

Construction Advisory Committees

March 28, 2017

Purpose Of Construction Advisory Committees

Construction Advisory Committee.

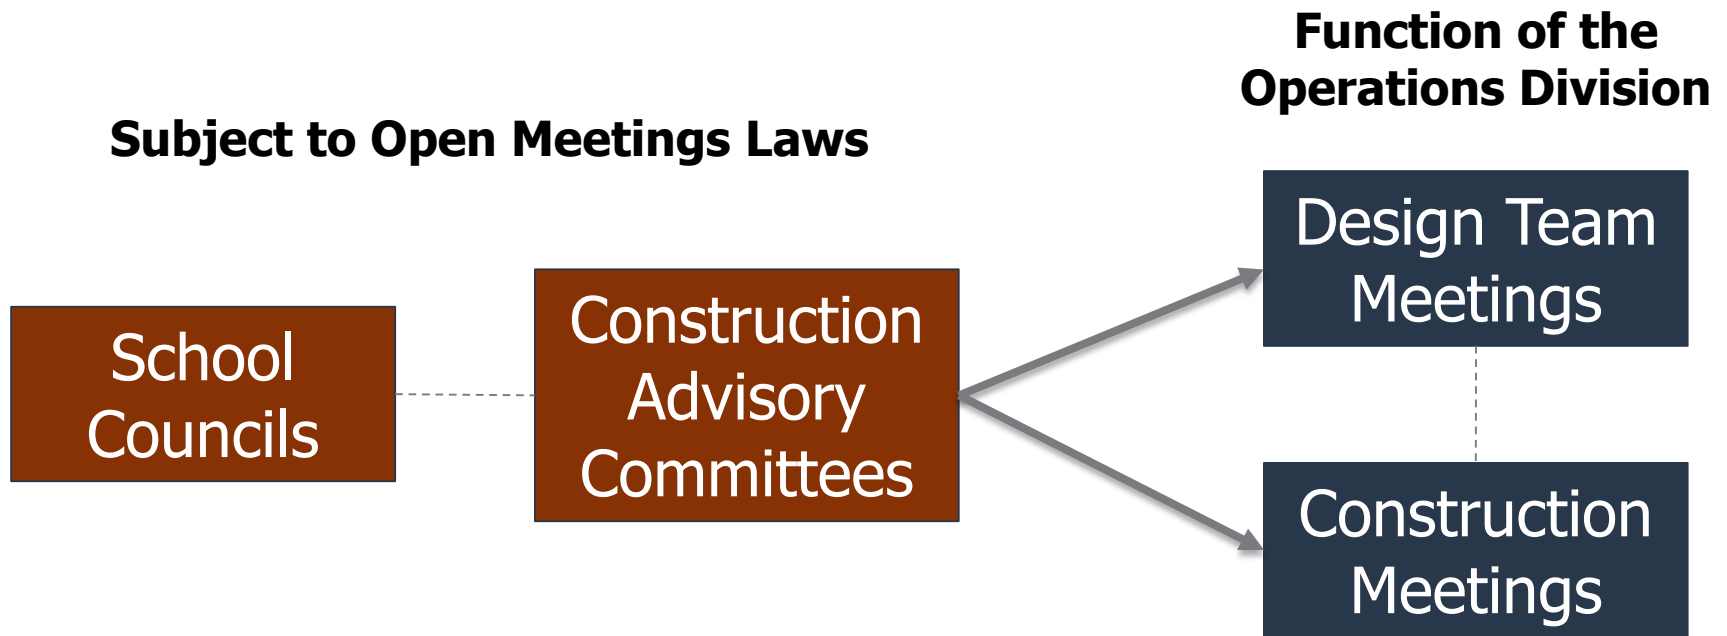

Ad hoc committees established by School Councils and charter school Governing Boards.

An ad hoc committee is a committee formed for a specific task or objective. It is dissolved after the completion of the task or achievement of the objective.

CAC Goal. To increase stakeholder and community engagement in the design, planning, and construction phases of *significant capital improvement projects*.

Role Of Construction Advisory Committees

The CAC serves as the liaison between the School Council and the Operations Division.

Committee Composition

- To select a CAC member, the School Council nominates and approves (by majority vote) each parent or community member in an open meeting.
 - 5 members--not including principal (ex officio)
 - At least 2 members of the CAC shall be School Council members.
 - May not represent a quorum of the School Council.
 - The CAC may include non-School Council members and/or parents and community members of feeder schools.
 - Membership does not include teachers/staff.
 - Individuals may serve on no more than one (1) CAC at a given time.
- 

Call for Candidates

- A call for candidates will include posting an announcement and electronic candidate interest form to the school website at least three (3) weeks prior to the School Council meeting at which CAC member selection will occur.
 - The announcement and a link to the candidate interest form was sent to the feeder schools for posting on those schools' websites, so stakeholders from those schools can be considered as part of the CAC.
 - The ideal CAC member will be a parent or community member with a professional background or interest in the following areas: architecture, engineering, construction, planning and design, or K-12 education.
 - All candidates (including School Council members) must be drawn from this pool. If you know someone who is interested in serving on the CAC, he/she must complete the interest form.
-
