery to increase the proportion of students entering the
school who are economically disadvantaged, as defined by State Board Rule. With the formula below,
The GLOBE Academy

GLOBE has successfully increased the number of students who receive Free and Reduced Lunch up to 20% of the student body.

1. Describe in detail any difficulties faced during the charter term that were not already addressed above, how the school dealt with such difficulties, and if they remain an issue for the school. Also explain how the school plans to avoid these difficulties during the upcoming charter renewal term.

This past five-year term held many challenges not only for GLOBE but for education as a whole. We hope that we will not see another five years like this in education.

One of the challenges we have faced as a community has been our facilities. We did have some successes: first, we were able to purchase our Briarcliff Road Campus so that we now own and maintain a permanent home for our 4-8th grade school community. This building was renovated prior to entry and has served our community well. We also purchased adjacent properties to this campus to expand our footprint and capacity.
We are also grateful to be currently occupying the Heritage Building from DCSD, which houses our K-3 grades. As this school building has aged, we have encountered challenging maintenance needs that require long-term solutions. To address the long-term facilities needs at this campus, we have hired a vendor to work with us to develop and implement a master plan for our facilities. We would welcome conversations on how to partner in this effort, including accessing SPLOST funding to help support our facilities investments.

COVID-19 was the biggest challenge of all. We are very proud of our school and the decision we made 4 years prior to the pandemic to have our Upper Campus be 1:1 for technology. We along with the whole country had to turn on a dime to ensure we could continue to educate our students with quality instruction while maintaining a dual-language immersion environment. We have learned a great deal from this experience - and in particular how important it is to create a safe in-person learning environment for our dual-language immersion model while using technology and virtual learning when necessary.

The pandemic also forced us into difficulties with staffing, nurses, and HR. We had to change HR procedures for sick leave and remote working. We also had to navigate how to get subs in the building and keep our community safe. We were grateful for the relationship and partnership we were able to build with a team of epidemiologists from Emory and a team from the CDC, both of whom were very helpful as we constructed our plans to safely reopen the school through our board-appointed reopening committee. Moving forward, we will continue to consult external expertise to navigate potential future public health challenges to ensure a safe learning environment for our students.
If the answers given above to questions 1 - 9 reflect a change to any of the following, please provide the rationale for the change:

**FINANCIAL CHANGES:**
The school’s financial structure. - None

The school’s CFO. - None

The school’s relationship with any major creditors (e.g., landlords, investors etc.) our main banking partner, which owns the loan on our Upper Campus, was purchased by South State Bank. We continue to bank with South State Bank. We have no investors or other creditors.
LOOKING TO THE FUTURE

3. Briefly describe how the school has and will continue with its proposed changes to serve the needs of its students for the upcoming (renewed) charter term.

In a constructivist environment, GLOBE will continue to provide dual language immersion for grades K-5 and a language credit program focused on students in grades 6-8 to earn high school and/or AP credits.

Regarding proposed changes, the Board will develop a new five-year strategic plan to guide GLOBE through the next charter term. We anticipate that this strategic plan will have a similar focus to our prior plan, which focused on four pillars: academic excellence in instruction, organizational capacity building, facilities improvements, and diversity, equity, and inclusion. We highlight a few areas where we anticipate focusing our efforts:

1. We will continue to invest in our academic programs, and work to reduce areas of disparity among student subgroups. We have initiated work in this area in the coming academic year by investing in two new positions - one curriculum coach and one data coach - to provide additional support for students who may be struggling. Our Board will be reviewing our academic data to examine additional investments we can make to improve academic learning for all our students.

2. For the upcoming charter term, GLOBE Board of Directors has initiated a Facilities Master Planning Project led by a dedicated team of board and staff members to ensure it has a long-term home. This facilities plan will ensure that we have a permanent and safe environment for our students to learn and will also accommodate emerging needs for our academic programs.

3. GLOBE will also implement and monitor its committed plan to DEIAB - Diversity, Equity, Inclusion, Accessibility, and Belonging - and anticipate that this work will form a core part of our strategic plan. These five principles will help GLOBE nurture a better learning environment in which all community members feel respected and welcome.

We look forward to serving our students and our community for the duration of our next charter term.

The GLOBE Academy Conflict of Interest Policy

Article I
Purpose

The purpose of this conflict of interest policy is to protect The GLOBE Academy’s (Organization) interest when it contemplates entering into a transaction or arrangement that might benefit a private interest of an officer or director of the Organization or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II
Definitions

1. Interested Person
Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2. Financial Interest
A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:
   a. An ownership or investment interest in any entity with which the Organization has a transaction or contractual arrangement,
   b. A compensation arrangement with the Organization or with any entity or individual with which the Organization has a transaction or contractual arrangement, or
   c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or contractual arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.

A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III
Procedures

1. Duty to Disclose
In connection with any actual or possible conflict of interest, an interested person must proactively and of one’s own accord disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.
2. Determining Whether a Conflict of Interest Exists
After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest
a. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.

b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

c. After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.

d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy
a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Article IV
Records of Proceedings
The minutes of the governing board and all committees with board delegated powers shall contain:

a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.

b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Article V
Compensation

a. A voting member of the governing board who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member’s compensation.
b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member’s compensation.
c. No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Article VI

Annual Statements

Each director, principal officer and member of a committee with governing board-delegated powers shall annually sign a statement which affirms such person:

a. Has received a copy or been instructed to look an accessible electronic copy of the conflicts of interest policy,
b. Has read and understands the policy,
c. Has agreed to comply with the policy, and
d. Understands the Organization is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

Article VII

Periodic Reviews

To ensure the Organization operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm’s length bargaining.
b. Whether partnerships, joint ventures, and arrangements with management organizations conform to the Organization’s written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.

Article VIII

Use of Outside Experts

When conducting the periodic reviews as provided for in Article VII, the Organization may, but need not, use outside advisers. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

8. Attach a copy of any admissions (pre-lottery) application the charter school proposes to use. Pursuant to O.C.G.A. § 20-2-2066 and SBOE Rule 160-4-9-.05, any admissions application must conform to the open enrollment requirement. Therefore, admissions applications should be limited to a student’s name, contact information, home address for the purpose of verifying the student’s residence within the school’s attendance zone, grade level, and information required for any enrollment preference, such as identifying a sibling already enrolled at the charter school. If the charter school proposes to utilize a weighted lottery for educationally disadvantaged students, the admissions application may also include questions tailored to the subgroup(s) the school will offer an increased chance of admission according to the weighted lottery guidance available on GaDOE’s website.

The GLOBE Academy Lottery Process, Policy, and Procedures

**Lottery Date:** Last Friday in February at Noon

**Table of Contents**
- Policy Procedures
  - Open Enrollment
  - Post Open Enrollment
  - Lottery Day
  - Preferences
  - Notification of Accepted Students
  - Enrollment of Accepted Students

**Enrollment Policy**
The GLOBE Academy will accept applications for kindergarten through sixth grade. In accordance with guidelines set forth by the Georgia Department of Education (SBOE Rule 160-4-9-.05), 2nd - 5th grade applicants must meet proficiency standards in Spanish, French, or Mandarin Chinese (simplified) through the STAMP language assessment (see below).

If the number of timely applicants received by The GLOBE Academy exceeds the capacity of a program, class, grade level or building, The GLOBE Academy shall ensure that such applicants have an equal chance of being admitted through a random-selection lottery. To participate in the lottery, a student’s application must be received during the Open Enrollment period and prior to the enrollment application deadline as established by the school’s Board. See lottery dates by clicking here. The lottery will take place the last Friday in February at noon. An unbiased third party will witness and certify the validity of the lottery.

The attendance zone for eligible applicants is any residence within the DeKalb County School District as determined by DeKalb County School District (DCSD). Class size is at the discretion of the Executive Director, with Board approval, as long as within legal limits.

**PROCEDURES**

Open Enrollment
During Open Enrollment parents may apply online via The GLOBE Academy website at [www.theglobeacademy.org/apply](http://www.theglobeacademy.org/apply). Students applying for 2nd - 5th grade must complete STAMP language assessment for enrollment.
Contact Meg Brown at [megan.brown@theglobeacademy.net](mailto:megan.brown@theglobeacademy.net) for more information and to schedule the assessment.

**Post Open Enrollment and Waiting List**
Upon closing of each Open Enrollment period, if the number of qualified applications from applicants exceeds the number of available seats for any or all grade levels, a random selection (Lottery) will be conducted.

While the lottery is actively running, application preference groups will pull enrolled or accepted sibling names to the top of lists. Sibling preference applies only when the sibling is placed on the acceptance list, as opposed to placement on a waiting list. Student preference siblings will be moved up the waiting list based on their original order, bypassing singletons.

Applications received after the Open Enrollment period will be placed at the end of the waiting list after the lottery has concluded, in the order in which they were received. If a class is not at capacity at the end of the lottery, additional students will be added as qualified applications are received, in the order they are received. The STAMP assessment will continue to be offered throughout the spring and summer to 2nd-5th grade applicants to determine eligibility. If additional seats become available after the Lottery, they will be filled from the applicants, in order, on the waiting list.

Sibling preference will be applied to the waiting list only at the time of the lottery. The waiting list order will not be adjusted after the time of the lottery, even if one sibling gets accepted off the waiting list. Applications are only valid for one year. New applications for the following year will need to be submitted for the next year’s consideration. The waiting list does not carry over from year to year.

PREFERENCES
Pursuant to O.C.G.A. 20-2-2066, and The GLOBE Academy policies, enrollment preferences will be given in the following order to: 1) students with a parent or guardian who is a member of the governing board or is a full-time teacher, professional, or other employee of The GLOBE Academy and 2) siblings of students enrolled in the school.

Sibling Preference
By definition, a sibling is a:
1. Biological (including ½ sibling)/adoptive sibling residing within the GLOBE attendance zone.
2. Step-siblings residing in the same household.
3. Foster children residing within the same household.
Sibling notes: Step-siblings living in different households are not considered for sibling preference. An applicant must have a currently enrolled sibling at GLOBE at the time of the lottery. A sibling of an alumnus of the school does not qualify as a sibling for entrance preference. Further, sibling preferences are only applicable for students who are eligible to enroll based on age.

Same-grade siblings (ex: twin or multiples) will be treated as multiple applicants. When one applicant unit is drawn in the lottery, the same-grade sibling(s) will be numerically ordered on
the waiting list or conditionally accepted, dependent upon where in the lottery that applicant unit was drawn.

Students with a parent or guardian who is a member of the governing board or is a full-time teacher, professional, or other employee of The GLOBE Academy and siblings of current students must submit an application to the school during the open enrollment period to be considered for admission.

Additionally, beginning with the first year of GLOBE’s charter renewal (selecting students for the 2019-20 academic year), the school’s lottery will also include the option for a weighted lottery to provide an increased chance of admission to students who are economically disadvantaged, as defined by State Board Rule. The goal of this policy is to increase GLOBE’s percentage of newly enrolled students who are economically disadvantaged by 20% (4% during each year of the charter term) or until GLOBE’s total percentage of economically disadvantaged students is within 10% of the DeKalb County School District average.

To facilitate the weighted lottery, applicants can indicate their “economically disadvantaged” status on the admissions application and such status will be verified as part of the registration process, which shall include a sworn statement by the parent/guardian confirming accuracy. The weight for economically disadvantaged students shall be calculated annually as follows using Kindergarten as an example:

1. Identify the % of Kindergarten students for the current school year who are eligible for Free or Reduced Price Lunch (F/RL).
2. Identify the goal % of F/RL students for the upcoming school year by adding .04 to the current year’s percentage.
3. Identify the number of open spots available in Kindergarten for the upcoming lottery.
4. Multiply the number of available spots by the F/RL percentage identified above to determine the number of new F/RL students needed to meet the F/RL goal.
5. Identify the number of preference students in the upcoming lottery who will be given priority and who also qualify for F/RL.
6. Take next year’s goal number of new students and subtract the F/RL preference from “new admissions needed” to indicate the number of new F/RL lunch students needed to meet the goal. (N)
7. Identify the number of spots available in the upcoming lottery, after preferences. (S)
8. Calculate the total number of applications received that are non-preference. (A)
9. Within A, calculate the number of applications identified as F/RL. (E)
10. Calculate the percent of F/RL students that needs to be pulled from the available slots after preferences (N/S) (P)
11. Determine the percentage of F/RL non-preference applications that need to be pulled to meet the goal.

\[
\begin{align*}
P &= \text{Percentage of F/RL applications needed to be pulled} \\
W &= \text{Weight for Upcoming Lottery} \\
W &= \frac{P(1-F)}{F(1-P)}
\end{align*}
\]
The GLOBE Academy

* Weight will applied across all grade levels with openings.

**Formula Summary**

- \( N \) = New F/RL lunch students needed
- \( S \) = Spots available after preferences
- \( A \) = Number of non-preference applications
- \( F \) = Number of non-preference F/RL applications
- \( P \) = Percent F/RL needed to be pulled to meet goal
- \( W \) = F/RL weight

**Example**

1. Current year Kindergarten % F/RL = .10
2. F/RL Goal for Upcoming year = .14
3. Number of open Kindergarten spots for upcoming year = 144
4. Number of spots times goal = 144 * .14 = 20
5. Siblings who qualify for F/RL = 8
6. New F/RL needed = 20 - 8 = 12
7. Spots after preference = 100
8. Total non-preference applications = 200
9. F/RL applications within A = 20
10. % Pulled needed to meet goal \((N/S) \times 12/100 = 12%\)  
    \( P \)
11. Solve for \( W \) to determine Weight

\[
W = \frac{P \times (A - F)}{F \times (1 - P)}
\]

\[
W = \frac{.12 \times (200 - 20)}{20 \times (1 - .12)}
\]

\[
W = 1.23
\]

**2nd - 5th Grade Enrollment Policies**

In accordance with guidelines set forth by the Georgia Department of Education (SBOE Rule 160-4-9-.05), The GLOBE Academy can accept students for enrollment in 2nd through 5th grade who meet proficiency standards in Spanish, French, or Mandarin Chinese (simplified) through the STAMP language assessment.

The following STAMP proficiency scores are required for grade level application:
<table>
<thead>
<tr>
<th>Grade Applied For</th>
<th>STAMP Score Required (Listening, Speaking, Reading, Writing)</th>
</tr>
</thead>
<tbody>
<tr>
<td>2nd Grade</td>
<td>2 or above in Listening and 2 or above in one other section</td>
</tr>
<tr>
<td>3rd Grade</td>
<td>2 or above in 3 out of the 4 sections</td>
</tr>
<tr>
<td>4th Grade</td>
<td>3 or above in 3 out of the 4 sections</td>
</tr>
<tr>
<td>5th Grade</td>
<td>4 or above in 3 out of the 4 sections</td>
</tr>
</tbody>
</table>

Please contact Meg Brown, Admissions Director, at megan.brown@theglobeacademy.net or (404) 464-7040 to schedule an assessment date and time.

Results of the STAMP assessment are final and the assessment cannot be repeated for the current school year’s application.

If the number of timely applicants received by The GLOBE Academy exceeds the capacity of a program, class, grade level or building, The GLOBE Academy shall ensure that such applicants have an equal chance of being admitted through a random-selection lottery. To be considered for enrollment, students applying for 2nd-5th grade must complete STAMP assessment. After the lottery, open seats will be filled by qualified applicants in the order they are received.

NOTIFICATION PROCESS
Parents/Guardians will be notified of acceptance by email immediately following the lottery. Lottery results will be posted on The GLOBE Academy website within 24 business hours of the lottery.

ENROLLMENT PROCESS
Each parent/guardian of each student who has received a winning lottery number will receive notice of the winning drawing and an offer of acceptance. Parents/guardians will then have until 4:00 PM on the 14th day from the date of sending such notice and offer of acceptance in which to either accept or decline the offer. The applicant will have until 3:00 PM on the 21st calendar day beginning on the day following an offer acceptance to return all completed registration materials. Failure to submit the enrollment forms and documents by the deadline may result in the student’s spot being forfeited and given to the next student on the waiting list. All requested documents are required as per DeKalb County Schools Student Registration requirements. If
The GLOBE Academy

the student is found to be ineligible for enrollment due to age or if the student resides outside the DeKalb County School District attendance zone, the student’s spot will be forfeited. If any preference (sibling status, governing board or employee child, low-income statue) given to a student at the lottery cannot be verified at the time of enrollment, the student’s spot will be forfeited and the student will be moved to the end of the waiting list.

At the time of enrollment, the parent/guardian must submit the following:
1. Completed enrollment forms
2. Original or state-certified birth certificate or other acceptable age verification document as defined by DeKalb County Schools Student Registration Policy. A photocopy will be made and the original document will be returned to the parent.
3. Parent/guardian photo identification - Parent identification will be verified with the birth certificate. Proof of custody or guardianship will be required if not the birth parent.
4. Social Security Card or Social Security Card waiver. A photocopy will be made and the card will be returned to the parent.
5. Proof of Residency

Documentation proving residency within the DeKalb County School District attendance zone are required. Proof of residency may be established with the following documents:
   - Current mortgage statement
   - Current utility bill (Gas, water, or electric only. We cannot accept phone or cable bills.)
   - In the case of a Lease, provide the following:
     o (i) Current lease
     o (ii) Current utility bill – gas, water or electric ONLY

Residency notes: Residency in the DeKalb County School District must be established as of the enrollment deadline and proper proof of residency must be submitted with enrollment paperwork. Residency must be with the primary or shared custodial parent(s) or legal guardian(s) -- not other relatives or friends. Residence must be student’s primary home, not a rental property, place of business, etc. The residency document must show the name and service address of the parent/guardian. Ownership of property/land with stated intent to build and use as primary residence is insufficient. Parents or guardians who live in a residence but do not own or lease the residence will be required to complete a notarized Affidavit of Residence. The parent/guardian and the adult owner/lessee of the residence will both be required to complete the form, attesting that the person does indeed reside there. The parent/guardian will also need to provide evidence that they do live at the specified residence, as detailed on the affidavit. The parent/guardian and the adult owner/lessee of the residence must both present the Affidavit of Residence at the time of enrollment.

6. Certificate of Nutritional Screening and Eye, Ear, and Dental Examination (GA form 3300 – GA-DHR)
7. Certificate of Immunization (GA form 3231 – GA-DHR) or DPH affidavit of religious conflict
8. Sixth grade students must submit withdrawal paperwork from their previous school or a final 5th grade report card showing successful completion of 5th grade by July 15.

9. Proof of economically disadvantaged status for qualifying applicants. Failure to provide such documents will result in the student’s spot will be forfeited and the student will be moved to the end of the waiting list.

All forms and documents must be submitted together at one time (except health/immunization forms and withdrawal paperwork for sixth grade which may have separate deadlines). No incomplete enrollment packages will be accepted.

Enrollment of Returning Students
The GLOBE Academy will publicize and announce enrollment procedures to the entire DCSD attendance zone, and each January will pre-enroll returning students. Any such student shall be permitted to be enrolled provided that: 1) the student meets age and residency requirements and his/her grade level is offered and 2) the student’s re-enrollment form has been completed by the second Friday in February. The GLOBE Academy may reserve up to 2 (two) spots in the kindergarten class for children of full-time teachers, professionals or other employees of The GLOBE Academy. If these spots are not needed, any open spots will be offered to the first applicant(s) on the waiting list. The child of a governing board member or full-time employee of The GLOBE Academy may also be placed as “the 25th child” in first or sixth grade at the discretion of the Executive Director. Residency requirements do not apply to children of full-time employees of The GLOBE Academy.

12. Attach a copy of the charter school’s Student Code of Conduct.

The GLOBE Academy staff takes a positive approach to discipline that promotes teaching students to make good choices. This approach helps children develop the intrinsic decision-making skills that will keep them safe, happy, and successful in their life’s endeavors.

GLOBE applies this approach through the following strategies and tactics:
- Constructing a positive, mutually supportive classroom culture
- Positive reinforcement of healthy class norms
- Specific and authentic encouragement
- Natural consequences to unacceptable behavior
- Individual discipline plans for those students who need a little more structure

GLOBE also follows the DeKalb County School’s Code of Conduct.

