Each year the Georgia Department of Education conducts surveys of 3rd through 12th grade students. The topics surveyed include drugs, violence, mental health issues, driving habits, exercise, and diet. The surveys are anonymous, and no personal identification is required. The surveys allow the School District to support and evaluate needs-driven programming for students. Participation in the surveys is optional. This survey is separate and distinct from the District Safety Audit, which ALL students will be asked to complete.
