

1. Loomis Smart Safe - The District partnered with Loomis to provide deposit pick-up services at all District schools for fiscal year 2024. These services included the installation of smart safes at each location, providing improved security features and functionality with same day cash deposits recognition. Working collaboratively with Loomis and DCSD's Operations Division, Finance has been able to support the delivery, installation and training of safes throughout the district.

2. Audit Services - Finance developed, published, and awarded an RFP to Mauldin and Jenkins for financial statement preparation and audit services covering the fiscal year 2023. This will provide DCSD's stakeholders with timely, accurate and audited financial statements.

3. General Fund, Key Performance Indicator Dashboard – Finance collaborated with DCSD's Division of Technology to design, build and publish a new KPI dashboard. The KPI's provide high-level tracking of our revenues, expenditures, and fund balance monthly. These key metrics simplify financial reporting, clearly displays the fiscal health of our

organization, and help our board make informed decisions.