Board of Directors

GLOBE’s Board of Directors is charged with the management of The GLOBE Academy and must pursue such policies and principles in accordance with law, the provisions of the Articles of Incorporation, GLOBE Bylaws, and any written charter entered into by the Board.

As trustees of public funds, the Board of Directors is responsible for ensuring the school’s long-term financial stability and integrity of the charter. The board sets the strategic plan and is responsible for overseeing the effective, faithful execution of the school’s mission. In order to fulfill these obligations, board members pledge to contribute needed resources and talents.

Please visit theglobeacademy.org/board-of-directors for more specific information regarding the duties and obligations of the Board of Directors, as well as a list of current members.

Charter Information

Georgia law grants groups the right (or “charter”) to start new public schools that report to the local school district and to their own independent governing boards. By freeing charter schools from many of the constraints of traditional public schools, charter school law in Georgia intends for charter schools to “increase student achievement through academic and organizational innovation.” Charter schools are public schools funded through state and local sources.

The current GLOBE charter agreement runs from July 2018 through June 2024. Please visit our website to view the complete charter agreement.

Calendar

The GLOBE Academy follows the DeKalb County School District calendar, with a few exceptions. Please refer to our website for changes or updates in the school calendar.

Communication
The most critical way parents and families can and should be involved in their students’ school experience is through staying informed about school activities. Please read all correspondence sent from the school, whether via the student, through the mail, or electronically.

Newsletters
Each week, a newsletter with important news and information is sent via email to the entire school community; it is also posted on the school’s parent portal at theglobeacademy.org. Please subscribe to the newsletter here.

Parents will also receive weekly classroom newsletters from each of their child(ren)’s teachers.

Text Reminders
Please join Remind, a texting service for critical reminders and emergencies. To join, simply end a text message to 81010 with the message "@globers".

Contact Information
For staff contact information, visit theglobeacademy.org/staff. Please note it may take up to 24 hours to receive a response from individual staff members. If the matter is urgent, please call the front office or email lcfrontoffice@theglobeacademy.net or ucfrontoffice@theglobeacademy.net.

Telephone Use
Students may only use the school phones in case of an emergency and only with permission of faculty and staff. Parents/guardians should not call school during the day with messages for students unless it is an emergency.

Drop-off and Pick-up
Please follow the following procedures in order to help drop-off and pick-up run safely and efficiently.

Neighborhood Courtesy
Please respect GLOBE’s neighbors in the community by obeying all speed and parking regulations and by not blocking driveways or mailboxes.

**Morning Drop-Off: Lower Campus**

Morning drop-off at Lower Campus (LC) occurs from 7:30 a.m. to 8:10 a.m. at the main entrance.

For morning drop-off, please do not use Heritage Drive from the Briarcliff side (east of GLOBE). Instead, approach the school as follows:

- From south of GLOBE, use Fisher Trail/Meadowvale Drive, which becomes Heritage Drive.
- From north of GLOBE, use Briarwillow or Oakawana to Heritage Drive.

Drop-off will close promptly at 8:10 a.m. After that time, parents must enter the school to sign students in at the office as tardy. See Attendance section for more information.

© The GLOBE Academy July 2022

**Morning Drop-Off: Upper Campus**
Morning drop-off for Upper Campus (UC) occurs from 7:30 a.m. to 8:00 a.m. at the gym entrance.

- Enter the lot at either the middle or far right driveway.
- Turn to the RIGHT to go around the parking lot and then along the back of the building.
- Pull forward to the sidewalk by the gym door.
- Turn RIGHT to exit the driveway and turn RIGHT on Briarcliff Road. No LEFT turns are permitted onto Briarcliff.

Drop-off will close promptly at 8:00 a.m. After that time, parents must enter the school to sign students in at the office as tardy. See Attendance section for more information.

Pick-Up Protocols

- At Lower Campus, pick-up time is from 2:40–3:10 p.m. At Upper Campus, pick-up time is from
3:15–3:35 p.m.

- If a child is being picked up before normal school dismissal, they must be picked up before 2:10 p.m. at Lower Campus and before 2:45 p.m. at Upper Campus; after this time, parents are asked to wait until normal dismissal time to pick children up.

- All GLOBE families (walkers, drivers, Extended Care Program, and Enrichment) will be assigned a pick-up number and a zone. They will also be issued a formal GLOBE Car Tag, which must be presented at pick-up, regardless of whether the child is a walker, takes a bus, leaves by car, or stays after school for Enrichment.

- If caretaker/family/bus does not have a GLOBE Car Tag, they will be required to park and enter the main office to show identification. If the person’s name is listed as being allowed to pick up the child, a sticker will be issued to show the staff that the student can be released.

- If the child is riding home with another family on a given day, their parent must notify the front office and the child's teacher by 2 p.m. that day. The family picking up the child must have the child's pick-up number. (Note: A GLOBE Car Tag is not required for a one-time pick-up, as long as written permission has been provided.)

- If the child is not staying for ECP/Enrichment on a particular day and will be dismissed to their assigned zone, parents must email their teacher and the front office by 2 p.m. that day. Should a parent/guardian forget to do this by 2 p.m., they must park their car and come to the front office to be cleared for pick-up.

For safety’s sake, it is critical that parents report any variation from a student’s normal pick-up routine to the front office and the student’s teacher. Written permission from the parent/guardian must be provided if a student is to leave school with anyone who is not the student’s parent or legal guardian; picture identification may be required for verification before the student is released.

**ECP/Enrichment Pick-Up**

Parents must present their official GLOBE Academy Car Tag to pick up their child(ren) from Extended Care or Enrichment.
Parking Protocols for Lower Campus – AM & PM

There is NO PARKING in the following locations:

• On Heritage Drive, Briarwillow Drive, or Flagpole Roundabout from 2:00 p.m. to 3:10 p.m.
• Directly in front of the school on Heritage Drive
• In fire lanes in the main parking lot
• In “No Parking” zones
• In front of driveways
• Blocking mailboxes

If a parent/guardian is parking their car and walking to drop off or pick up their child, parking is permitted along Fisher Trail or anywhere beginning at the corner of Sundown Drive and Meadowvale Drive in the direction of Fisher Trail.

Lower Campus Pick-Up Zones

For Zone A (Blue) — that is, all carpools with a kindergartener — pick-up takes places at the main entrance.
• Everyone must enter and exit via Heritage Drive.
• Turn right into the main entrance parking lot, and exit by turning left onto Heritage Drive. • Wait at the entrance to the main parking lot until cued by staff to move into the parking lot. • Zone A (Blue) walkers will pick up their child(ren) at the lower set of side doors on Heritage Drive.

For Zone B (Green) — that is, all carpools without kindergarteners — pick-up takes place at the flagpole lot.
• Everyone must enter and exit from the direction of the park. Enter by turning left into the flagpole parking lot; exit by turning right in the direction of the park.
• Wait at the corner of Heritage and Briarwillow until cued by staff to move.
• Zone B (Green) walkers will pick up their child(ren) at the lower set of side doors on Heritage Drive.

Upper Campus Pick-Up Zone

• Enter the lot at the middle driveway.
• Turn right to go around the parking lot.
• Pay attention to cones and to staff members, who will line up the cars in the main lot.
• The carpool line will form in single file at the gym entrance.
• At 3:15 p.m., the carpool line will proceed around the back of the building.
• Once loaded, cars will be dismissed to exit in groups of six.
• Parents should remain in line until their car is dismissed.
• Due to the large number of students at Upper Campus, GLOBE requests that all car riders be dismissed
through the carpool line. There is not space in the parking lot for parents to “park and walk.” • Walkers are dismissed from the double doors by the auditorium at 3:15 p.m. and walked to the crosswalk at Briarcliff and Shallowford. Parents who want their children to walk must complete a walking release form each school year.

Visitors

The following is our normal visiting policy, but please see additional COVID guidance until further notice.

• At both campuses, all visitors and parents must enter through the main doors and are required to sign in at the school front office and wear a visitor’s tag, which must be worn while on school grounds.
• Parents are welcome to come and eat lunch with their child. However, parents and other visitors may not visit the classroom without an appointment or a volunteer task.
• If you need to speak to a teacher or Head of School regarding your child, please email or send a note to the teacher, or call or email the front office, asking for a conference.
• Parents may escort children to the classroom on the first day of school only.

Pets

Animals are not permitted anywhere on either campus unless they are certified service animals.

Parent/Teacher Conferences

Conferences take place following the distribution of progress reports in October and March and provide an opportunity to discuss students’ progress.

All elementary school parents are asked to have a conference during the first semester. During the second semester, parents will be contacted to schedule a conference if their student is not meeting standards or if there are other issues to address. Therefore, not all parents will be invited to have a March conference.

Middle school parents will have the opportunity to sign up for fall conferences, but time slots will be prioritized for students in high need. All parents may request a conference with their child’s teacher at any time by contacting the teacher via email or phone.

Inclement Weather

When severe weather creates hazardous conditions, the regular school schedule may be suspended to ensure the safety of students and staff.

If a potentially hazardous event occurs prior to the beginning of the school day, parents are asked to listen to radio or television broadcasts or to check the Internet (local news networks, school webpage, social media, etc.) for further information. GLOBE follows DeKalb County decisions on weather emergencies. If emergency early dismissal is necessary, the school will contact parents with dismissal instructions.

Weather notifications will be delivered via Remind, GLOBE’s text message notification service. To enroll, simply text @globers to 81010.

Illness, Injury, Health, and Wellness

Please see COVID protocols and communications until further notice.
Sick Policy

When a child becomes ill at school, GLOBE contacts the parents immediately so that the child can be picked up within one hour. This ensures prompt medical attention when necessary and minimizes the spread of infection and communicable diseases. If the illness is contagious, per health department guidelines, a doctor's note is required before the student is allowed to return to school.

Please keep contact information updated on school records to include current phone numbers for home, work, cell, and a nearby friend or relative. The child may return to school 24 hours after their symptoms have subsided without the use of fever-reducing medication.

To prevent the spread of illness, please keep children at home if any of the following symptoms are present:

• Fever – 100.4°F or greater.
• Vomiting – two or more occasions within the past 24 hours.
• Diarrhea – three or more watery stools, or any bloody stool, within the past 24 hours. • Cough persistent, productive cough Rashes – especially with fever or itching.
• Eye discharge or conjunctivitis (pink eye) – eye is not clear or 24 hours has not passed since antibiotic treatment began.
• Change in behavior – child expresses not feeling well and/or is not able to keep up with program activities.
• Head Lice – Live bugs are present and/or head has not yet been treated (chemically or manual extraction)

Immunizations

The GLOBE Academy follows DeKalb County requirements for childhood vaccinations.

Georgia law requires children attending daycare or school to be protected from certain vaccine preventable diseases. The DeKalb County Board of Health offers vaccines to protect children and prepare them for school at clinics throughout the county.

Georgia law states that parents who move to Georgia from another state and enroll their child in a Georgia school for the first time must provide the child’s daycare center or school with a Certificate of Immunization (Form #3231) within 30 days of enrollment. This certificate verifies that the child has received the immunizations recommended for his/her age. Parents can obtain this certificate from the child’s private physician or the DeKalb County Board of Health. Parents should bring a complete record of the child’s immunizations in order to complete the certificate. For more details, call the DeKalb County Board of Health immunization information line at (404) 294-3762 or call a local health center.

Hearing and Vision Screening
Periodically during the school year, students’ hearing and vision will be tested by qualified professionals. If any screening indicates that further diagnosis is needed, parents/guardians will be advised immediately.

Medications at School

To ensure the health and safety of children requiring any medication during the school day, the following procedures must be followed:

- Physician’s Request for Administration of Medication Form must be signed by the child’s physician and parent/guardian. This form is necessary for all medications including over the counter and prescription. The medication form should be taken to the child’s licensed prescriber (doctor, nurse practitioner) for completion and returned to the school nurse. This order must be renewed as needed and at the beginning of each academic year.
- All medication must be brought to school by an adult in a pharmacy or manufacturer labeled container that is properly labeled with the child’s name. No student may carry either prescription or over-the-counter medication, including inhalers and EpiPens, at school without the permission of the GLOBE nurse/administration.
- Self-administration of inhalers and EpiPens are allowed when approved by the student’s physician, parent(s)/guardian(s), and GLOBE office staff/nurse.

Life-Threatening Allergies

The parents of any student with a life-threatening allergy should inform the school nurse or administration of the child’s allergies prior to the opening of school (or as soon as possible after a diagnosis). At that time, the parents must meet with the school nurse or administration to develop an Allergy Action Plan/Individual Health Care Plan for the student; the parents will also be asked to provide medical information from the child’s treating physician to help formulate that plan.

The Allergy Action Plan/Individual Health Care Plan will be reviewed by the school nurse or administration, the student’s parent(s)/guardian(s), and the student’s primary care provider and/or allergist. It will be signed off on by the child’s physician, indicating that they deem it to be adequate. Multiple copies of the Allergy Action Plan/Individual Health Care Plan will be kept readily available at the school, including in the clinic, in the main office, in the student’s homeroom, and in the homeroom teacher’s emergency binder/backpack.

EpiPens will be available in the nurse’s office, and those prescribed for individual students will be kept in that child’s homeroom emergency backpack or, with permission, carried by the child at all times.

Staff will be trained to identify and respond to reactions from life-threatening allergies, including the use of EpiPens. Any staff involved with students who have life-threatening allergies will be informed of the allergies by the parents and provided information from the Allergy Action Plans. These staff will take steps to ensure that their classrooms and instructional areas are as allergen-free as possible.

During lunch, GLOBE will encourage “no food trading” and “no utensil sharing” to minimize accidental exposure to allergens.
In addition, parents should do the following:
• Provide the school nurse with sufficient up-to-date emergency medications (including EpiPens), so they can be placed in all required locations for the school year.
• Complete and submit all required medication forms.
• Provide a Medic ALERT ID for their child.
• Notify the school nurse of upcoming field trips as soon as possible, and provide EpiPens to be taken on field trips.
• Encourage their child to wash hands before and after handling food.
• Teach their child to recognize the first symptoms of an allergic/anaphylactic reaction and to, as soon as they feel a reaction starting, communicate it clearly with a staff member.
• Encourage their child not to share snacks, lunches, or drinks.
• Encourage their child to take as much responsibility as possible for their own safety. • Help their child understand the seriousness of allergies and the potential consequences of children with allergies by being exposed to allergens.

While GLOBE cannot guarantee an allergen-free environment or prevent harm during an emergency, GLOBE works diligently to minimize the risk of exposure to food allergens, educate the community of the seriousness of the matter, and maintain school-wide protocols for handling emergencies.

Comprehensive school-wide efforts are designed to prevent any occurrence of life-threatening allergic reactions, prepare for any such allergic reactions, and respond appropriately to any allergy emergencies that arise.

**Nut-Free School Policy**

GLOBE is committed to offering safe educational environments for all students, including those with life-threatening food allergies. Because many students have life-threatening anaphylactic allergies to peanuts and tree nuts, nuts are not permitted at school.

Students who have documented anaphylactic reactions to peanut butter and other nut-related products can react not only by ingestion but also by contact with nuts. This means that just by touching a small amount of peanut or tree nuts, these children could suffer a severe or life-threatening anaphylactic reaction, possibly leading to death. It is incumbent upon the whole GLOBE community to help minimize such risks.

Additional guidelines are as follows:
• No peanut butter or products containing peanuts or tree nuts will be permitted at GLOBE during school, at before- and after-school functions, or on field trips.
• If a food containing peanut butter or nuts is brought in, the food will be Ziploc bagged, labeled with a reminder, and sent home with the child at the end of the day to enjoy outside of school. • All food offered at school activities (including extended care and enrichment) will not contain nuts. • Teachers will not be doing any classroom projects that involve nuts or nut shells.
Food in the Classroom

Food can be an important part of the curriculum for learning about other cultures, the environment, and healthy lifestyles. If teachers include food as part of a lesson (e.g., planting vegetables and herbs in the school garden and then sampling the produce), they will work to avoid known food allergens and will notify all parents of the lesson at least one week in advance.

Birthday Parties
Teachers are encouraged to recognize student birthdays in a creative manner that is meaningful to the child but does not infringe upon instructional time. Parents may not send sugary snacks like cupcakes to school for birthday celebrations. Some teachers allow parents to bring in a healthy group snack, like fruit; other teachers, because of food allergies, request non-food celebrations, like a piñata (with inedible prizes only), a special book, a favorite song, etc. Parents must work with the teacher ahead of time to discuss what the parent would like to bring and to get the teacher’s approval.

School-wide Celebrations
The GLOBE Academy hosts many school-wide celebrations involving food on evenings and weekends (summer picnic, fall festival, family potluck, etc.). Both campuses continue to be nut-free campuses during these events, so please do not bring food containing peanuts or tree nuts.

Healthy Snacks
Students are encouraged to bring healthy, non-sugary snacks with them to school daily to eat during times designated by the teacher. Because sugary snacks have been proven to negatively affect children’s attention, mood, and ability to focus, GLOBE does not allow children to bring such snacks to school. Please see the student’s teacher for more specific guidelines.
Safety

Security and Emergency Procedures

During the school day, at both campuses, one front door will be the sole entrance for students and families. Visitors will need to ring the security buzzer to enter the school. All visitors must sign in and out.

Emergency exits have been identified for each room. Maps indicating these exits will be posted in the rooms. Regular emergency drills—including fire, tornado, and lockdown drills—will take place during the year at both campuses.

All areas of GLOBE campuses are on an intercom system. Teachers are issued walkie-talkies for daily dismissal and emergencies.

Searches by School Personnel

In accordance with state and federal law, should a school staff member have reasonable suspicion that a crime or violation of school rules has occurred, the school staff member has the authority to conduct an appropriate search.

Reasonable suspicion is defined to mean that the person initiating the search has a well-founded suspicion—based on objective facts that can be articulated—of either criminal activity or a violation of school rules. Reasonable suspicion is more than a mere hunch or supposition.

If reasonable suspicion exists, and if the school staff can justify the search at its inception, a reasonable search can be conducted to prove or disprove the stated suspicion.

Student lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material that violates school rules, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy. In addition, the school authorizes the use of trained dogs to sniff lockers or other school property to assist in the detection of the presence of drugs, explosives, and other contraband. The school does not need reasonable suspicion to utilize drug sniffing dogs.

Students or student property may be searched based on reasonable suspicion of a violation of school rules, policy, or state law. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, preferably both the individual conducting the search and the witness will be of the same gender as the student. Students may be asked to empty pockets, remove jackets, coats, shoes, and other articles of exterior clothing for examination if reasonable under the circumstances. No employee shall perform a strip search of any student.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be
Fundraising

Throughout the year, GLOBE conducts fundraising efforts to supplement the funding we receive from the state and county. Such fundraising efforts also allow GLOBE to maintain GLOBE facilities and deliver an exceptional educational experience for all students.

Fundraising opportunities take place throughout the school year and are led by the Board of Directors’ Development Committee and the PTCC, with a goal that 100% of families will contribute. What GLOBE asks is that families give what they can, with the understanding that their child’s education is the best investment they will make.

Visit the fundraising section of GLOBE’s website for the various ways families can give to GLOBE.

Parent Teacher Community Council (PTCC)

The PTCC’s vision is to be an engaged community that supports the learning environment and unique culture of GLOBE. Participation in the PTCC is open to any parent/guardian with children attending GLOBE, GLOBE faculty and staff, and members of the greater community who are supportive of the vision and mission of The GLOBE Academy. All are welcome and encouraged to get involved.

The PTCC is supported by a non-for-profit foundation and as such is entrusted with fundraising and event responsibilities on behalf of GLOBE. The PTCC leadership team consists of four officers (two co-chairs, a secretary, and a treasurer), two representatives of each of the five Parent Action Committees (PACs), two teacher representatives, and two community stakeholders appointed by the Head of School. The PTCC is empowered to raise and spend raised funds for sustaining and improving GLOBE. The PTCC provides resources for improvements to The GLOBE Academy including but not limited to, faculty, facilities, technology, teacher, and program improvements.

The PTCC aggregates reports of the activities and plans of each PAC and reports them to the Governing Board for appropriate evaluation and action. The PTCC is not empowered to enter The GLOBE Academy into contracts of any kind, represent GLOBE in any official communications through any media format, or make any substantive change to any school activity governed by the school's charter. Please see the PTCC section of GLOBE's website for more information.

