Goals of DCSD Dual Language Immersion Programs

- Improve literacy skills
- Increase academic achievement in all areas
- Increase achievement in reading and mathematics
- Instill cultural competence
- Prepare students to be sensitive and skilled when working with others across cultures
- Prepare students to be collaborators
- Prepare students to enter the global workforce

Parental Commitment

- Make a commitment to the DLI program
- Participate in educational activities which will support the program
- Provide a home environment that reinforces the goals of the program

French Dual Language Immersion

The Dekalb County School District continues the Evansdale dual language immersion articulation by expanding the program at Henderson Middle School to include grades 6-8.

Evansdale Elementary School is one that implements a 50/50 dual language immersion model. Students study math, science, and literacy in French. The students in the program also study literacy and social studies with English as the language of instruction. Students who continue to DLI program during the middle grades study Advanced Language & Literacy, and World Studies in French.

The immersion program provides important benefits to students in the areas of cognition, achievement, and linguistics. Students will possess a skill that creates a professional competitive advantage, making them more attractive to colleges, career and technical programs, and employers.

School Choice

Open Enrollment

Eligibility

Age appropriate kindergarteners and a limited number of first grade students may be eligible to apply.

Registration

January 2022
