

EQUITY AND INNOVATION FELLOWSHIP FOR LEADERS

Under the umbrella of the Executive Leadership Series, DeKalb is seeking leaders who are interested in participating in the inaugural launch of the Equity and Innovation Fellowship for Leaders. We are looking forward to building a cohort of reflective and strategic leaders prepared to take a systems level approach toward furthering our district's continuous investment in student learning and success.

Participants will be provided with growth opportunities centered on leading and managing change, all while moving from thought and discussion to action. Leaders will be asked to bring their unique voice and perspective toward effecting change and innovating new approaches to addressing some of DeKalb's systemic challenges and inequities. They will also have an opportunity to build relationships and grow together with their colleagues while supporting the district in meeting the needs of students.

The ideal candidate for this fellowship is excited to explore their identity, beliefs, strengths, and areas for growth. They will need to problem solve in project teams, think outside the box, and communicate effectively with both team members and other stakeholders across the district. In the spirit of continuous improvement, participants will also need to push the thinking of others, allow themselves to be pushed, and use those opportunities for growth. Participants must also keep a substantial investment in student learning and success at the heart of their commitment and work.

DeKalb has partnered with The Leadership Academy to offer this learning opportunity for leaders. In addition to sessions, participants will work closely with a smaller team on a chosen problem of practice. Please use the link below to begin the application process.

Application Due Date

Close of business on
Monday, February 14th

Application Link:

<https://forms.gle/j3toiN72MniEDDrR6>