PAC (Parent Action Committees)
PACs are workgroups of the Parent Teacher Community Council (PTCC). PACs are narrowly focused groups of parents charged with tackling specific challenges or planning specific aspects of GLOBE growth and development. PACs meet regularly and are open for any parent to join. PACs are dynamic and subject to change in response to changing conditions. Please consult the PTCC section of GLOBE’s website for more information on joining a PAC.

Volunteers

Research has shown that children who see their parents and guardians engaged in their school perform better in school. Family involvement, therefore, is a critical element of the GLOBE experience.

Participation at every level is welcome, but each family at GLOBE is requested to perform a minimum of 10 volunteer hours per year. This includes, but is not limited to, helping the teacher with class projects, chaperoning field trips, volunteering at school events, helping at school grounds workdays, serving on PTCC planning committees, and more. Many volunteer opportunities can be done from home, in the evenings, or on weekends.

After you volunteer, please log your hours at theglobeacademy.org/volunteer. Families will receive an updated volunteer hours report at the end of each semester. Grandparents, nannies, etc. are welcome to participate and will count towards the family’s 10 volunteer hours.

Grievances and Complaints

When any member of The GLOBE Academy community has a complaint or grievance, the Grievance and Complaint Policy and Procedures are to be followed in order to best resolve the conflict. The GLOBE community includes but is not limited to students, parents, employees, and independent contractors.

Complaints or grievances could include a matter of school policy or procedure, concern over the actions of another community member, or a serious misunderstanding that develops between or among parties at The GLOBE Academy.

A detailed description of The GLOBE Academy’s Grievance and Complaint Policy and Procedures can be found here.
The Student Experience

Dual Language Immersion

The GLOBE Academy is a dual language immersion school which means that half of a student’s instruction time is in English, and half is in a foreign language. Children are assigned to a homeroom with other classmates and have a “partner” class. In Grades K–5, children spend the entire day in English or the foreign language and switch every other day.

GLOBE offers three language tracks: French, Spanish, and Mandarin. Upon enrollment, each student is assigned to a language track and stays in that language track throughout their time at GLOBE. Families who speak the foreign language at home or children who have attended a language immersion preschool are considered heritage speakers and are given preference for that language.

In middle school, the dual language immersion model ends. Students switch classes for all subjects, taking a high-level language course for high school credit.

In addition to learning another language, students are introduced to life in other countries through regular interaction with teachers, parents, and community members from other cultures, as well as through school-wide cultural celebrations and service-learning projects.

Constructivism

Teaching and Learning practices at GLOBE are guided by a constructivist theory of learning that places students at the center of their learning in a hands-on way. Students are active participants in their learning experiences, which guide them toward demonstration of mastery of higher-order concepts and skills. This approach does not rely on textbooks, worksheets, or ample homework; rather, it is driven by rich and engaging standards-driven projects and learning experiences that help students demonstrate understanding and develop meaningful skills.

Constructivist Theory is grounded in the work of developmental psychologist Jean Piaget and requires a student-centered approach to teaching and learning. According to Black and Ammon (1992), constructivism in the educational area is “more concerned with understandings achieved through relevant experience than with accumulated facts received from others.” Thus, students learn by engaging in their environment and with adults and peers. Instructional activities are relevant and varied, encouraging active participation as teachers serve primarily as facilitators and conduct questioning sessions to encourage student inquiry, elicit student responses, and probe for deeper understanding.

One way to understand constructivism is to distinguish it from a traditional learning environment, in which students are considered receptacles of information. In such settings, teachers are the keepers and disseminators of information. Teachers in constructivist settings, on the other hand, present children with tools for inquiry and teach them to link their individual interests and affinities to learning. This allows
children to construct their own knowledge base. GLOBE believes that this is the proper foundation for lifelong learning. The faculty encourage children to be curious, critical thinkers equipped to advance their learning within or outside of any structured learning environment.

**Reading and Writing Workshop**

The GLOBE Academy uses best practices of the Reading and Writing Workshop developed by Lucy Calkins at Teachers College, Columbia University.

GLOBE’s students are involved in authentic reading and writing experiences that focus on the strengths and needs of each child.

Teachers use a "mini-lesson" to introduce new concepts in reading and writing skills. Students then work individually or in small groups on assignments specific to their reading and writing level. The act of reading independently and writing independently in the classroom is key to developing literacy skills. During work time, teachers work with students one-on-one or in small groups, guiding the work and providing feedback. Teachers closely monitor each student’s individual progress in order to select books and assignments that are appropriate for their level.

Not only are students developing their reading and writing skills through these workshops, but they are also actively engaging in the learning process and well on their way to becoming lifelong readers and writers.
Grading

GLOBE does not use numbers, ranks, or traditional A–F grades for grades K through 5. Instead, student academic performance is documented in relation to a student’s progress towards the standards for each performance area at each grade level.

As students transition to middle school (grades 6–8), standards-based assessments are concurrently scored with letter grades. This allows grades to be entered into the county grade recording system, Infinite Campus*, in preparation for high school. Detailed information regarding the breakout of GLOBE’s grading system is communicated to families prior to the first reporting period.

Four times a year — in October, December, March, and May — students and families in grades K–5 receive standards-based reports. These reports provide academic and related information on a student, so that support and attention may be enhanced, maintained, or altered to help the student maximize their growth and learning. They deliver a detailed picture of a student’s performance in each subject area or class, through a narrative that describes the student’s skills and habits relative to the class and/or the Common Core Georgia Performance Standards (CCGPS) for the course.

Reports sent home in October and March are progress reports, while those sent in December and May reflect the entire semester.

*Please email registrar@theglobeacademy.net for information regarding parent access to Infinite Campus.

Standards-Based Grading System

Standards-based assessment provides an accurate snapshot of student abilities based on the standards for which they are accountable at their grade level. The following scale is used:

- 4 – Has demonstrated advanced, in-depth understanding of the standard. (I know it even better than my teacher taught it.)
- 3 – Has demonstrated a complete understanding of the target learning goal. (I know it just the way my teacher taught it.)
- 2 – Has demonstrated a simple understanding of the target learning goal. (I know some of the simpler stuff but can’t do the harder parts.)
- 1 – Is able to partially demonstrate understanding with assistance. (With some help, I can do it.)
- 0 – Is not successful with the learning goal, even with assistance. (Even with help, I can’t do it.)

In order to report grades to the school district and for traditional transcript purposes, the school reports Meets Expectations (M), Exceeds Expectations (E), or Needs Improvement (N) to the county and state.
Grade Level Retention

The purpose of promotions and retention is to provide maximum consideration for the long-term welfare of the student and to provide an opportunity for each student to progress through school according to their own needs and abilities.

It is expected that most students will be promoted annually from one grade level to another, upon completion of satisfactory work; however, a student may be retained when their standards of achievement or social, emotional, mental, or physical development would not allow satisfactory progress in the next higher grade. Retention typically occurs before the student leaves the primary grades.

Parents/guardians who wish to appeal the decision for retention must first contact the Head of School. If parents/guardians do not agree with the decision of the HOS, an appeal may be made in writing to the Board. All appeals must be requested within two (2) weeks after the close of school.
Uniforms

Students at The GLOBE Academy are required to wear uniforms. School uniforms provide a sense of community and help ensure safety by making it easier for faculty and staff to identify students. GLOBE’s uniform policy does not require uniforms to be purchased from a particular vendor.

Any item worn in the building during the school day must comply with the uniform policy. A student arriving at school out of dress code will be held in the school office until appropriate clothing is brought to school for them.

The details of the uniform policy are on the chart that follows. Additionally, note that all clothing items must be solid color and free of wording, designs, stripes, or patterns. Logos may be no larger than 2” x 2”.

### Supplies

Parents/guardians should refer to GLOBE’s website or consult with their child’s teacher for information about the school supplies they are expected to provide. Such supplies will need to be brought to school by the first day of school.

If the cost of school supplies presents a financial hardship, parents or guardians may confidentially email The GLOBE Academy Executive Director Christi Elliott-Earby at celliott-earby@theglobeacademy.net.

### Classroom and School Technology

#### Technology
Technology is used as a learning tool throughout The GLOBE Academy. Monitored computer access is available to students in the library media centers, in labs, and in the classroom through laptops, tablets, and Smart Boards.

By virtue of using a school computer, network, or online tool, GLOBE students and parents agree to abide by GLOBE’s acceptable use policy.

Acceptable Use Policy

GLOBE offers Internet access for student and staff use at school, and various online tools for staff, student, and parent use. This policy is the Acceptable Use Policy for use of online tools and Internet use at GLOBE.

The Internet system and online tools have been established for a limited educational purpose to include classroom activities and limited high quality, self-discovery activities as well as research. It has not been established as a public access or public forum, and GLOBE has the right to place reasonable restrictions on the material students access or post, the training students need to have before they are allowed to use the system, and enforce all rules set forth in the school code and the laws of the state of Georgia. Further, students may not use this system for commercial purposes to offer, provide, or purchase products or services through the system or use the system for political lobbying.

Access to the Internet is available through this school only with permission of the Head of School or their designee and the student’s parents. This policy applies to the use of school equipment at school, or the use of services established or maintained by the school which may also be used off property.

Personal Safety

• Students will not post contact information (e.g., address, phone number) about themselves or any other person.
• In general, students will not interact online with anyone they do not know personally. They will not agree to meet with someone they have met online without their parents’ approval. Any contact of this nature or the receipt of any message a student feels is inappropriate or makes them feel uncomfortable should be reported to school authorities immediately.

Illegal Activities

• Students will not attempt to gain unauthorized access to GLOBE’s computer system or go beyond their authorized access by entering another person’s account number or accessing another person’s files.
• Students will not deliberately attempt to disrupt the computer system or destroy data by spreading computer viruses or by any other means.
• Students will not use GLOBE’s system to engage in any other disruptive or illegal act, such as cyberbullying, arranging for a drug sale or the purchase of alcohol, engaging in criminal gang activity, threatening the safety of a person, etc.

System Security

• Students are responsible for their individual accounts and should take all reasonable precautions to
prevent others from being able to use their accounts. Under no condition should students give their password to another person.

- Students must immediately notify a teacher or the system administrator if they identify a possible security problem. They should not look for security problems; this may be construed as an illegal attempt to gain access.
- Students will avoid the inadvertent spread of computer viruses by following virus protection procedures when downloading software.

Inappropriate Language
On all uses of the Internet, whether in application to public or private messages or material posted on web pages, students will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language. Students will not post information that could cause danger or disruption or engage in personal attacks, including prejudicial or discriminatory attacks. Students will not harass another person by a persistent action that distresses or annoys another person, and they must stop if asked to do so.

Respect for Privacy
- Students will not repost a message that was sent to them privately without permission of the person who sent the message.
- Students will not post private information about themselves or another person.

Respect for Resource Limits
- Students will use the system only for educational and career development activities and limited, high quality, self-discovery activities.
- Students will not post chain letters or engage in “spamming” (that is, sending an annoying or unnecessary message to a large number of people).

Plagiarism and Copyright Infringement
- Students will not plagiarize materials that they find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were yours.
- Students will respect the rights of copyright owners. Copyright infringement occurs when work that is protected by copyright is inappropriately reproduced. If a work contains language that specifies appropriate use of that work, students should follow the expressed requirements. If they are unsure whether they can use a work, they should request permission from the copyright owner. Direct any questions regarding copyright to a teacher.

Inappropriate Access to Material
- Students will not use the organization’s computer system to access material that is profane or obscene (pornography) or that advocates illegal acts or violence or discrimination toward other people (hate literature). A special exception may be made for hate literature if the purpose of the access is to conduct research with both teacher and parent approval.
- If a student mistakenly accesses inappropriate information, they should immediately tell their teacher or another staff member. This will protect them against a claim of intentional violation of this policy.
- Parents should instruct their child(ren) if there is additional material they think would be inappropriate for him or her to access. The school fully expects that students will follow their
parents’ instructions in this matter.

Students’ Rights
• Free Speech: Students’ right to free speech, as set forth in the school disciplinary code, applies also to their communication on the Internet. The Internet is considered a limited forum, similar to the school newspaper, and therefore the school may restrict students’ rights to free speech for valid educational reasons. The school will not restrict rights to free speech on the basis of its disagreement with the opinions expressed.
• Search and Seizure: Students should expect no privacy of the contents of their personal files on the school system. Routine maintenance and monitoring of the system may lead to discovery that they have violated this policy, the school code, or the law. An individual search will be conducted if there is reasonable suspicion that a student has violated this acceptable use policy, the school disciplinary code, or the law.
• Due Process: The school will cooperate fully with local, state, or federal officials in any investigation related to illegal activities conducted through the organization’s Internet system. In the event of a claim that a student has violated this policy, the school disciplinary code, or the law in a student’s use of GLOBE’s system, they will be given written notice of suspected violations and an opportunity to present an explanation according to school code and/or state and federal law. Additional restrictions may be placed on their Internet use.

Other Acknowledgments
The school makes no guarantee that the functions or the services provided by or through the system will be error-free or without defect. The organization will not be responsible for any damage a student may suffer including, but not limited to, loss of data or interruptions of service. The school is not responsible for the accuracy or quality of the information obtained through or stored on the system. The school will not be responsible for financial obligations arising from unauthorized use of the system.

Anyone caught breaking these rules will be subjected to disciplinary procedures depending upon the severity of the infraction. Additionally, any student caught intentionally damaging or vandalizing a school computer may be disallowed from utilizing computer resources. Any such act may also result in partial or full restitution being required by the student and/or family.
This year, all GLOBE students are eligible to receive lunch free of charge.

Families may also elect to pack a lunch for their child. In an effort to promote healthy eating, fast food should not be provided. All food must also comply with the school’s nut-free policy.

Typically, parents and guardians are welcome to come eat lunch with their children; they simply need to sign in at the front desk and receive a visitor’s badge at the designated lunchtime. Until further notice, however, Covid-related restrictions on school visitors are in place.

Please note: Even though free lunch will be provided to all who want it this year, GLOBE still must collect forms assessing families’ official eligibility for the free and reduced lunch program. Regardless of your eligibility, every family is expected to complete and return the form. (Plus, doing so earns you credit for one volunteer hour.)

**Movies in the Classroom**

GLOBE emphasizes engaging the multiple intelligences of students, and as such, will use various media to educate students. Teachers are welcome to occasionally use videos in the classroom and at school sponsored events, providing that the following policies are followed:

**Copyright**
Teachers are required to follow the legal copyright requirements of videos and media within the classroom.

**Elementary Students**
Elementary students may be shown G-rated movies without parental permission. Movies that are rated PG require that the teacher notify parents at least one week in advance using the school’s online communication system, giving parents the option to opt their students out of watching the video.

**Middle School Students**
Students in grades six through eight may be shown G- or PG-rated movies without parental permission. Movies rated PG-13 require that the teacher notify parents at least one week in advance using the school’s online communication system, giving parents the option to opt their students out of watching the video.

**R-rated Movies**
No R-rated movies may be shown to students during school events.
Extended Care and Enrichment

The GLOBE Academy’s Extended Care Program (ECP) comprises 3 programs: Before-Care Program (BCP), After-Care Program (ACP), and Enrichment Program. GLOBE’s goal is to offer a balanced program that provides mental, emotional, and physical enrichment opportunities for the GLOBE family. For detailed information on the Extended Care Program, please visit GLOBE’s website.

Before-Care Program: 7 a.m.–7:30 a.m.

This option is for families that need an earlier drop-off. Students will be released to their classroom at the appropriate time.

After-Care Program: Dismissal–6 p.m.

The after-care option provides students with a safe and comfortable environment to grow and play. Our low student-to-teacher ratio enables us to provide more individualized attention for special art projects and activities, homework, and playground time.

Enrichment Programs

Enrichment programs are offered in eight-week sessions. We have partnered with vendors from the community to provide fun and exciting educational options; details and registration information will be available at GLOBE’s open house or shortly thereafter. All enrichment fees are paid directly to the vendors.
Activities and Field Trips

Classes will participate in field trips throughout the year. Parents will be notified of each trip in advance, and permission slips will be sent home with students.

Financial Limitations: Many field trips have a fee, either for the event the students are attending, for transportation, or both. It is GLOBE’s policy that any student with a financial need should not have a barrier to attending school-sponsored activities. If assistance is needed with any fees, please contact the Head of School or Assistant Head of School before the permission slip is due.

Behavioral Exclusion for Field Trips: Field trips can be a valuable learning opportunity for students; behavioral expectations, however, are even more important when students are taken off campus. As a result, if a child has demonstrated an inability to control their behavior in school, extra steps may need to be taken to ensure the student has a successful experience.

• The school reserves the right to require parents or guardians of some students to attend the field trip to provide supervision for their child. In such cases, if a parent is unable to attend, the student will be required to remain at school.

• If a student has received a referral or has demonstrated unsafe behavior, the student’s parent or guardian may be required to attend as a chaperone.

• End-of-year class field trips are reserved for students who meet school expectations during the school year.
  o Students who have been issued a suspension during the year will not be allowed to attend.
  o Parents or guardians of students who have received only one suspension may ask the staff behavioral team for an exception to this rule, presenting the reasons they feel their child should be allowed to attend. The staff behavioral team can decide whether to 1) disallow the student from attending, 2) allow the student to attend unaccompanied, or 3) allow the student to attend with conditions, such as being accompanied by a parent.

Student Counts: Before transporting students to or from any field trip, the teacher and at least one other adult will do a roll call to ensure all students are accounted for. At any given time, each staff member and chaperone should know the number of students they are responsible for.
Student Electronics

Students may have in their possession a personal cell phone for emergency use only. • The phone must be turned completely off and kept out of sight during school hours. Any infraction will result in confiscation and the phone returned to parents/guardians.
  • Repeated violations of this policy may result in disciplinary action.
  • The school is not responsible for student cell phones which may be lost or stolen. • Parents/guardians needing to contact a student at school should not call or send text messages to the student’s cell phone.

Students should not bring their own personal electronic devices, including smart watches, to school, except if permission has been given by a teacher for a specific project. Any devices used without such permission will be confiscated and returned to the parents.

Lost and Found

We strongly encourage parents/guardians to label all personal possessions with their child’s name. Clothing or items lost at school are taken to the school lost-and-found until claimed. All unclaimed articles will be donated to a charitable organization at the end of each 9 weeks. The GLOBE Academy will not be held liable for loss or damage of any property belonging to the student.

GLOBE PTCC has a partnership with Mabel’s Labels. Visit the Mabel’s Labels fundraising site to learn more.
Discipline

The GLOBE Academy staff takes a positive approach to discipline that promotes teaching students to make good choices. This approach helps children develop the intrinsic decision-making skills that will keep them safe, happy, and successful in their life’s endeavors.

We apply this approach through the following strategies and tactics:

- Constructing a positive, mutually supportive classroom culture
- Positive reinforcement of healthy class norms
- Specific and authentic encouragement
- Natural consequences to unacceptable behavior
- Individual discipline plans for those students who need a little more structure

GLOBE also follows the DeKalb County School's Code of Conduct.

Maintaining School Property

Students are expected to assist in maintaining cleanliness in the classroom, lunchroom, corridors, restrooms, and outside grounds and to exercise proper care in the use of school furniture and equipment. Students will be expected to make financial restitution for the deliberate damage of school property.

Support and Assessment

For students with identified learning disabilities, GLOBE’s special education program works with students and their families to meet students’ individual needs. This may involve accommodating and/or modifying curriculum and instruction, and/or Individualized Education Plan (IEP) assessment.

A Lead Teacher for Special Education (LTSE) works with a team of special education teachers to oversee the services provided to students with IEPs so that students make progress towards their goals. Through the immersion model, students with identified disabilities are included in classes with their peers, with classroom teachers working in consultation with special education teachers, and/or with students working directly with special education teachers.

A broad spectrum of special education services is available to support the specific learning needs of students with IEPs; there are, however, instances where, based on the needs of the student, a more appropriate placement for a student may be at either the student’s zoned school or at a DeKalb County School District (DCSD) school with programs designed to meet the needs of students with certain types of disabilities. Parents of students with special needs should speak with the school’s administration to discuss the language immersion program and how their child might best be served.

