Program Description

In the quest for expanding internationalism and raising academic standards to a global level, DeKalb County School District has implemented the International Baccalaureate Diploma Programme at Druid Hills High School, Dr. Martin Luther King, Jr. High School, and Tucker High School.

The IB Diploma Programme is an academically challenging and balanced program of education, with final examinations, that prepares students aged 16 to 19 for success at university and in life beyond. It has been designed to address the intellectual, social, emotional and physical well-being of students. The program has gained recognition and respect from the world’s leading universities.

Approaches to teaching and learning

IB programmes are taught by teachers who explicitly help students learn how to develop the attitudes and skills they need for both academic and personal success.

Approaches to teaching

There are six key pedagogical principles that underpin all IB programmes.

Teaching in IB programmes is:
• based on inquiry
• focused on conceptual understanding
• developed in local and global contexts
• focused on effective teamwork and collaboration
• differentiated to meet the needs of all learners
• informed by assessment (formative and summative).

More information about the IB Programme can be found at www.ibo.org or on our school website: https://www.mlkinghs.dekalb.k12.ga.us/InternationalBaccalaureateProgram.aspx