The GLOBE Academy has been assigned a consultative school psychologist who will facilitate any evaluation of students who have been referred for special education services. GLOBE staff includes a school counselor to work with students both in one-on-one and group settings to address social and emotional issues. Parents/guardians of students will be notified of consultations.
Enrollment and Attendance
Enrollment and Attendance Zones

The GLOBE Academy accepts applications for kindergarten, 1st grade, and 6th grade.

In accordance with guidelines set forth by the Georgia Department of Education (SBOE Rule 160- 4-9-.05), The GLOBE Academy can also accept students for enrollment in 2nd through 5th, and 7th and 8th grade who meet proficiency standards in Spanish, French, or Mandarin Chinese (simplified) through the Standards-Based Measure of Proficiency (STAMP) language assessment.

Applicants must reside within the DeKalb County School District (DCSD).

Enrollment numbers are at the discretion of the Executive Director, with Board approval, as long as class sizes remain within legal limits.

Proof of Residency

Proof of residency within the DeKalb County School District attendance zone is required.

Property owners may establish residency with one of the following:

- Current mortgage statement
- Current utility bill — gas, water, or electric only (We cannot accept phone or cable bills.) In the case of a lease, provide both of the following:
  - Current lease
  - Current utility bill – gas, water or electric ONLY

If the parent is not the property owner/lessee, but the parent and student reside with a relative or other person who is a property owner/lessee within the DeKalb County School District, an Affidavit of Residency must be completed, notarized, and submitted with the application. In such a case, the parent AND the owner/lessee of the residence must both be present to submit the lottery application during Open Enrollment.

If a parent/guardian prefers not to submit their child's Social Security card or if the child does not have one, they can submit a SSN waiver. Please note that the child will not be eligible for the Hope Scholarship if a Social Security number is not provided to DeKalb County School District by 12th grade.

Change in Student Information

It is imperative that the school office be notified immediately if a family has a change of address, telephone numbers, or emergency information during the school year. Please email registrar@theglobeacademy.net with updates to this information.
Lottery

The GLOBE Academy will accept applications for kindergarten through eighth grade. In accordance with guidelines set forth by the Georgia Department of Education (SBOE Rule 160-4-9-.05), 2nd–5th and 7th–8th grade applicants must meet proficiency standards in Spanish, French, or Mandarin Chinese (simplified) through the STAMP language assessment.

If the number of timely applicants received by The GLOBE Academy exceeds the capacity of a program, class, grade level or building, The GLOBE Academy shall ensure that such applicants have an equal chance of being admitted through a random-selection lottery. To participate in the lottery, a student’s application must be received during the Open Enrollment period and prior to the enrollment application deadline as established by the school’s Board. The lottery will take place on the last Friday in February at noon. An unbiased third party will witness and certify the validity of the lottery.

A detailed description of the lottery policy and procedures can be found on GLOBE’s website under Admissions.

Withdrawal From School

In the event that a student needs to withdraw from school, their parent or guardian should email registrar@theglobeacademy.net several days in advance. The email should indicate the child’s last day in school, new address (if applicable), and new school. This will allow the office to prepare the necessary forms, so the child’s records can be sent to the new school. All school-issued supplies must be returned before the child withdraws.

Additionally, The GLOBE Academy is authorized to withdraw a student who has missed more than 10 consecutive days of school due to unexcused absences or is no longer a resident of the local school system.
Attendance

Punctual and regular attendance is the joint responsibility of the student and their parent(s) or guardian(s). If a student must be absent, their parent must notify the school’s front office prior to 7:45 a.m. on the day of the absence.

Students of school age have a right to a free public school education; they have a responsibility to attend school. Regular attendance is essential if students are to benefit fully from the educational opportunities provided for them.

The State Legislature has recognized the importance of regular attendance by enacting a compulsory attendance law for students under the age of 16. This law requires parents or guardians to see that their children attend school, and it provides penalties for failure to do so. Penalties are also given to anyone, including other students, who encourages or induces students to be absent or who employs or harbors a student who should be in school.

Additionally, student attendance rates impact the school’s College and Career Readiness Performance Index (CCRPI), GLOBE’s performance on charter goals, and other accountability reports.

Absences

If a student is going to be absent due to illness or an unexpected situation, their parent or guardian should email Lower Campus at lcfrontoffice@theglobeacademy.net or Upper Campus at ucfrontoffice@theglobeacademy.net.

Upon returning to school, the student should bring a note to their teacher explaining the absence.

If a student is going to be absent for medical appointments or family-related reasons, the main office should be notified prior to the absence. Any prolonged absences should be communicated to office staff and/or the student’s classroom teacher.

Late Arrival

Students are tardy when they arrive at school after the beginning of the official school day or are not in their assigned class at the official beginning of the class period. Habitual tardiness is disruptive to the instructional process.

Students who arrive at Lower Campus after 8:10 a.m. or Upper Campus after 8 a.m. must be signed in by a parent or guardian. The office assistant will issue them a late pass.

Early Checkout

Any child who must leave school prior to regular dismissal time must check out with the main office staff. Parents/guardians or authorized caregivers must come in person to the main office to check the child out; they must arrive prior to 2 p.m. at Lower Campus and prior to 2:45 p.m. at Upper Campus.
Please note: Parents should notify the front office if an authorized caregiver is going to pick a child up early. They must provide the authorized caregiver’s name, phone number, and their approximate arrival time.

Authorized caregivers who arrive to pick up children early must show a photo ID, which will be photocopied.

---

**Truancy**

Any child subject to compulsory attendance who has more than five days of unexcused absences during the school year will be considered truant. Truancy is a serious offense that requires stern corrective action on the part of the school and the parents.

Consequences of unexcused tardies are as follows:

Discipline is covered in the enclosed Family & Student handbook on page 39.

Include the role the governing board will play in resolving such grievances and complaints. If this is included in another response, please indicate that.

The GLOBE Academy GRIEVANCE & COMPLAINT POLICY & PROCEDURE

When any member of The GLOBE Academy community, including but not limited to, students, parents, or employees/independent contractors, have a complaint or grievance about a matter of school policy or procedure, concern over the actions of another community member, or a serious misunderstanding which develops between or among parties at The GLOBE Academy, the following procedures are to be followed in order to best resolve the conflict, and are classified into PART ONE, Student/Parent/3rd Party Informal Complaints and Formal Grievance Procedures, and PART TWO, Employee (Certified & Uncertified) and Independent Contractor Grievance Procedures: Note: Any health and/or safety issue may be taken directly to the Administrator.

PART ONE STUDENT/PARENT/3RD PARTY SECTION INFORMAL COMPLAINTS PROCEDURE

Informal concerns are complaints that represent activities or behaviors reflecting a need for directed communication among the parties, but that do not represent allegations of significant breaches or violations of school policy or procedure, and do not represent public safety issues, or personal endangerment to others.

1. If the complaint involves school personnel, the concerned party is to request a meeting with the school personnel to communicate and discuss their concerns. A scheduled appointment is necessary. The school personnel will schedule an appointment in a timely manner.
   a. The meeting shall openly address the party's concern or complaint, but shall be conducted without resorting to personal affronts to any party. Any party who feels threatened, intimidated, or personally offended may terminate the meeting and pursue resolution through step 3. b. The concerned party shall determine whether the meeting is to be documented by the taking of notes by the school personnel or by voice recording. In the event that note taking is selected as the means to document the meeting, the concerned party is to review, sign and date the
writings, along with the school personnel, at the completion of the meeting. If the meeting is telephonic, the concerned party again may elect either written or recorded documentation of the meeting by the school personnel. In the event that written documentation is elected, the concerned party will review, sign and date the documentation at their earliest convenience."

c. Copies of written or recorded documentation will be made available to all parties involved.

2. In the event that the expressed concern is not resolved through step 1 the student, parents, or school personnel will schedule a meeting of all parties with the Administrator. The notes from the first meeting will be shared with the Administrator in advance of this meeting, and the meeting will be scheduled for the first available time convenient to all parties. The expressed purpose of this meeting is to bring about a resolution to the concern or complaint in a timely non-adversarial fashion. If the concern or complaint is not resolved, or in the event that the issues require further investigation or assessment, he/she may proceed to step 4.

   a. Again, notes should be taken or voice recordings will accompany the meeting as set forth in step 1, with all parties present to review, sign and date any written documentation.

   b. Copies of the written or recorded documentation will be made available to all parties involved.

3. If no resolution is reached in steps 1 and 3, the concerned party or the Administrator may request that the concern be placed on the next Governing Board agenda.

   a. In the event of a health or safety concern, the Administrator may request either a special or emergency Governing Board meeting, as appropriate.

   b. Matters of personnel performance or behavior shall be shared in closed session of the Governing Board with all parties present.

Matters of school policy or procedures, or clarification of an issue, will be discussed in open Board session per the agenda.

SECTION II FORMAL GRIEVANCES PROCEDURE

Formal Grievances represent serious allegations of improper activities or behaviors reflecting a need for the timely and direct intervention of the site Administrator with all involved parties. Such grievances would likely involve, but would not be limited to, allegations of significant breaches or violations of school policy or procedure, and any actions or behaviors that may, in any way, create a condition of public safety concern, or the possibility of personal endangerment. Formal Grievances relate to matters of a serious nature, and the following process is to be reserved with such instances. The following is the procedure for addressing a Formal Grievance:

1. A written grievance is to be filed with the site Administrator, by the concerned party. The Administrator shall attempt to informally resolve the grievance, when he/she feels that such informal resolution of the grievance is both appropriate and in the best interest of the school and its community, within Five (5) Working Days from the time of the filing.
2. In the event that informal resolution of the grievance is attempted but not successful, the Administrator shall respond to the grievance with written recommendations Fifteen (15) Working Days from the date of the initial filing.

3. In the event that any party is dissatisfied with the Administrator's written recommendation, the matter may be placed, by the dissatisfied party, on the next Governing Board agenda.
   a. If the grievance is a matter of school policy or procedure, or clarification of an issue, it will be discussed in open Board session per the agenda.
   b. If the grievance is a personnel matter, including but not limited considerations for disciplinary action of a staff member, student, or admonition of a parent or community member, the concerns will be shared in closed session of the Governing Board with all concerned parties present, as set forth in PART TWO, Section III, Governing Board Hearings.

4. At any time, during this process, the Administrator may elect to refer the grievance, at his/her sole discretion to the Governing Board for its consideration.

5. If the matter is not resolved to the satisfaction of both parties, either party may at their own expense choose to pursue outside mediation, arbitration, or litigation as set forth below in the "Role of the Governing Board".

**SECTION III ROLE OF THE GOVERNING BOARD**

1. Individual Board members do not have the authority to resolve complaints. However, Board members will, if requested by any party, listen to the concern or complaint of the party, but will not act independently of the protocol established above.

2. The decision of the Governing Board is final
   a. In the event that any party wishes to contest the decision of the Board, it is recommended that such contestation be through private mediation. In the event that the conflict is not resolved through mediation, it is further recommended that all parties agree to submit their case to binding arbitration.
   b. The acceptance of these conditions are voluntary and do not prevent any party from pursuing their due process rights through litigation if they decline this mediation/arbitration agreement, as set forth below.
   c. The Governing Board of The GLOBE Academy will assume no liability or cost in this event.

**SECTION IV The GLOBE Academy DISPUTE RESOLUTION DOCTRINE** In any dispute or conflict, The GLOBE Academy protects its right to interpret school rules, guidelines, policies,
and personnel issues fairly based on truth and justice. The ultimate goal is the child's well-being and the provision of an optimal learning environment for all students.

**PART TWO EMPLOYEES (CERTIFIED & UNCERTIFIED) & INDEPENDENT CONTRACTORS**

**SECTION PROFESSIONAL PERFORMANCE, CONDUCT AND JOB DESCRIBED**

**COMPLAINTS & GRIEVANCES**

1. The Administrator is authorized to evaluate, and act upon, the performance of professional duties, conduct or job described services of The GLOBE Academy employees and independent contractors, including but not limited to: disciplinary actions, dismissals, progress and status reviews, monitoring, and cautions. Any and all such decisions and actions taken by the Administrator are to be at the sole discretion of the Administrator and are final.

2. The Administrator shall, prior to the dismissal of any employee, but only when the situation does not represent health or safety concerns for the employee/contractor, students or others, endeavor to pursue remedial recommendations and strategies for performance and/or conduct concerns, in a timely fashion, and to aid in the implementation of such adaptations.

3. **Conflict Resolution**
   a. Although individual Board members may, at their discretion, discuss with an employee/contractor their concerns over the decision of the Administrator appertaining to the employee's/contractor's performance and/or conduct, the Governing Board will not attempt to resolve disputes arising from performance/conduct actions taken by the Administrator or hear such disputed claims in either open or closed session meetings. b. In the event that any party wishes to contest the decision of the Administrator, it is recommended that such contestation be through private mediation. In the event that the conflict is not resolved through mediation, it is further recommended that all parties agree to submit their case to binding arbitration. c. The acceptance of these conditions are voluntary and do not prevent any party from pursuing their due process rights through litigation if they decline this mediation/arbitration agreement, as set forth below.

**SECTION II NON-PROFESSIONAL PERFORMANCE & CONDUCT COMPLAINTS & GRIEVANCES**
Any complaint or conflict asserted, by an employee or contractor, that is based on allegations of wrong doing, outside of the sphere of professional performance and conduct, including but not limited to claims of: harassment, sexual misconduct, behavior not becoming a professional, racial or ethnic bias, or threats, shall be addressed procedurally, as follows:

1. Complaints and Grievances between or among Employees and/or Independent Contractors:
   a. A complaint or grievance that represents a potential, yet not imminent, risk to the safety, health and well-being of an employee or independent contractor shall be addressed by the Administrator within Twenty-Four (24) Hours of notice to the Administrator. With the exception of expedited timing for addressing this classification of a complaint or grievance, the Administrator and grieving party shall proceed as set forth in PART ONE, Section II. Formal Grievance Procedures, of this Complaint and Grievance Policy & Procedure document.

1. Any employee or independent contractor who believes that there is imminent risk of harm to his/her safety or well-being, shall report the matter to the appropriate authorities, immediately. b. Any complaint or grievance that does not represent a risk to the safety, health or well-being of an employee or independent contractor shall be addressed as set forth in PART ONE of this Complaint and Grievance Policy & Procedure.

2. Complaints and Grievances between an Employee or Independent Contractor (or a group of the same) and Administration/Governing Board member(s), shall be addressed as follows:
   a. Any complaint or grievance that represents a risk to the safety, health or well-being of an employee or independent contractor shall be addressed through a closed session meeting of the Governing Board, at a Special Meeting of the Board following notice of said complaint or grievance. Any members of the Board who are party to the complaint or grievance shall recuse themselves from participating on the Board for this matter. The Board shall hear testimony of the parties and witnesses and make its determination as set forth in Section III, Governing Board Hearings, below. b. All other complaints and grievances, that do not represent significant risk to the safety, health or well-being of an employee or independent contractor, that are asserted toward the Administration or the Governing Board, shall be addressed as follows:

1. Allegations against Administration: The complaining party shall attempt direct communication with the Administrator, in a timely fashion, unless the party believes such interaction would endanger their safety, health or well being; in which case the party may, through written request, proceed to Governing Board assessment, as set forth in Section II,
The GLOBE Academy

Governing Board Hearings, below. The Administrator and grievant shall make a good faith effort to promote a non-adversarial resolution to the issues at hand. This communication process shall be conducted and documented in the manner set forth in PART ONE, Section II, Formal Grievance Procedures, of this Complaint and Grievance Policy & Procedure. In the event that a resolution is not realized through informal communications, either party may request, in writing, a closed session Governing Board review, as set forth in Section III, Governing Board Hearings, of the matter to be held at the next regularly scheduled meeting, unless the complaining party believes it necessary to schedule a Special meeting, prior to that time. 2. Allegations against Governing Board Members: Any and all allegations of wrong doing, outside of the sphere of professional performance and conduct shall be addressed as set forth in Section III, Governing Board Hearings, below.

SECTION III GOVERNING BOARD HEARING PROCEDURE

The Governing Board shall meet in either Regular or Special Meeting Closed Session, as set forth in Section II of PART TWO of this Complaint and Grievance Policy & Procedure document. This meeting shall be conducted as follows: 1. All parties to the complaint or grievance shall be present at the Governing Board closed session for all employees and in open session for Governing Board members.

2. The Board shall hear the allegations of the grieving party (Complaintant) and the responses to these allegations by the Administrator or Governing Board Member(s) accused of the wrong-doing (Respondant).

3. The Board will, at its sole discretion, utilize whatever format it determines most effective to garner information from all parties, including but not limited to: joint and caucus sessions.

4. The Board will hear testimony from any and all individuals called forth by the parties, as witnesses. All parties to the complaint or grievance will be present for the testimony of witnesses, unless they expressly request to be absent.

5. The Board, following the presentation of all pertinent information, will make its determination and present its decisions to the parties.

6. The decision of the Governing Board is final.

a. In the event that any party wishes to contest the decision of the Board, it is recommended that such contestation be through private mediation. In the
event that the conflict is not resolved through mediation, it is further recommended that all parties agree to submit their case to binding arbitration. b. The acceptance of these conditions are voluntary and do not prevent any party from pursuing their due process rights through litigation if they decline this mediation/arbitration agreement, as set forth below.

Standards of conduct

Decorum
GLOBE expects all employees to maintain the highest standards of conduct and act in a mature and responsible manner at all times. Each staff member is expected at all times to perform the responsibilities of their position to the best of their ability. Employees shall not engage in activities that violate federal, state, or local laws or that diminish GLOBE in any way.

Decorum by all staff should mirror teaching by example. Proper language, gestures, emotional control, and mannerisms should reflect those of a role model for students and parents.

Georgia Code of Ethics for Educators
All teachers and staff members are expected to understand and follow the Georgia Code of Ethics for Educators. It is the staff’s professional responsibility to familiarize themselves with this information. The Code of Ethics will be reviewed by each staff member and a copy will be available online at the Professional Standards Commission (www.gapsc.org) by the deadline each year per the state requirement.

Tutoring
Teachers in the state of Georgia are not permitted to tutor their own students for pay during the contract year. Teachers wishing to work with other students on GLOBE property for pay are required to complete a facility use agreement and gain approval from the Head of School ("HOS").

Ethics and Conduct
All staff members are reminded that the welfare of the child is the very first concern of our school. It is the responsibility of all staff members to support programs and activities when in public. When a staff member criticizes colleagues, families, or school programs, these criticisms should be discussed in instructional teams, and all criticisms should be constructive and made in a professional manner. Staff members are representatives of GLOBE, and therefore all criticism or negative commentary should be directed to the Assistant Head of School ("AHOS") and/or HOS. Remarks regarding school policy/procedure, etc. should be kept off all forms of social media.

Communicable Diseases
If a medical condition poses a substantial health or safety risk to the school students and other
staff, then the infected staff members must take leave from the premises until their attendance on
duty no longer poses a threat to others. An employee who believes that they may pose such a risk
must immediately notify the HOS.

GLOBE relies upon public health and medical experts’ written documentation to determine
whether to require removal of physical presence and when to permit an employee’s return to
work.

Confidentiality
GLOBE employees may only discuss issues related to individual students, families, or colleagues to
the extent it is necessary to fulfill their job duties. Breaches of this confidentiality provision will be
subject to disciplinary action.

Employees are bound by ethical and legal codes to protect the confidentiality and privacy of our
students and their families and to protect and maintain the confidentiality of all information
related to them.

Confidential communications include conversations, grades, progress, reports,
forms, correspondence, and computer-generated communications with, about, or involving in any
way any students or their families. This same courtesy is extended to all GLOBE employees.

Dress and Appearance Standards
GLOBE recognizes that professional attire helps set the tone of an educational system. Faculty and
staff are expected to dress professionally as befits their teaching activity and should be in keeping
with expectations held for students. Dressing in an appropriate manner for student learning serves
as a model for all students. As such, sweatpants/leggings for athletic use are considered
inappropriate (Physical Education teachers excepted). Additional examples of inappropriate dress
include, but are not limited to: t-shirts with statements on them (unless a GLOBE t-shirt); clothing
less than 2” above the knee; tops that expose the shoulders, chest or stomach; tank tops; attire
that exposes undergarments; and leggings, tights, or spandex, unless under an appropriate
garment. Blue denim jeans, without holes, may be worn ONLY on Fridays (or last day in the week).
On those days, blue denim jeans may be worn with a spirit wear or acceptable shirt. Faculty and
staff are expected to use professional judgment when selecting footwear. If there is ever a
question on an item, clarification should be sought from the HOS or AHOS beforehand. It should
be noted, though, that if clarification is thought to be needed, the item in question is not likely to
be acceptable.
Instructional Staff Hours

Lower Campus: 7:25 a.m. – 3:25 p.m.

Upper Campus:
- Morning Carpool staff hours: 7:15 a.m. – 3:15 p.m.
- General staff hours: 7:25 a.m. – 3:25 p.m.
- Afternoon Carpool staff hours: 7:45 a.m. – 3:45 p.m.

Both Campuses: Monday until 4:35 p.m. For more information, see "Staff Meetings"

All Other Staff: As directed by HOS. Please speak to the HOS directly regarding any questions about these times.

Staff Meetings
Mondays are staff meeting days. Meetings are scheduled from 3:35 p.m. – 4:35 p.m. unless otherwise noted. It is imperative that all staff members are present. Meetings may be whole or small group; a check of the school calendar is suggested. After-school engagements should not be scheduled on Mondays because this is protected time for staff/teachers/administration. All employees are expected to attend staff meetings as part of their job duties. On the rare occasion that a staff member needs to be absent from a staff meeting, the staff member must submit a written request for approval no later than close of business on the school day prior to the absence. Staff members who fail to attend staff meetings may be required to use their leave for the missed time.

Timekeeping

Sign In/Sign Out
All staff should sign in promptly upon arrival in the morning and sign out when leaving in the afternoon, utilizing the ADP computers at the front of each campus, any other computer located in the school, or the staff member’s personal cell phone. Each employee will log on to their account by accessing the ADP website: www.workforcenow.adp.com. Clocking in and out is “geo fenced” (access on school grounds). Signing in and out is directly connected to payroll and tracks sick/ vacation accrual balances. It is the responsibility of each employee to make sure their timecards are correct and accurate.

Off Campus Sign Out
Instructional staff members have a legal obligation to be in the school building during school hours
for the protection of GLOBE students. Any staff member who needs to leave the building for any period of time during school hours must ask for permission from the HOS or the AHOS to do so. If a staff member needs to leave early, they must get approval in advance from the HOS and AHOS. Employees MUST also sign out/in using the notebook, located in the front office, AND inform the front office desk. This is separate from clocking in and out using ADP.

**Professional Duties and Events Outside of School Hours**

Teachers are required to participate in programs related to their professional duties that may be outside of school hours. These days include teacher in-service sessions conducted within the regular work hours, staff meetings, and parent-teacher-student conferences.

All employees are encouraged to attend school functions and events that occur after-hours to maintain an integral presence in the school community. Employees will be notified in advance of mandatory functions they are required to attend.

**Paid Time Off**

Subject to the Absences provision below, all employees are required to work according to their schedule and position. Employees earn sick hours which may be used during the current school year. Unused sick hours earned in prior years are available for use toward absences due to approved Family Medical Leave under the Family Medical Leave Act (FMLA). Unused sick and personal days are not paid out upon resignation or termination. Twelve month employees who earn vacation time may accrue up to a maximum of 30 vacation days. Hours/days unused up to 30 days will be paid out upon termination or resignation.

**Full Time Employees (40 hours per week)**

- **10-Month Employees** - 190 days Teachers, TA’s, Counselors, Librarian, Nurses
- **10 ½-Month Employees** – 199 days Coordinators
- **11-Month Employees** - 209 days Assistant Heads of School
  - Personal Days (PRS) – Three (3) days (24 hours total) of personal leave are earned annually. Any unused PRS hours will convert to sick leave and be transferred to the employee’s available sick leave for next school year.
  - Sick Days (SCK) - Ten (10) days (80 hours total) of sick leave are earned annually. Any unused hours will accumulate and carry over to the next school year.
  - Not eligible for Vacation time.

- **12-Month Employees** - 232/240/242 days Administrative/Operations Staff
  - Personal Days (PRS) – Three (3) (24 hours total) of personal leave are earned annually. Any unused PRS hours will convert to sick leave and be transferred to the employee’s available sick leave for the next fiscal year.
- Sick Days – Twelve (12) days (96 hours total) of sick leave are earned annually. Any unused hours will accumulate and carry over to the next school year.
- Vacation – Ten (10) days (80 hours total) of vacation are earned annually

**Part-Time Employees**

**Part-Time Salaried - 10 Month** - Personal Leave and Sick Leave are earned according to the number of hours worked in a regular work week per school year. Four (4) hours per pay period worked. Not eligible for Vacation.

**Part-Time Salaried - 12 Month** - Personal Leave, Sick Leave, and Vacation are earned according to the number of hours worked in a regular work week.

**Part-Time Hourly** - Personnel not eligible for Sick Leave, Personal Leave, or Vacation accrual.

**Jury Duty or Witness Leave**

- An employee may be absent without loss of pay and without charge to any other category of leave when attending court as a juror or when subpoenaed to testify in a case arising out of duties as an employee of the school system. The employee must notify their immediate supervisor as soon as possible after the employee has been served with the summons for jury duty or a subpoena to appear in a case.
- The employee may retain any compensation they receive for serving as a juror or as a witness.
- The employee must complete a “request for time off” using ADP and submit the dated court excuse immediately upon returning to work. Without a dated court excuse, leave will need to be resubmitted as personal/sick. A “summons to serve jury duty” notice received by postage mail does not serve as a court excuse.
- Employees must use personal leave when attending or participating in judicial proceedings not arising out of the employee’s duties at the school.

**Bereavement**

Employees may use sick leave for up to three approved days per year for bereavement leave. Bereavement leave may be taken in the case of the death of an employee’s immediate family member, or of any relative living in the same home as their primary residence. Immediate family means husband, wife, father, mother, son, daughter, stepchildren, brother, sister, grandparents, and immediate in-laws. Employees may be required to provide proof of death prior to or upon returning for bereavement leave.

**Leave without Pay (LWOP) - Employee Requested**

Leave without pay is leave that has been pre-approved by the HOS or AHOS during which the employee will not be paid.
Employees may request time off for taking the GACE or Para-Professional License Test. Such absences will be counted as Personal Leave. If no PRS leave hours are available, the time will be counted as LWOP.

All requests for LWOP, including those for testing, must be submitted through ADP.

**Professional Development - GLOBE Assigned**
GLOBE recognizes the need for employees to grow professionally and offers needs-driven professional development classes which are tied to the GLOBE Model. Time spent in these classes is considered work time.

**Inclement Weather Leave Policy**
The GLOBE Academy complies with Dekalb County School District (“DCSD”) policy regarding student attendance and school closure during inclement weather. Personnel with scheduled leave (sick, personal, vacation) during an emergency closure will be required to continue the use of paid leave (sick, personal, vacation) because the employee is considered unaffected by the emergency closure, unless written documentation can be provided to support a change in the leave request.

**Absences**

**Absence Procedures**
Consistent teacher attendance provides stability to the instructional program. Therefore, all staff members are expected to attend school daily. When it is necessary to be absent, it is the teacher’s responsibility to provide up-to-date lesson plans, so that the substitute teacher may implement meaningful instructional activities. A substitute folder must be available for the person coming in to take over the class. An absence of more than 3 days requires a doctor’s note.

Request for Time Off – Employees must submit a request for time off using Personal or Sick leave for any absence by logging on to ADP and completing a “Request for Time Off”. A request may be submitted from any location at any time. Requests for personal leave must be submitted or approved at least two weeks in advance for approval and proper coverage to be arranged prior to absence.

**Planned Absences**
- For a planned tardy or absence (personal day, bereavement, doctor’s appointment, etc.), employees should speak with the HOS and AHOS in person as soon as the need to be absent is known. This is in addition to completing a leave request in ADP for approval.
A sub needs to be secured from the updated sub list online. Use of a printed or old list is unacceptable, as changes to the list may occur. The front office needs to be notified as to who the planned/secured sub is. Written plans with clear instructions for the sub should be left on top of the teacher’s desk. An electronic copy of sub plans will need to be submitted to the AHOS and front office staff.

A planned absence on a critical day (2 days before/after a holiday or day off, pre-planning, post-planning, professional learning (PL) days, or any state or whole school mandated testing days) requires a letter explaining why the absence cannot be avoided and must be approved 2 weeks in advance by the HOS.

**Unplanned Absences/Tardies**

- The employee must call the AHOS by 9:30 p.m. the night before an unplanned absence or tardy or between 6:00 and 7:00 a.m. on the day of an unplanned absence or tardy. **Texts and emails are not acceptable.** In the event of an emergency, the employee or their family member should call as soon as practicable.

- As soon as the staff member knows they will be absent, they should attempt to secure a sub from the list. They should then let the receptionist, at the respective campus, know who the planned/secured sub is. If a sub cannot be secured, this information needs to be communicated as soon as possible to the front office via phone and email by 7:00 a.m., so that coverage can be arranged.

- If a staff member or a member of their family is ill and they need to leave in the middle of the day, the front office must be notified so the HOS can be alerted. If the HOS is not available, the AHOS will need to be alerted. Staff members cannot leave school until all their duties are covered, they have requested time off using ADP, and the administration knows that they are leaving.

- An unplanned absence on a critical day (2 days before/after a holiday or day off, pre-planning, post-planning, PL days, or any state or whole school mandated testing days) requires adequate documentation, e.g., a doctor’s note. The HOS must be contacted personally if there is a need to be absent on a critical day.

- Complete a “Request for Leave” in ADP

**Substitute Teacher Preparation**

When possible, staff should email sub plans to their co-teacher, the AHOS, and the front office when they will be absent.

Staff are to prepare an Emergency Sub folder with the following required documents:

1. Teacher schedule (including duties)
2. Fire/Tornado/Emergency procedures including a map of assigned locations
3. Name of fellow teacher who will be able to assist
4. Lunch schedule and procedures for taking students to lunch
5. Name of one or two dependable helpers (students) in each class
6. A copy of IEPs/504s and another required student information
7. A SPECIFIC list of students with allergies or needs. This list must be easy to access and easily understandable by any adult (non-academic personnel).
8. Dismissal procedures
9. Restroom procedures
10. Ill student procedures
11. Location of other pertinent materials
12. Suggestions for students who finish early
13. Emergency plans/materials/lessons which could be used at any time (If sub plans have been used, they must be replaced.)
14. Directions for taking roll

Federal Family and Medical Leave Act (FMLA)

Long-term leave may qualify under the Family Medical Leave Act ("FMLA"), which is a federal law that gives eligible employees the right to take up to 12 weeks of job-protected leave for family or medical reasons. The FMLA guidelines are on GLOBE’s website. To be eligible for FMLA, an employee must have worked for GLOBE full time for at least one year. Employees who are absent for (5) consecutive days, must submit an FMLA Request packet. The school may require certification from a qualified medical professional to document the reason for the leave and/or to verify the employee’s ability to return to work. The FMLA does not require employers to provide paid FMLA leave, but it does allow employers to charge FMLA absences simultaneously against any available paid leave as well as the FMLA. Therefore, an employee’s available sick, personal, and vacation days will be first applied to any FMLA leave taken for a reason covered by those provisions.

For information related to Families First Coronavirus Response Act/Emergency FMLA Leave and Emergency Paid Sick Leave, employees should contact HR.

Employees who request FMLA leave must return the necessary paperwork within 15 days of receipt. After 15 days, an employee who has failed to provide sufficient documentation to determine that the absence qualifies for FMLA leave but continues to be absent from work will be considered to have abandoned their position and terminated their employment with GLOBE effective as of their last day of work.

Any absence of 3 days or more requires a doctor’s note. An employee who is absent for five days but has not requested personal or sick leave and does not qualify for FMLA leave will be considered to have abandoned their position and terminated their employment with GLOBE effective as of their last day of work.
Reasons for Leave
The FMLA allows eligible employees to take leave for the following reasons:

➢ To care for the employee’s child during the first year following the birth, adoption, or foster care placement of the child

➢ To care for the employee’s spouse, child, or parent who has a serious health condition

➢ Because of the employee’s own serious or extended health condition (including pregnancy, childbirth, and related medical conditions) that makes the employee unable to perform their job.

➢ To care for a covered servicemember with a serious injury or illness if the employee is the service member’s spouse, son, daughter, parent, or next of kin.

➢ Because of any qualifying exigency arising out of the fact that the employee’s spouse, child, or parent is a military member on covered active duty or has been notified of an impending call or order to covered active duty status.

Length of FMLA Leave
No more than 12 weeks of FMLA leave may be taken in any 12-month period. Leave will be counted based on a rolling 12-month period measured backward from the date that the employee’s FMLA leave begins.

Advance Notice
Employees are required to provide advance notice of FMLA leave as follows:

➢ When the need for FMLA leave is foreseeable, notice is required 30 days in advance.

➢ When the need for leave is not foreseeable, the employee must provide notice as soon as practical.

Failure to provide appropriate notice may result in the delay or denial of an employee’s request for FMLA leave.

Medical Certification
➢ When the leave of absence is occasioned by the employee’s own serious health condition or that of a family member, the employee will be required to submit medical certification signed and completed by a medical provider on the form provided by the school.

➢ When the leave is over 30 days in length, recertification may be required at 30-day intervals throughout the leave. Recertification may also be required when the employee requests an extension of leave, when the medical situation changes, or when the school receives information that casts doubt on the continuing validity of an earlier certification.

Reinstatement
The FMLA entitles an employee to return to the same or an equivalent position at the conclusion of the leave.

Any employee who takes FMLA leave due to their own serious health condition will be required to provide a completed fitness-for-duty certification prior to returning to work. Failure to provide this
certification may delay the employee’s return to work.

Certain restrictions apply to instructional employees whose return from leave would occur near the end of the semester. Under certain circumstances, these employees may be required to extend their leave through the end of the semester to avoid disruption of the education process.

**Health Insurance**

Employees on approved FMLA leave remain covered under the school’s health insurance. Premium payments must be made within the time periods required. The school will continue to pay their portion of the premium; the employee is also responsible for their portion of the premium.

**PAID PARENTAL LEAVE POLICY**

“GLOBE employees may be eligible for up to 120 hours of paid parental leave within the first 12 months after a qualifying life event.

An eligible employee shall be eligible for paid parental leave under this policy regardless of whether the employee is eligible for paid or unpaid leave under federal law. Provided however, paid parental leave shall run concurrent with any leave to which the eligible employee is entitled under federal law, including but not limited to the Family Medical Leave Act, for the same qualifying life event.

An eligible employee must provide at least 30 days’ advance written notice or as much notice as practicable when the need for leave is unforeseeable. Additionally, an employee must provide all documentation requested by GLOBE as necessary to make an eligibility determination. Failure to provide such notice or documentation in a timely manner may delay the start of an eligible employee’s paid parental leave under this policy.

The maximum amount of paid parental leave that may be taken by an eligible employee within a 12-month period is 120 hours, regardless of the number of separate qualifying life events that occur within the 12-month period. Any leave remaining upon conclusion of the 12 months after the qualifying life event shall not carry over for future use. Additionally, unused paid parental leave shall not accrue or have any cash value at the time of an eligible employee’s separation from employment with GLOBE.

For the purposes of this policy, the following definitions apply:

**Eligible employee** – a full-time employee of GLOBE who has been a continuous full-time employee for at least 6 months prior to the date of the qualifying life event
The GLOBE Academy

Qualifying life event – the birth of a child of an eligible employee; the placement of a minor child for adoption with an eligible employee; or the placement of a minor child for foster care with an eligible employee THAT BEGINS ON OR AFTER JULY 1, 2021”

Effective Date: 7/1/2021

Long-Term Leave

Employees who are not eligible for FMLA leave may be eligible for unpaid, long-term leave. Additionally, long-term leave may be available for employees who require leave for reasons other than those covered by FMLA.

An employee who believes they may require long-term leave should notify the HOS. Approval for long-term leave will be made on a case by case basis based on the individual situation. However, employees should be aware that the rights and protections provided under the FMLA do not extend to long-term leave under this section.

Benefit Offerings and Eligibility

Eligibility

1. Full Time employees are eligible to participate in the health benefit programs. Current employees who did not elect to participate in health benefits at the time of hire may later do so during an annual Open Enrollment period. Newly hired employees are eligible to enroll to participate in benefit programs during the first 30 days of employment.
2. For most new employees benefits become effective on the first of the month following 30 days after their hire date.

Teachers Retirement System (TRS)

All eligible employees working at least 50% of full-time hours are enrolled in the Teachers Retirement System (“TRS”) and will have a percentage of their gross pay withheld from their paycheck on a pre-tax basis as a retirement contribution. Additionally, GLOBE contributes a percentage of each eligible employee’s gross pay to TRS on the employee’s behalf. Employees should refer to trsga.ga and the GLOBE website for further information and current contribution rates.

Health Benefit Programs

GLOBE offers benefit plans for medical, dental, and vision coverage. Newly hired employees have thirty (30) days from the first day of employment to elect to participate in the health benefit programs. If a new employee does not elect to participate within the initial 30 days, they must
wait until the next Open Enrollment period to do so.

GLOBE covers a portion of the premium cost for eligible employees enrolled in the Medical, Dental, and Vision plan. The premium cost for these plans is automatically deducted from each participating employee’s paycheck on a pre-tax basis.

GLOBE also provides a Basic Life plan for all full-time employees.

**Supplemental Benefit Plans**

GLOBE also offers additional benefit plans such as accident, voluntary life, short term disability, long term disability and more. Contact HR for more information about these benefits and GLOBE’s open enrollment period for all plans.

**Additional Benefit**

Employees will be reimbursed for the expense of taking the GACE testing. A receipt attached to an authorization form must be submitted to the Executive Director.

**Employee Behavior**

**Professional Conduct**

Employees shall not use the classroom, any part of school facilities, or any social media platforms to make disparaging remarks about any GLOBE students, students’ family members, teachers, or administrators. Conduct contrary to this policy may constitute grounds for disciplinary action up to and including termination.

**Reporting Requirements**

It is the duty of all employees to promptly report to the HOS, the Executive Director, or the Board Chairperson any alleged misconduct by any employee that affects the health, safety, or welfare of a student or other employee. Failure of an employee to report such misconduct shall result in disciplinary action. The report may be made verbally, however, a written explanation may be required.
Investigation
The Executive Director shall investigate any allegation of misconduct by an employee that may affect the health, safety, or welfare of a student. Upon receiving a complaint of misconduct, a prompt preliminary investigation will be undertaken to determine if a reasonable basis exists. If the allegation warrants further investigation, the employee who is alleged to have committed such misconduct shall be reassigned to a position not requiring direct contact with students or shall be placed on administrative leave with pay pending the outcome of the investigation.

Resignation or Retirement in Lieu of Termination
It is the policy of this school not to enter into releases or confidentiality agreements regarding terminated or dismissed instructional personnel or administrators, or personnel or administrators who resign in lieu of termination, when that separation is based in whole or in part on misconduct that affects the health, safety, or welfare of a student. Additionally, it is this school's policy not to provide instructional personnel with employment references or discuss the former employee's performance with prospective employers.

Training
All employees shall be offered the opportunity to go through training on the Code of Ethics for Educators. Annually, employees will be reminded of the reporting requirements of this policy and participate in a refresher discussion regarding the Code of Ethics.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Maintaining Confidential Personnel Files
GLOBE shall maintain a confidential personnel file for each employee. The personnel file will contain evaluation documents and any other employment-related documents or correspondence. Personal data on all employees, including current address, contact phone numbers, emergency contact numbers, and next of kin, will be included in the employee's personnel file. Employee medical information is kept separate from general personnel files.

Personnel files will be maintained by the Business and Operations Office. These files are locked during and after normal business hours, with access limited. The Business Manager and the Executive Director will be the only individuals with a key to these files.

Updating Employee Personal Data
Employees shall promptly update personal mailing addresses, telephone numbers, dependent information, emergency contact information, and other status changes in their ADP account as they occur. The Business Manager must be notified of any updates to personnel data that impact TRS.
Reviewing Confidential Personnel Files

Personnel files are the property of GLOBE, and access to the information contained therein is restricted except as may be required by state or federal laws or the judicial process. Only authorized representatives of the school, the employee, or the employee’s designated representative with a legitimate reason to review information in a file can do so. With reasonable advance notice, an employee may review material and/or request a copy of any or all the materials in the employee's file, but only in the presence of the Business Manager or the designated file custodian. With written authorization from the employee, the employee’s representative may review and/or request copies of file contents. The employee will be responsible for the cost of copies.

Professional Standards

Employees are expected to demonstrate applicable professional standards and conduct required for the performance of their jobs. When performance or conduct do not meet organizational standards, the school will endeavor when it deems appropriate to provide the employee a reasonable opportunity to correct the deficiency. If, however, the employee fails to make the correction, they will be subject to discipline, up to and including termination. Provided, however, the Executive Director may immediately discipline or terminate an employee without an improvement opportunity if they deem the situation to warrant such action.

The rules set forth below are intended to provide employees with notice of what is expected of them. Necessarily, however, such rules cannot identify every type of unacceptable conduct and performance. Therefore, employees should be aware that conduct not specifically listed below but which adversely affects or is otherwise detrimental to the interests of the school’s other employees, students, or parents may also result in disciplinary action, up to and including termination.

Job Performance

Employees may be disciplined for poor job performance, including but not limited to the following:

- Below-average work quality or quantity
- Poor attitude (for example, rudeness or lack of cooperation)
- Excessive absenteeism, tardiness, or abuse of break and lunch privileges

**Reporting Misconduct**
The GLOBE Academy encourages all GLOBE employees to report misconduct. GLOBE is committed to protecting employees who report suspected misconduct. For the purposes of this policy, the term “employee” includes all staff, independent contractors, and volunteers.

GLOBE will try to prevent disclosure of the identity of the employee reporting alleged misconduct. However, the identity of an employee may become obvious to others due to the nature of the
information. When appropriate, the employee’s identity will be disclosed to the following:

➤ Law enforcement agency investigating the matter

➤ GLOBE employees assigned to investigate the matter

Retaliation against an employee who makes a good faith report of misconduct is prohibited.

**Technology**

**Computer and Internet Acceptable Use**

GLOBE offers use of school computers to staff, including internet access. Users of these computers are expected to exercise care and follow all operating instructions, safety standards, and guidelines for their use. Any damage to or loss of a school computer caused by an individual user will be that user’s responsibility to fix, including and up to paying for the replacement of the computer. The school reserves the right to deduct this amount from an employee’s owed compensation if the employee does not provide reimbursement through alternative means.

All users must agree to:

➤ Respect the privacy, safety, and confidentiality of others by neither disclosing nor disseminating personal information on the internet. This shall include email, chat rooms, and all forms of direct internet communications.

➤ Respect computer and network equipment. Equipment may not be altered, nor can access to computer or network configurations be made without the knowledge and consent of the Network Administrator(s).

➤ Not download or install software, music, or other programs from the internet onto a school computer.

➤ Understand that software piracy is a federal offense, and that GLOBE’s network may not be used for copying, downloading, distributing, or storing commercial software not licensed by GLOBE.

➤ Abide by copyright laws.

➤ Understand individual users are responsible for all activity on their accounts, even if they are not the one behind the keyboard; for this reason, users should keep their accounts secure and not share their passwords with anyone else.

➤ Understand that GLOBE is an educational community, and that as such our educational function is our paramount mission. Therefore, users should defer their recreational
activities to times outside of academic hours.

➢ Abstain from accessing inappropriate web sites or computer games that include pornography, as well as images or language that are obscene or that are considered harmful to minors as defined by the Children’s Internet Protection Act (aka CIPA).

➢ Ask questions regarding computer procedures when unsure of how to do something.

It should be further understood that users of GLOBE computing and networking resources cannot assume absolute privacy. Users should expect that network connections will be monitored, and computer files may be inspected. GLOBE staff members are expected to use school resources responsibly, ethically, and lawfully to provide instructional support. Using electronic technology is a privilege, not a right, that GLOBE may discontinue at any time. GLOBE reserves the right to examine electronic mail messages, files of all types on GLOBE computers, web browsers, cache files, web browser bookmarks, logs of websites visited, and other information stored on or passing through GLOBE networks or standalone systems. This right of access ensures compliance with policies, assists with internal investigations, and assists in the management of GLOBE information systems. Therefore, GLOBE employees or persons using GLOBE electronic resources should have NO expectation of privacy while using any GLOBE equipment, network, or standalone system.

**Cell phone Usage**

Staff members should not use cell phones for personal use during class time or other times when supervision of students is necessary. This includes but is not limited to texting, video chatting, or emailing. Employees are asked to be professional and use good judgment, especially at recess, if cell phone use is needed during the day for school-related matters. Staff may use their cell phones in the faculty lounge if they are on a break or off active duty while children are out of the classroom.

**Electronic Communication**

Every work communication from a personal cell phone, personal computer, etc. may be subject to an open records request. This includes texts and emails.

**Background Checks**

**Fingerprinting and Criminal Record Checks Prior to Employment**

All employees of GLOBE shall fill out the federal I-9 form at the time of employment.

All personnel, certificated as well as non-certificated, employed by GLOBE shall be fingerprinted and have a criminal record check. All employees serving in a classroom are required to hold a valid Clearance Certificate.

The fingerprinting and record checks shall be initiated by GLOBE at the appropriate time.
Substitute teachers will be responsible for paying the associated fee.

Criminal record checks for all personnel continued in employment at GLOBE shall occur every five years of employment.

The ED is authorized to develop regulations to implement this policy.

**Transcript and Diploma Verification**
Each employee of GLOBE will provide an official copy of their transcript(s) for inclusion in the employee's personnel records.

**Conflict of Interest**

Beyond the list of guidelines below, it is the good judgment of employees that offers the best protection against potential conflicts of interest. Employees who have questions about a potential conflict of interest should discuss the situation with the Head of School.
Each employee has a duty to act in the best interests of the students and the school.

- No GLOBE employee shall use their influence or authority as a GLOBE official to sell or effect a sale, directly or indirectly, for personal gain, to the school or to any GLOBE employee.

- No GLOBE employee shall disclose confidential information concerning the school's intentions, its investments, its property development, sale, acquisition, or its purchasing or contracting activities.

- No GLOBE employee shall solicit, accept, or agree to accept, gifts, loans, gratuities, entertainment, transportation, lodging, meals, any ticket of admission, discounts, payment, or service, except those of nominal value (less than $50.00), from any employee, student, parent, person, firm, or corporation that to their knowledge is interested directly or indirectly in any manner whatsoever in business dealings with the school; provided, however, that an elected official who is a candidate for public office may accept campaign contributions and services in connection with any campaign.

- If an employee accepts items or services of nominal value, the gift must be disclosed to the Head of School. Advertising items and instructional products that are widely distributed may be accepted. Expressions of goodwill from the community as a token of retirement or a job well done may be accepted.

- No GLOBE employee shall accept outside employment or business activity with obligations that may conflict, or appear to conflict, with the interests of GLOBE, nor shall the employee
conduct activities relate to outside employment during the school/business day.

➢ Teachers employed by GLOBE shall not teach or coach for pay any GLOBE student during the regular school day. Teachers shall not tutor for pay any GLOBE students they directly teach.

➢ No GLOBE employee shall advertise business or professional services or use system resources for personal or commercial enterprise.

➢ No GLOBE employee shall use their influence or authority as a GLOBE official to affect the employment of a relative as defined herein, including hourly employees, contractors, and vendors. Such influence and/or authority includes participation in decisions regarding hiring, reappointment, placement, evaluation, rate of pay, salary increases, promotion, tenure, monetary awards, and/or discipline, even when the related employees are not in the same line of supervision or authority.

➢ No GLOBE employee shall use their influence or authority as a GLOBE official to affect the employment of an individual with whom they are engaged in a dating or romantic relationship, including hourly employees, contractors, and vendors. Such influence and/or authority includes participation in decisions regarding hiring, reappointment, placement, evaluation, rate of pay, salary increases, promotion, tenure, monetary awards, and/or discipline, even when the employees are not in the same line of supervision or authority.

➢ No GLOBE employee may occupy a position in the same line of authority as a relative or romantic partner as defined herein.

For the purpose of this policy, relatives are defined as individuals who are related by blood, marriage, or adoption, including but not limited to the following relationships: spouse, child, stepchild, parent, stepparent, grandparent, grandchild, sibling, stepsibling, half-sibling, aunt, uncle, niece, nephew, parent-in-law, daughter-in-law, son-in-law, brother-in-law, sister-in-law, any other relative living in the household of the employee, a person who is engaged to be married to the employee or who otherwise holds themselves out as, or is generally known as, the person whom the employee intends to marry or with whom the employee intends to form a household, or any other natural person having the same legal residence as the employee.

When appropriate, consultants or temporary employees who are retained by GLOBE shall be subject to this policy.

In the event that a potential conflict of interest situation arises, the employee who suspects the conflict should notify the HOS. Employees who perform this reporting function in good faith will not be subject to any reprisal. Any employee who violates the policy shall be subject to discipline up to and including termination of employment. Any contract or subcontract made in violation of this policy may be voided and subject to termination.
Drug, Alcohol, and Substance Abuse

The GLOBE Academy complies with all laws that regulate or prohibit the possession, use, or distribution of alcohol, illicit drugs, and controlled substances. The unlawful manufacture, distribution, dispensing, possession, or use of alcohol or a controlled substance, marijuana, or other dangerous or illicit drug is prohibited at GLOBE and at GLOBE-sponsored activities at all times for all GLOBE employees, in accordance with the Drug-Free Schools and Communities Act Amendments of 1989 and Drug-Free Workplace Act of 1988, and the Georgia Drug-Free Public Work Force Act of 1990.

Employees must perform their jobs safely and without the adverse influence of alcohol or controlled substances. GLOBE prohibits all employees from possessing, using, manufacturing, dispensing, selling, distributing, or being under the influence of illegal drugs or unauthorized prescription drugs, and from the use, sale, distribution, or possession of drug paraphernalia. All employees are prohibited from unlawfully possessing, using, manufacturing, dispensing, selling, distributing, or being under the influence of alcohol.

➤ “Illegal drugs” or “illicit drugs” mean any controlled substance or imitation controlled substance whose unauthorized manufacture, distribution, dispensation, possession, consumption, use, or sale is prohibited by federal or state law.

➤ “Unauthorized use of prescription drugs” means use of a drug by anyone other than the person for whom the drug was prescribed, or in any manner that is prohibited by federal or state laws.

The actions prohibited by this policy do not include the lawful and proper use of drugs prescribed by a physician or over-the-counter medications that are taken as directed. However, no employee shall report to work or attempt to engage in normal duties if they are knowingly impaired by drugs that are prescribed by a physician or by over-the-counter drugs.

Compliance with this policy is mandatory for all GLOBE employees. GLOBE has a zero-tolerance policy for violations of this policy, which means violators will be addressed through GLOBE, law enforcement, or both. Employees who violate this policy will be subject to personnel and appropriate disciplinary actions, which may include, but are not limited to, termination of employment, counseling, referral to an appropriate treatment or rehabilitation program, a warning, placement on strict probation, unpaid suspension from employment, conditional continuation of employment, expulsion, discharge, and referral to the proper law enforcement authorities. Consideration may be given as to whether treatment or rehabilitation will be offered to employees who have self-identified and/or have provided appropriate documentation to substantiate difficulty with drugs or alcohol, so that they may meet the standards and requirements set forth by the policy.
This policy applies at the following times:

- During school hours or as a part of any of its business activities
- While on any property owned or leased by GLOBE
- At any time during which the employee is acting in the course and scope of their employment with GLOBE
- At any other time that the employee's violation of this policy has a direct and adverse effect on the performance of their job

An employee shall notify their supervisor of any arrest, charge, conviction (or plea of guilty, no contest, or "nolo contendere") of any criminal drug or alcohol statute no later than the next business day after any such arrest, charge, conviction, or plea.

**Staff Complaints & Grievances**

As is natural, there are times when disputes arise between employees or between an employee and the school administration. Consistent with the philosophy behind the Charter, it is expected that, during any dispute, all employees will model the conflict resolution skills that they advance to GLOBE students. Should it become necessary, this procedure is intended to provide a simple, expeditious, and fair process for resolving employee complaints at the lowest possible level and with a minimum of conflict and formal proceedings. No employee will be subject to reprisal as a result of filing a complaint under this procedure.

**Scope of Complaint Procedure**

Any current employee may file a complaint concerning their employment or the implementation of the personnel policies. The complaint should be in writing, and every attempt should have been made to settle the issue with individual conversations.

**Exclusions**

This procedure may not be used for complaints or grievances about the following:

- Performance ratings contained in the employee’s personnel evaluations
- The employee’s job performance
The GLOBE Academy

- Termination, non-renewal, demotion, suspension, or reprimand of employee
- Revocation, suspension, or denial of certificates to all certified employees

**Employee Grievance Procedure**

**Level I**
Employees should make a good faith effort to work with the AHOS to reach a thorough and equitable resolution.

**Level II**
If an employee is unable to reach an equitable resolution under Level I, the grievance may be escalated to Level II by submitting a complaint, in writing, to the HOS within 10 calendar days of the most recent event upon which the complaint is based.

A written complaint must include the following: (1) a statement of all pertinent facts; (2) identification of the alleged violation; (3) names of all witnesses or participants known to the grievant; (4) a description of the efforts undertaken to informally resolve the dispute; and (5) the desired resolution.

Within 10 business days of receipt of a Level II complaint, the HOS and their designated independent third party, will meet with the complainant to review the complaint. As necessary to reach an informed decision, the HOS and their designee shall meet with other involved parties. The HOS shall document all discussions and preserve all related documents for the record to be reviewed upon appeal.

The HOS shall prepare a written decision within five (5) business days of the meeting with the complainant.

Any initial complaint filed with an individual other than the Head of School will immediately be transmitted to the HOS to follow the procedures laid out in this policy. Provided however, if the employee’s grievance deals with the Head of School, the initial complaint may be filed with the Executive Director who will review and render a Level II decision.

**Level III**
If the resolution requested in the complaint is not reached, the employee may appeal the Level II decision by the HOS by filing a Level III appeal with the Board Chair within ten (10) calendar days of the decision. A Level III appeal must include, (1) the original complaint, and (2) a written explanation of why they disagree with the Level II decision of the HOS. Within ten (10) business days of receipt of the appeal, the Board Chair of the Governance Committee shall render a decision based on a de novo review of the facts presented and record preserved by the HOS. If they believe it is necessary to conduct additional interviews to reach an informed decision, the Board Chair may do so prior to rendering a decision. A decision on the appeal will be rendered, in writing, by the Chair within ten (10) business days of receiving the appeal and conducting a
review. The decision of the Chair shall be final.

The Board Chair shall excuse themselves from the appeal if they have a conflict of interest in the subject of the hearing. In which case, the Chair of the Governance Committee shall conduct the appeal.

Timelines
After a complaint or grievance is filed, the timelines stated in this policy may be extended by up to five (5) calendar days if necessary, to conduct a thorough review to render an informed decision. In such case, the decision maker must notify the complainant, in writing, of the new date on which a decision is expected and the reason for the delay.

**Discrimination, Harassment, and Misconduct**

GLOBE is committed to providing equal employment opportunities to all individuals without regard to race, color, religion, sex, national origin, age, disability, sexual orientation, or any other characteristic protected by law. It is the express policy of GLOBE to comply with all appropriate laws and regulations relating to discrimination now in effect or hereafter enacted including Title VI, Title VII, Title IX of the Civil Rights Act, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination in Employment Act, the Americans with Disabilities Act, Title II of the Genetic Information Nondiscrimination Act of 2008, and all accompanying regulations.

This school is committed to complying with the Americans with Disabilities Act (ADA) and all applicable state and local laws providing for non-discrimination in employment against qualified individuals with disabilities. GLOBE will make reasonable accommodations for qualified individuals with known disabilities unless doing so would result in undue hardship and ensure that qualified individuals with disabilities are treated in a non-discriminatory manner in the pre-employment process and during active employment with the school. An employee with a disability for which reasonable accommodation is needed should contact the HOS to discuss possible accommodations and make a formal written request for accommodations.

Employees with questions or concerns about any type of discrimination in the workplace are encouraged to bring these issues to the attention of the HOS. Employees can raise legitimate concerns and make good faith reports without fear of reprisal. Anyone found to be engaging in any type of unlawful discrimination will be subject to disciplinary action, up to and including discharge.

This policy governs all aspects of employment, including selection, job assignment, compensation, discipline, termination, and access to benefits and training.

**Harassment**
GLOBE is committed to providing a work environment in which its employees and students are treated with courtesy, respect, and dignity, and are free of harassment, whether sexual, threatening, or discriminatory in nature. It is illegal and against school policy for an employee to engage in sexual harassment or harass another person because of their sex, race, color, religion, national origin, age, disability, sexual orientation, or other characteristic protected by law.

Any employee who believes that they are being unlawfully harassed should immediately contact the HOS or AHOS. Employees may also utilize the Staff Complaints and Grievance Policy detailed in this handbook. All complaints of harassment will be promptly, thoroughly, and confidentially investigated; where necessary, appropriate corrective action will be taken. Any person found to have unlawfully harassed another employee will be subject to appropriate disciplinary action, up to and including discharge.

Employees will not be penalized for reporting an incident or for participating in the investigation. Retaliation against any individual who reports discrimination or harassment or participates in the investigation of such report is a strict violation of this policy and will be subject to disciplinary action.

**Definitions**

**Harassment** – As used in this handbook, harassment is defined as any unwelcome verbal or physical conduct towards another individual that intends or results in the creation of an intimidating, hostile, or offensive work environment or causes unreasonable interference with the victim’s performance or professional obligations or opportunities.

**Sexual Harassment** - As used in this handbook, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is an explicit or implied term or condition of an individual’s employment; (2) submission to or rejection of such conduct is used as a basis for employment decisions; or (3) such conduct interferes with the employee’s work performance or creates an intimidating, hostile, or offensive workplace.

**Complaint Resolution Process**

Any employee (full-time, part-time, hourly), contractor, or consultant who believes that they have been exposed to discrimination, harassment, or sexual harassment should immediately report the alleged act to the Head of School or, in the case of a conflict of interest, report to the Chair of the Governance Committee. The resolution will then proceed as outlined in the GLOBE Complaints and Grievance Procedure.

**Appeals Process**

Refer to the GLOBE Complaints & Grievance policy.

**Prohibitions**

GLOBE prohibits retaliation, intentional false reporting, and hindering an investigation.
Retaliation
Retaliation against individuals who file complaints of alleged sexual misconduct is expressly prohibited. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Appropriate disciplinary action up to and including termination shall be imposed for verified acts of retaliation or attempted retaliation.

Intentional False Reporting
Persons who knowingly fabricate allegations of discrimination, harassment, or sexual harassment shall be subject to disciplinary action up to and including termination.

Hindering an Investigation
Individuals who withhold information, purposely provide inaccurate facts, violate privacy and confidentiality rules, or otherwise hinder an investigation under this policy shall be subject to disciplinary action up to and including termination.

Right to Alternate Dispute Resolution Procedures
These procedures do not prohibit any individual from seeking resolution through all other avenues afforded by law.

Smoke-Free School Zone
GLOBE prohibits vaping, smoking, or the use of any tobacco products, including but not limited to cigarettes, cigars, cigarillos, small cigars, pipes, hookah, smokeless tobacco (otherwise known as dip, chew, snuff, spit, and snus), electronic cigarettes, and other smokeless products while working or performing functions as a GLOBE employee.

All areas of GLOBE are smoke-free without exception. This includes but is not limited to private, enclosed offices; conference and meeting rooms; cafeterias/lunchrooms; employee break areas; playing/athletic fields; entrances and exits to buildings and parking lots.

The HOS is authorized to develop regulations to implement this policy.

Weapons
GLOBE is committed to maintaining a safe and secure working and learning environment to ensure student success. The possession of weapons of any type on school property, on school-sponsored trips, in the school safety zone, and at school-sponsored activities is prohibited. Anyone violating this policy shall be subject to disciplinary action up to and including termination and, potentially, prosecution under the provisions of law.
In accordance with O.C.G.A. § 16-11-127.1, weapons are not allowed on GLOBE property, in schools, administrative offices, or at school activities. Trained police officers are the only individuals who may carry weapons on GLOBE property (schools and administrative offices), school safety zones, and at activities.

The term “weapon” means and includes those items listed in O.C.G.A. § 16-11-127.1 and other applicable laws, as amended. However, regardless of the definitions and specific instruments defined in said laws, GLOBE prohibits the possession of knives of any type on school property, in the school safety zone, and at school-sponsored activities, if any such knife can be used to inflict bodily harm, with the exception of knives used by the school’s staff for food preparation in accordance with safety guidelines and policies. Additionally, any item not traditionally considered a weapon may be a weapon for the purposes of this policy when such item is used in a manner to injure or threaten injury to students, employees, or third parties on GLOBE property or at GLOBE events.

**Workplace Violence**

GLOBE strives to have a workplace that is free from acts or threats of physical violence, harassment, intimidation, or other threatening and/or disruptive behavior that takes place on GLOBE grounds or offsite at a GLOBE-related activity. To this end, GLOBE seeks to provide a safe work environment for all employees to the full extent of the law. This statement shall not be construed to create an obligation on the part of GLOBE to take action beyond what is required by law.

GLOBE has a zero-tolerance policy regarding workplace violence. Violations of this policy will lead to disciplinary and/or legal action as appropriate.

Employees are expected to refrain from conduct that may be dangerous to others. Conduct that intimidates, threatens, or intimidates another employee, student, or visitor will not be tolerated.

GLOBE resources may not be used to threaten, harass, or stalk anyone, whether on or off GLOBE grounds.

GLOBE treats threats stemming from a personal relationship as it does other forms of violence.

**Reporting and Investigating Workplace Violence**

All indirect or direct threats of violence, incidents of actual violence, or suspicious individuals or activities should be reported as soon as possible to a direct supervisor. GLOBE will thoroughly and promptly investigate all reports of threats or incidents of violence and of suspicious individuals or activities. The identity of the person making the report will be
protected as much as possible. GLOBE will not retaliate against employees who make good-faith reports of violence, threats, or suspicious individuals or activities.

To maintain workplace safety and the integrity of its investigation, the school may suspend employees suspected of workplace violence or threats of violence, either with or without pay, pending the results of its investigation.

**Accident or Injury in the Workplace**

GLOBE employees are covered under a Workers’ Compensation insurance program. This coverage may provide Workers’ Compensation benefits to the employee should they be injured while performing their job duties for GLOBE. The injury must arise out of and during employment. The employee must provide notice to their supervisor immediately. The injured employee must select a medical care provider from the panel of approved physicians. Only those providers listed are authorized to provide medical care for a work-related injury. Failure to do so may result in the loss of benefits.

All employee injuries that occur on GLOBE premises should immediately be reported to the AHOS and/or the immediate supervisor of the employee.

Upon observation or notification of an employee injury, the AHOS or supervisor should take action to assess the level of medical emergency and immediately obtain the appropriate medical care.

1. In the case of major or life-threatening emergencies, immediately call 911 and request emergency medical assistance.
2. In the case of minor or non-life-threatening injuries, provide first aid or medical treatment through the School Nurse, as available.

The final determination regarding eligibility for Workers’ Compensation will be made based on the specific facts of the individual case.

**Incident Report**

Once the employee’s injuries have been addressed, the AHOS or supervisor should complete an Incident Report detailing the following:

1. The employee involved
2. Others present
3. The date, time, location, and description of the accident

The Incident Report should be forwarded to the Business Manager, who will then initiate a claim
with GLOBE’s Workers’ Compensation carrier.

OSHA requires employers to report all severe work-related injuries (amputation, in-patient hospitalization, or loss of an eye) or death related to an accident or injury in the workplace.

**Additional Medical Treatment**

Should the employee need additional medical treatment, they should be directed to select one of the Workers’ Compensation medical providers listed on the Official Notice of Georgia Workers’ Compensation Law, which is posted in the teachers’ lounge, front office, clinic, and custodial office area.

A Workers’ Compensation claim representative will be assigned to provide the injured employee with further instructions regarding their medical care.
Monitoring Students

Mandated Reporter and Student Reporting of Alleged Sexually Inappropriate Behavior

The GLOBE Academy prioritizes safety and strives to provide a safe learning environment for everyone. Employees are considered mandated reporters. Thus, any employee who has reason or cause to believe that a child is being or has been abused shall notify the HOS or AHOS, who shall report that abuse immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. Any such reports of “suspected” child abuse are required to be reported in accordance with Georgia law and the protocol for handling child abuse cases for Dekalb County, Georgia.

Reporting
Any student, parent, or friend of a student who has been the victim of an act of sexual abuse or misconduct by a teacher, administrator, or other school employee is encouraged to make an oral report of the act to any teacher, counselor, or administrator at GLOBE.

Any teacher, counselor, or administrator who receives a report of sexual abuse or misconduct from a student, parent, friend, or GLOBE employee must immediately make an oral report to the HOS or AHOS. An oral report must be followed-up with a written report provided to the HOS or AHOS within 24 hours. Note, if the HOS is the person accused of sexual abuse or misconduct, report should be made to the Board Chair.

Sexual Abuse
If the HOS or AHOS has reasonable cause to believe a student has been sexually abused, they must immediately, but no more than 24 hours, make an oral report to a DHS child welfare agency providing protective services, appropriate law enforcement, or district attorney. If requested, a written report must be provided. For the purposes of this policy, sexual abuse has the same meaning as is defined in OCGA §19-7-5(b)(10).

Sexual Misconduct
An immediate investigation must be conducted by the HOS or AHOS of any reported acts of sexual misconduct against a student by a teacher, administrator, or other GLOBE employee. If the investigation indicates reasonable cause to believe that the sexual misconduct occurred, the HOS or AHOS must immediately provide a written report to the Board Chair and Ethics Division of the Professional Standards Commission. For the purposes of this policy, sexual misconduct includes any act that is not sexual abuse under OCGA §19-7-5 not covered by OCGA §20-2-1184.
Accidents and First Aid

In case of an emergency or accident on school grounds or at school activities involving students which, in the opinion of school authorities present, requires medical attention by a physician, the following procedures will be used:

1. The teacher will notify the HOS, front office, and AHOS.
2. The parents should then be notified by a school administrator.
3. The parents will make the decision as to how the student will be transported, and the hospital to be used.

If neither the parents nor the person designated by the parent to be notified in case of an emergency can be reached, the HOS or their designee will decide for the student’s case, according to the medical release waiver signed by parents. This includes arrangements for transporting the student to the nearest hospital or urgent care facility.

Remember: When a child has an accident while under a teacher’s supervision, the child must report to them what happened and how it happened before going to the office. The teacher must then complete an incident report on any injury. If medical attention is given beyond a band-aid, there must be an incident form on file. Incident forms are available in the front office. This incident report must be filed with the front office in the student’s permanent record.

First Aid
First aid supplies are located in the red backpacks found in every classroom, the clinic, and with PE coaches. When there is a minor injury, the child is to be sent to the clinic.

In no case should a teacher administer medication to a student. Any over the counter or prescription medication will be administered to the student in the clinic. In accordance with state law, some students may maintain possession of medications such as an Epipen (or similar) or an inhaler. A teacher may assist the student in administering such medications in an emergency situation.

In cases such as back, neck, or head injuries where any movement may cause additional injury, THE CHILD IS NOT TO BE MOVED. The front office must immediately be notified for support.

All teachers should wear gloves when administering first aid. For K–5, red backpacks must go with the class when it leaves the room.

Emergencies Requiring Immediate Medical Attention
In the event of a life-threatening emergency with a student, call 911 immediately and then notify administration and the school’s nurse. An incident report must be filled out with as much detail as possible.
Drills

Fire Drills
Fire procedures and maps are to be posted in a visible location in the classroom near the light switch.

A fire drill will be conducted each month. Drill procedures are as follows:

1. Upon hearing the fire signal (constant sounding of fire alarm), teachers will exit the building with all students under their supervision and with their red backpack with the colored cards.
2. Students are to leave the classroom and walk down the hall in a straight, quiet line to assigned areas.
3. Teachers are to have students stand quietly in a straight line in case additional instructions need to be given. Class roll is to be taken to account for all students. If all students are present, the teacher is to display a green card to the administrator in charge of the area. If students are missing or if the teacher has an extra student, they are to display a red card to the administrator in charge.
4. Teachers are to wait for an “All Clear” signal, at which point they are to escort students back to class.

Any student who is out of the room at the time of the drill is not to return to the room. Teachers need to discuss with their class what to do in this case. If the child is out of the room (in the restroom, media center, etc.), the child should join the nearest adult that is available, and walk with that adult, or that class, outside. The adult should notify the administrator in charge of the teacher’s area with the red card.

Tornado Drills
Tornado procedures and maps are to be posted in a visible location in the classroom near the light switch.

A tornado drill will be conducted twice per year. Drill procedures are as follows:

1. Upon hearing the tornado signal, teachers will exit the classroom with all students under their supervision and with their red backpack.
2. Teachers are to go to the designated areas as indicated on the map.
3. Teachers are to close all classroom and hallway doors.
4. Students should be seated on the hall floor with their heads toward the corridor walls. Coats and jackets can be used to cover heads, arms, and legs to help reduce the severity of injuries from flying glass and other debris. Students should be located as far as possible from all exits (or walls in corridors if they contain windows or doors).

All students will come in the building during a Tornado Watch.

Intruder Drills

Intruder drill procedures and maps are to be posted in a visible location in the classroom near the light switch.

An intruder drill will be conducted periodically. Please see the procedures document for specifics at each of our levels of drill.

Cafeteria and Lunch

For an effective lunchroom program, there must be complete cooperation from the staff. Several procedures are in place which facilitate an effective and time-efficient lunch program.

- Bathroom break before lunch must be followed.
- When transporting a class to lunch, teachers must be on time when entering the Village Plaza/cafeteria as well as when leaving with students at the end of the lunch period. They should be aware of the time other classes are going to lunch, especially if there have been adjustments to the schedule. A class arriving to lunch late cannot make up that time because of tight scheduling. If a class is not finished on time, the teacher must take them outside or back to the classroom to finish.
- Should a field trip or assembly interfere with a teacher’s lunch schedule, it is their responsibility to plan for time changes with other teachers involved. This should be done several days in advance. If complicating factors exist, a building administrator will assist.
- Classroom teachers are responsible for the supervision of their class down the hall and into the lunchroom. Once the class is settled in line, teachers may leave the room or stay to eat their lunch with the students as per assigned duties.
- Every child is expected to eat lunch each day (unless fasting due to religious reasons, at which time they may sit in the library). Only food should come to lunch (no toys, books, games, etc.).
- Adults supervising during lunch should be familiar with these procedures. Adults should be actively supervising students by walking around and through the cafeteria for the duration of the supervision period.
- Please be consistent in encouraging the class to adhere to GLOBE Academy’s core values of Community, Respect, Empathy, Sustainability and Trust (CREST) and to
understand that the adults supervising are in charge. Silent lunch is not used as a consequence for classroom/academic behavior.

- Students may talk quietly to the students at their own table.
- The first two weeks of school, all homeroom teachers will eat with their students to establish rituals and routines in the Village Plaza/cafeteria.

**Student Behavior**

**Hallway and Line Behavior**
Students should walk in the hallways at all times. Students should transition quietly in the hallways so that other classes are not disturbed. Teachers or TAs need to accompany their children to and from Connections and have them there on time.

**Classroom and School-Wide Behavior**
As a rule, most classroom problems or disruptions are to be handled by the teacher utilizing the Responsive Classroom approach. However, there may come a time when a serious violation of the discipline code, including repeated misbehavior, will warrant a referral to the office for administrative attention. Please reference the School-Wide Behavior Plan for guidance as to what behaviors should be addressed at a classroom level vs. what behaviors require outside intervention. As needed, the administrator will follow the DeKalb County School District (DCSD) code of conduct to determine actions. Additional school behavior documents are shared annually through Google Drive.

Before a referral is made to the office/administration for minor repeated violations and/or incidents of misbehavior, teachers are to be sure that the following have occurred:

- Teacher has contacted parent(s) and/or guardian(s) to inform them of ongoing behaviors.
- Teacher has worked with student and parent(s)/guardian(s) to utilize several forms of ongoing interventions. All communication and intervention must have been documented.
- Teacher has sought advice from the Data Coordinator and brought the child’s actions up in monthly Response to Intervention (RTI) reviews for suggestions.

It should be noted that the best deterrent for ongoing misbehavior is to implement a rigorous and challenging instructional plan. Students who are engaged in meaningful and motivating activities are less likely to cause disruptions.

The following are situations which should result in an instant office referral:
The GLOBE Academy

- Incidents involving violence or the threat of violence to any students or staff
- Possession of or suspected possession of any item or substance prohibited by the discipline code (all staff should be mindful that student searches are to be made only by administrators)
- Incidents involving bullying or suspected bullying
- Incidents involving sexual behavior including but not limited to sexual harassment
- Incidents of damage to or destruction of property
- Suspected cases of child abuse
- Repeated violations and misbehavior

**Recess**

- The ratio for supervision during recess must be the same as for the classroom. There must be adults on all sides of the play space.
- Classroom walkie-talkies MUST be taken to recess and taken any time a class leaves the building.
- All items must be gathered before coming into the building.
- Children should not be left unsupervised in the building during recess. Students should not be required to sit out of recess. Recess should not be used as punishment.
- Recess should not be taken away as a whole class punishment.

**Multi-Tiered Support System (MTSS)**

All paperwork required by the State of Georgia is to be completed in full and in a timely manner by all teachers involved. A Response to Intervention (RTI) meeting is the time to discuss strategies that worked or did not work and what steps to take in the future. It is not a typical parent conference. Following through with RTI data is a must, as it is a legal document. RTI data collection is the responsibility of the teacher.

**Gender Inclusion Policy**

GLOBE staff ensures inclusive access to programming and facilities. In accordance with procedure, the school will:

- Respect all students’ gender identity and gender expression by honoring the right of students to be identified and addressed by their preferred pronoun and to dress
according to their gender identity.

- Within academic programming, prohibit separation of students and/or curricular materials based upon gender unless it serves a compelling pedagogical tool.

- Provide all students the opportunity to participate in co-curricular and extracurricular activities, in a manner consistent with their gender identity, including but not limited to intramural and interscholastic athletics.

- Provide all students with access to facilities (including bathrooms and locker rooms) that best align with a student’s gender identity, except in circumstances where the proposed gender alignment for that student would negatively impact the safety and privacy of that student or other students, in which case GLOBE will identify a reasonable alternative to accommodate that student. Where available, a single-stall bathroom may be used by any student who desires increased privacy, regardless of the reason.

This policy does not anticipate every situation that might occur with respect to transgender students. The needs of each transgender student are unique. This policy should be interpreted consistently with the goals of reducing stigmatization and ensuring the integration of transgender students in educational programs and activities.
Academic Policies

Planning

Lesson Plans
Lesson plans are due to the AHOS by Monday at 8:00 a.m. of each week. All teachers are expected to turn in lesson plans, please.

Grade Level Planning
Once a week, the grade chair will hold a grade level meeting. Partner Teachers (K–5) will meet and plan together at least twice a week. Middle School teams will meet at least once a week. Documentation from weekly meetings will be turned into the AHOS.

Student Attendance

Grades K–5
It is imperative that all teachers submit attendance into the computer system by 9:00 a.m. each day. Students are marked absent if they are in school less than half a day. The half day mark is 11:30 a.m. If a child is absent more than three consecutive days, the teacher should contact the parent and inquire about the child, then notify the HOS. This action communicates caring and concern for GLOBE students. Teachers should make sure that students have a clear understanding of assignments to be made up after the absence.

Grades 6–8
It is imperative that all teachers submit attendance into the computer system within the first five minutes of each period. Students accumulating five (5) or more absences in one 9-week grading period should be referred to the guidance counselor for parent follow-up. No policy exists for regular tardiness.
Field Trips

Field trips are considered an integral part of the instructional program. Trips must be well planned, and children must have clear objectives for the trip. The teacher will discuss the proposed trip with the HOS before anyone else is involved in the planning. Each child must have written permission from the parents. No student will be excluded from a field trip without the knowledge and consent of the HOS. No student shall be excluded from a field trip due to financial hardship. If parent permission is not able to be secured, after multiple attempts, the child should be placed with another teacher with assignments while their class is away.

At GLOBE, we love field trips because they give students the hands-on experience they need to connect to the curriculum. Teachers must adhere to these guidelines when creating and booking a field trip. The field trip should always connect to the curriculum or language culture.

More information and the most updated field trip procedures can be found on the Google Doc entitled “OMG!”

Classroom Activities/Performances

Any time guests will be invited into a classroom or into the school, permission must be obtained from the HOS before information goes out to parents/guests. Once it is approved, all details must be emailed to the front office, the AHOS, and the HOS. If it is anticipated that students will be checked out after the event, the teacher is responsible for having a roster printed out so that parents can sign them out. This form will be turned into the front office.

Collected Money

All money collected for events and/or field trips should be systematically recorded and/or receipted and submitted to front office for verification. Teachers must follow the directions given to collect money for their own protection. Do not leave money in classrooms overnight. Monies are to be stored in a secure location. Cash will not be accepted.
Videos, DVDs, and Online Resources

DVDs, videotapes, and online resources should be reviewed carefully before use. The teacher must adhere to current copyright laws regarding use of any multimedia. Non-academic video content is highly discouraged and should be used sparingly. If it is used, it must adhere to the following ratings limits and be approved by the AHS/HOS prior to viewing.

- Grades K-5: G rating
- Grades 6-8: PG rating

Anything above these ratings requires written permission from a parent/guardian.

Curriculum Resources and Technology

At the beginning of each year, teachers will sign out the necessary curriculum materials to instruct their grade level and content areas. It is expected that, at the end of each year, all curriculum materials will be signed back into the Curriculum Coordinator in the same condition they were received.

Students will be utilizing iPads or Chromebooks throughout the school year. Chromebooks should be treated as curriculum resources.

At Lower Campus, class sets of iPads or Chromebooks are assigned to each classroom teacher. Teachers should be aware that iPads and Chromebooks may be recalled for MAP and Milestones testing and should plan accordingly. Teachers at Lower Campus are responsible for making sure that iPads and Chromebooks are kept safe and secure them each night in their classrooms. Missing or damaged iPads and Chromebooks should be reported to the office immediately.

At Upper Campus, Chromebooks are checked out to individual students by the homeroom teachers. Teachers are responsible for making sure that Chromebooks are used only by the assigned student, and that all Chromebooks are accounted for each afternoon. Missing or damaged Chromebooks should be reported to the office immediately. A separate policy is signed when a Chromebook is checked out to go home with the student. Teachers should be aware that Chromebooks will be locked down for MAP and Milestones testing and should plan accordingly.

**Classroom Resources**

Furniture is purchased for the classrooms. If a teacher moves classrooms, the furniture (including but not limited to desk, rug, bookshelves, tables, chairs, and grade level specific resources) stays with the room not the teacher.

Items purchased through PTCC and/or “Donors Choose” [https://www.donorschoose.org/](https://www.donorschoose.org/) may stay with the teacher if the items are not grade-specific. If the items are grade-specific and the teacher changes grades, the items stay with the grade level. If the teacher leaves GLOBE, the items stay with GLOBE.

**Grade Reporting**

At the end of each semester (in December and in May), report cards will be issued. Progress reports will also be sent at the nine-week marks in October and March.

- October (Parent Conferences)
- March (Parent Conferences, by parent request)

Between progress reports, teachers are expected to keep parents notified of student progress, including any notable changes and at what level the child is working. It is advised to send work home that is not being kept for the portfolio. This is a good tool to keep parents abreast as to what is being taught. It is their little window into their child’s life at school.

**Grades K–5**

Standards-based reporting and end of the semester reporting in Infinite Campus.

**Grades 6–8**

At a minimum, teachers will submit one grade a week (per subject area) entered into Infinite Campus and semester end grades in Infinite Campus.

**Academic Grading**

**Grades K–5**

Each teacher will post semester grades via the Infinite Campus site upon the opening of the posting window. Dekalb County decides when the posting window opens. This is the only way the state knows that GLOBE students have completed their work for these classes. The following
criteria are to be used as a guideline for posting grades:

- Needs Development (1)
- Progressing (2)
  - At the end of first semester, if the student is anticipated to meet the standard by the end of the year, the teacher should mark **Meets**.
  - If the student is struggling with the standard and the teacher is unsure whether they will meet the standard by the end of the year, they should mark **Needs Development**.
- Meets (3)
- Exceeds (4)

Reports need to be consistent between teacher partners. Work together when determining the final assessment of all students in the class. Report cards must have documentation (minimum of three pieces of evidence) for how students earned the grade.

**Grades 6–8**

Grades for middle school students are entered into Infinite Campus on a weekly basis. Teachers are expected to work with their grade level cohort to create consistent rubrics and expectations for grading.

The following grading scale should be used:
- A: 100-90
- B: 89-80
- C: 79-70
- D: 69-60
- F: 59 and below

Parent communication and documentation is required for students performing below a “C” level.

Final grades and overview comments will be submitted during the grade posting window at the end of each semester. Mid-year report cards are sent home with students in January. End-of-year report cards will be mailed within the first week after school ends in May.

**Homework**

- **K–2 students**: Up to 30 minutes of homework per night, M-Th, including reading
- **3–5 students**: Up to 1 hour of homework per night, M-Th, including reading
- **Middle School**: 1.5 hours of homework per night, M-Th, including reading, gradually increasing to 2 hours per night by 8th grade. It is appropriate to expect students to work on long-term projects over weekends, but not over school vacations.

Teachers can assign weekly homework as if students are expected to do the given amount of time each night but must understand parents may do what works best for their family (i.e., all in one
night or spread through multiple nights).

Communication between partner teachers about homework is essential! Partner teachers should communicate about homework that is being sent home each week before it goes home. Feedback must be given on all homework and sent home in a timely manner.

Teachers will only assign homework that extends and applies the lessons of the regular school day. They MUST NOT assign homework just for the sake of assigning homework or if the strategy or skill has not been taught. It must be purposeful (i.e. NO busy work).

**Communication**

**Announcements and Email**
In order to keep classroom interruptions to a minimum, all announcements will be made at designated times in the morning. Email should be checked periodically during the day for updates. Reminder: school email is a public record that may be subject to requests under the Georgia Open Records Act.

**Teacher Communication**
A webpage, Google Classroom, or blog is encouraged of all teachers. At a minimum, it must include:

- Current unit of study with applicable standards
- Long-term project information
- Contact info with phone and email
- Class updates
- Bi-weekly classroom/grade level newsletters

The AHOS should be included as a co-teacher on all Google Classroom sites.

All teachers will send an email each week to parents, with the AHOS cc’d on every group parent email. It can either be a summary of the past week and what is coming next or a simple statement about the week with an ending of, "Check out my blog." This will go out at the same time each week. Just like students, parents like consistency also. Good communication will be productive in the long run and will be time well spent.

**Mail**
Teacher mailboxes should be checked each morning, at midday, and before leaving the school at the end of the day. Lower Campus mailboxes are located in the teacher’s lounge. Upper Campus mailboxes are in the front office. Students should not be sent to get mail. Many times, confidential items are placed in mailboxes.
Public Relations

Public relations are a continuing responsibility of all staff. All employees must be careful when speaking to parents or other community members about GLOBE. The GLOBE Academy is a high-profile school, and no staff member wants to be misquoted or misrepresented. GLOBE staff is in this together. “Do not sink the ship.”

Media Communications

All media requests about school matters should be immediately referred to the designated school media representative(s). At GLOBE, the following individuals have been designated as school media representatives. They are the only personnel authorized to comment on school matters.

GLOBE Media Representatives:
Christi Elliott-Elrby, Executive Director
Denise Clayton-Purvis, CFO/COO

If an employee receives a phone call from a reporter asking for comment on a school matter or a school client, the employee must politely tell the reporter that their inquiry will be directed immediately to the school media representatives and that they will hear back as soon as possible. In addition to their name and the media outlet they work for, employees should ask for their deadline. This is important as we want to be sure to respond to reporters in a timely manner to maintain credibility and relationships.

Employees should also make note of the nature of the reporter’s inquiry and the information they seek. All of this information should be passed on to the designated school media representatives via e-mail or phone as quickly as possible.

NOTE: It is possible that a reporter calling for an interview about a sensitive internal matter or a school partner will try to secure information from anyone who answers the phone. It is important to refrain from making any comments to a reporter that could be used in their story. Employees must stick to the “script” outlined above: taking their information and assuring them, politely, that they will receive a call back from the appropriate individual(s) in time for their deadline. It is imperative that employees not engage the reporter in conversation or idle chatter.

Surveys, Questionnaires, Forms, Interviews, Observation

GLOBE teachers and staff should not participate in any information gathering activity without first speaking with school administration. This includes responding to non-school generated surveys, questionnaires, forms, interviews, or observations, and includes parent requests.
Social Media

Social Media is a useful tool for effectively communicating with the GLOBE Academy community about the work of the school. “Social Media” is defined as all social media activities by The GLOBE Academy employees, including but not limited to the use of blogs, forums, social networking sites and any other web-based communications on publicly available sites. Social media activities related to the work of GLOBE are encouraged to take place in a classroom or school office setting so long as such activities do not detract from the employee’s effectiveness or other job duties. The use of social media, even off duty and off premises, must not violate any GLOBE policies or otherwise interfere with the employee’s performance of duties. GLOBE expects all employees to exercise professionalism and good judgment in any social media activities, school-related as well as non-school related. Furthermore, any social media activities must comply with all applicable laws including, but not limited to, anti-discrimination, anti-harassment, Family Educational Rights and Privacy Act (FERPA), copyright, trademark, defamation, privacy, securities, and any other applicable laws and regulations. Any communication that is unprofessional or prohibited in any other form is also unprofessional or prohibited on social media. Employees should be mindful that any social media post, even from an employee’s personal, non-school account, may be interpreted as being made on behalf of GLOBE.

The GLOBE Academy recognizes the value of social media, both for personal and professional use. However, there are some guidelines that should be addressed when educators use social media. The guidelines and reminders below have been posted to better protect (and inform) GLOBE employees from charges of inappropriate use.

- Employees must not friend/follow current students or allow students to friend/follow them, except for relatives. It is GLOBE’s recommendation that teachers do not friend students.

- Employees must be judicious about “friending” students’ parents on social media. Not all parents are social media users, and it may appear unfair if some parents are “friends,” while others are not. The GLOBE website is equally accessible to all stakeholders with internet connectivity.

- Teachers may utilize Edmodo/Google Classroom/Class Dojo, etc. as a wonderful (and safe) social media tool to engage and assess 21st century learners.

- Employees must never forget that on a social networking site, once something is posted, it may be available forever, even after removal. "Post only what you want the world to see."

GLOBE Social Media Don’ts

- GLOBE employees should not update social media statuses or post non-instructional content during school hours. Stakeholders expect GLOBE employees to be working during the school day; posting on social media during this time may give the impression that teachers are not fulfilling their responsibilities to students.

- Employees must not post pictures of GLOBE students on non-GLOBE social media.
For classes with a Facebook page or Twitter account, these should not be used as the sole means of classroom communication. It is important to remember that not all parents are social media users.

Employees must not say or do anything (or post pictures) on social media that they would not share in the classroom with parents, the HOS/AHOS, and the school board present.

Routine digital communication between teachers and parents should be conducted through GLOBE email (not Facebook messages) or text messages.

**Parent/Teacher Conferences**

Parents should be continually informed about the progress of their child. Regular communication should include positive reports as well as those about teachers' concerns. Teachers should be proactive about notifying parents of incidents in cases where the child may report erroneous or sensitive information to the parents. Parents have the right to request a conference at any point. Each conference must be documented. School-wide parent/teacher conferences are intended to be held after the first grading period. They should happen after the grades have been posted to the report card.

**Procedures for Conferences**

**Before the Conference**

- Teachers should review the student’s work and/or portfolio.
- Teachers should plan what they will present to parents or guardians based on concrete evidence that can be reported to the parent or guardian. This can include work samples, conference notes, assessments of levels, etc.
- Teachers should touch base with the HOS or AHOS if guidance is needed. It is the teacher’s responsibility to alert administrators of a potentially difficult conference, giving them as much time as possible to work it into their schedule. If an administrator cannot be present, teachers should consider the options of rescheduling, inviting the team leader, or including the counselor in the conference. If a student has special needs, the teacher should confer with the special education teacher and include them in the conference, if needed.

**Conducting the Conference**

- Make the parent or guardian feel at ease/be welcoming.
- Always begin with positive statements.
- State the reason for the conference.
- Be honest, tactful, and gentle.
- Offer suggestions/next steps.
- Summarize at the end and make notes of next steps for all involved. What can the teacher
do in class? What are the student’s responsibilities? What can the parents or guardians do to support?

School Calendar and Activities

School Calendar
A copy of the school calendar will always be on the GLOBE webpage.

Google Calendar
Each teacher should subscribe to the appropriate Google Calendars and check them regularly.
The HOS or their designated representative very carefully controls the school calendar. Teachers should consult the calendar as they sign in each morning. It is a good practice to look ahead several days to see what activities are planned. Teachers must not ask to add events to the master calendar until an activity is cleared by Administration.

Scheduling Activities
All activities should be approved by the Administrative Team and scheduled on the school master calendar. The HOS must approve any outside guests in advance. Programs presented by student groups representing the school should be discussed and approved by the HOS or their designee prior to the presentation. The teacher scheduling the activity is responsible for alternate lunch arrangements, if necessary.

Grade Level and Team Responsibilities

Cohesiveness
Grade levels should align as a group on policies and procedures not outlined in this handbook. There should be continuity across the grade level. This provides positive structure for students and their parents.

Meetings
The members of each grade level and team are responsible for meeting as a group at least once
every week. The team leader will set the agenda and run the meeting in a professional and timely manner. These meetings are necessary to discuss events (current and long-range) with respect to instructional planning, student information updates, and interdisciplinary team management. Meeting notes should be taken and distributed to the HOS, AHOS, and team members.

**Team Leader**
The team leader is responsible for:

- Attending Building Leadership Team Meetings. If they cannot attend, a representative should be designated.
- Communicating between the team and Leadership
- Setting the weekly agenda and running the grade level meeting
- Delegating tasks to team members
- Turning in reports/forms/grade level information as requested by Administration
- Modeling and encouraging a positive team atmosphere and a cohesive decision-making process
- Leading the team in instructional conversations, decisions, and planning

**Building and Grounds**

**Care of Classroom**
The classroom is an environment where learning takes place; therefore, it is extremely important to maintain a clean and attractive classroom. The classroom should be neat and organized as not to distract from learning.

**Custodial Service**
Custodial service staff is under the supervision of the Facilities Director and the HOS. All requests for their services should be cleared through the HOS/AHOS to facilitate scheduling. Teachers are responsible for reporting any repairs or unacceptable cleaning of the classrooms to the AHOS/HOS.

**Building Security**
All GLOBE staff members are responsible for building security and inventory control. In order to reduce losses resulting from theft, burglary, and vandalism, all faculty and staff are asked to observe the following guidelines:

- Make sure that classroom windows are closed and locked at the end of each day and
The GLOBE Academy

blinds are closed.

- Do not leave money in the classroom. Turn it in before the end of the day to the Business Manager and obtain a receipt.
- Do not leave valuable equipment such as radios, cameras, multimedia projectors, calculators, iPads, Chromebooks, etc., visible in the room overnight.
- In the event that a teacher’s room is broken into or something is stolen, a missing property report must be filled out immediately.
- Teachers should keep all keys directly under their supervision. Do not let students use the keys. In addition, do not provide key cards or building codes to students/parents under any circumstances.
- Do not open locked classrooms if the teacher is not present.
- External doors are not to be propped open! This is very important!

Professional Learning

Certification

Each teacher is responsible for keeping their teaching certification current and providing a copy of the certificate to Human Resources. The TKES platform will also be a place to report PL sessions and hours. For GLOBE’s certified staff, this is where the PSC will download each teacher’s professional learning.

INSURED’S COPY
17. Attach a copy of any intended education service provider contracts or arrangements for the provision of education management or support services, including with any EMO, CMO, ESO, etc. Such contracts shall describe the specific services for which the contracting organization is responsible. Such contracts should clearly delineate the respective roles and responsibilities of the management organization and the governing board in the management and operation of the charter school. Such contracts must also include the fee structure.

NOT APPLICABLE
18. Attach a copy of any agreements with your local school district or Board of Education (Exhibit 18 - DCSD Assurances and Required Statements). Exhibit 18 – DCSD Assurances and Required Statements may not be altered in any way.

NOT APPLICABLE
Exhibit 18 - DCSD Assurances and Required Statements

Georgia law, State Board of Education Rule, and DeKalb County School District (hereinafter “DCSD”) policy require your school to provide assurances that it will meet specific requirements and comply with applicable laws. This assurances form enumerates these requirements and, when you submit the signed signature sheet with this assurances form as part of your charter school application package, you are providing the legal assurance that your charter school understands and will comply with these requirements. This form must be signed by the school’s governing board chair.

As the authorized representative of the applicant, I hereby certify that the information submitted in this application for a charter school located in DeKalb County is true to the best of my knowledge and belief.

The Charter School agrees to comply with and adhere to the Georgia Department of Education’s Assurances as well as DCSD’s Assurances as follows:

Governance

1. The Charter School shall be subject to the control and management of the DeKalb Board of Education, as provided in the charter and in a manner consistent with the Constitution.

2. Charter School Board members (hereinafter the “Board”) will not constitute a voting majority on any other public or private school board. Board member services shall be voluntary and each board member shall be fully insured with appropriate and approved Directors & Officers Liability Coverage. The Charter School acknowledges that the potential exists for Board members to be sued in their official and/or personal capacity, which means that the financial protection for liability payments and/or defense costs will only be through the Directors & Officers Liability Coverage unless the Charter School also opts to purchase a bond for its Board members. The District recommends that the Charter School also purchase a bond in addition to providing Directors & Officers Liability Coverage to ensure that all Board Members are fully protected from financial hardship and liability and to prevent any potential gap in coverage.

3. No member of the Board shall sell, lease, or receive payment for providing textbooks, supplies, services, equipment, facilities, or land to a Charter School or other public school in DCSD. Nor will the Board members receive payment for services as Board members.

4. The recruitment of students is the responsibility of the Charter School. During the recruitment process, the Charter School will provide parents of potential students with accurate information about the programs, services and amenities available at the school. The Charter School shall make an electronic copy of the complete Charter School petition and contract available on its website.

5. The Charter School agrees to sign an updated version of this Letter of Assurances, if needed during the charter term, to ensure compliance with federal or state law or rule and/or DCSD policy, regulations, and/or guidelines.

Financial

1. DCSD shall fund the charter school pursuant to the funding formula provided by O.C.G.A. § 20-2-2068.1 and applicable State Board rules.
2. According to State Board Rule 160-4-9-.05, the per-pupil funding amounts listed in § 15(c) of the Charter represent DCSD’s good-faith estimate of the base per-pupil amount at which it will fund the Charter School as long as the school system receives the state and local revenues upon which the approved school budget is based. The actual amount of per-pupil funding DCSD will provide to the charter school is subject to change in a given fiscal year based on fluctuations in enrollment and state and local revenues, and shall be derived from the funding formula provided by O.C.G.A. § 20-2-2068.1.

3. The Charter School agrees to maintain enrollment less than or equal to the maximum enrollment identified in the charter contract. Only upon annual approval from the DeKalb Board of Education and the Georgia Department of Education by April 1st of the preceding year may the Charter School exceed its maximum enrollment levels by no more than 15% of the enrollment identified in the charter contract.

4. The Charter School is subject to periodic audits by DCSD’s Internal Audits Department.

5. The Charter School will be responsible for providing various financial reports to the DCSD Internal Audits Department, DCSD School Innovation Department, and DeKalb Board of Education. The reports include but are not limited to the following: Cash Flow Statement, Balance Sheet, Statement of Expenditures vs. Budget, Statement of Revenue vs. Expenditures, Quarterly Statements, and End-of-Year Statements (showing encumbrances through June 30).

6. Any qualified audit findings, or non-conformity with generally accepted governmental accounting standards, may result in termination of the charter after review by the DCSD Finance Department.

7. Any deficit occurring during or at the end of a fiscal year shall be eliminated by funds to be provided by the Charter School. The Charter School shall not request any additional funds from the DCSD to cover any deficit created by the Charter School and the DCSD shall not allocate funds for the Charter School for the next fiscal year until the deficit has been resolved satisfactorily.

8. The Charter School is solely responsible for all debts incurred by the Charter School and its governing body, and the DCSD shall not be contractually bound to the Charter School or to any third party with whom the Charter School has a contract or from whom the Charter School has purchased goods or services, except as otherwise agreed in the charter contract.

9. If the Charter School wishes to enter into an agreement to borrow funds in which the repayment period exceeds the current fiscal year, the Charter School must notify DCSD one month prior to entering the agreement for review and consideration and provide an amended budget reflecting the loan and repayment period that has been previously approved by the Charter School governing board. To enter into a significant long-term debt, the Charter School must be in its second (or subsequent) charter term and be in good standing with DCSD and the GADOE.

10. The Charter School will provide evidence that it has obtained appropriate insurance of the governing board and administrators by August 1st of its first year of operation. In the event the Charter School ceases operation for any reason, the Charter School and its governing body shall be responsible for closing out the business affairs of the Charter School. The Charter School shall cooperate with the DCSD to the extent necessary to provide an orderly return of the students to the appropriate schools for which they are zoned. At the time a Charter School ceases operations any furniture and equipment purchased with state or local funds shall be delivered to DCSD.
11. If the Charter School plans to cease operation or is notified that the contract will not be renewed, the school will notify the DCSD Office of School Innovation within 48 hours with the name and contact information for the person responsible for the closing procedures.

12. 2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim, suit, or action adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title.

If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other material insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of
competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company’s expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title, or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company’s obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) To Pay or Tender Payment of the Amount of Insurance.

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys’ fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys’ fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys’ fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company’s obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of (i) the Amount of Insurance; or (ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys’ fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company’s consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in setting any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys’ fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.
11. LIABILITY NONCUMULATIVE
The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS
When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT
(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be subrogated and entitled to the rights of the Insured Claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys’ fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

(b) If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(c) The Company’s right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. THIS SECTION INTENTIONALLY DELETED

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT
(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY
In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM
(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

GRANTOR: The GLOBE Academy, Inc.
LENDER: Cebisrate Bank, N.A.
DATE OF SECURITY DEED: 10/19/2018

The Real Property or its address is commonly known as 4155 & 4855 Securit Road NE, and 4099 Brincesford Road, Atlanta, GA 30345.

BEFORE THE UNDERSIGNED ATTESTING OFFICER personally appeared the undersigned closing attorney, who having been first duly sworn according to law states under oath as follows:

In closing the above loan but prior to the execution of the Security Deed and Waiver of Grantor’s Rights by The GLOBE Academy, Inc. (“Grantor”), I reviewed with and explained to Grantor the terms and provisions of the Security Deed and particularly the provisions thereof authorizing Lender to sell the secured Property by a nonjudicial foreclosure under a power of sale, together with the Waiver of Grantor’s Rights, and informed Grantor of Grantor’s rights under the Constitution of the State of Georgia and the Constitution of the United States to notice and a judicial hearing prior to such foreclosure in the absence of a knowing, intentional and written contractual waiver by Grantor of Grantor’s Rights... After the review with and explanation to Grantor, Grantor executed the Security Deed and Waiver of Grantor’s Rights.
