Please look at the number of apartments in each district. Apartments in Dunwoody are very dense and can impact student	С
numbers. Dunwoody Elementary school currently has a large number of apartments and Austin has next to none.	
Portable classes are NOT a viable long term solution	С
Primary criteria #2	
Currently, multiple apartment complexes are creating a further strain on DES due to transient population. Some apartment	С
complexes should be redistricted to Austin.	
Projected numbers of students should be taken into consideration and should be balanced across Dunwoody, for	
educational capacity & geographic proximity.

-Dunwoody West	С
-Bellwood	
-Alden Point same pool, club, sports alot of social events, carpools etc.	
Use Doraville United to alleviate overcrowding of Hightower Elementary	
-Portables in Austin - if it keeps kids who are already district then yes but a Peachtree middle pod would be better than the	
portable, not trailers.	
The main focus should be to relieve the overcrowding at DES. The future growth in this cluster is significantly unbalanced	
in the DES school district. Take the students and neighborhoods in the closest proximity to the new AES. Less traffic. Also	С
consider taking apartments that are close to AES and assigned to DES. the mobility factor should be split/shared equally or as close as possible amongst the schools.	С
the mobility factor should be spirty shared equally or as close as possible amongst the schools.	C
The redistricting process needs to include trailers at ALL cluster schools including new Austin. All schools should be @	•
average 110% capacity.	С
Traffic to Dunwoody Elem is already AWFUL. Please put new perimeter multi-family developments to another Elem.	
There is no reason that the current Austin lines cannot change. If other elem lines are/will change, AES should lose some	С
homes in the Eastern border to pick & more of Ashford Dun Corridor -traffic density on Roberts Drive leading to AES already overcrowded	
-Keep Branches intact	
-could add Point @ Perimeter to alleviate some overcrowding	С
-Need longterm plan/solution to alleviate overcrowding not just trailers	
-redraw district lines to fill some schools in South Dekalb	
Traffic: *Socials connection @ Vermock/Wemark intersection w/DES Vendorky DVS CA Designator	
*Serious congestion @ Vermack:Womack intersection w/DES, Vanderlyn DHS, GA Perimeter *Offering bus service to kids within 1-mile to avoid parent drop off	
Neighborhoods to keep together All together:	
(Georgetown Chateau Woods, Heathwood, Village Springs & North Springs)	С
New Development: Townhomes by High Street, Georgetown Square, Dunwoody Square, Greorgetown Kroger, Village	
Townhomes	
4) Is it safe to add portables @ Austin?	
	_
Trailers are a safety issue. Any trailers for elementary schools should be pods with bathrooms.	С

	School Discrice
<u>Transportation</u>	
*Peeler - Chamblee Dunwoody	
*congestion @ 4-way stop at Vermack & Womack completely congested by DES, DHS, Vanderly & GA College	
*Georgetown, Heathwood, Village Springs, North Springs, Chateau Woods	
*Greater branches does not get to claim themselves as an intact community	С
*More seats	
8Add on the Kingsley-New	
*give Austin the huge apartment complex on Ashford Ctr. Pkwy.	
*Redistrict part of Hightower into Doraville United	
Use Doraville United as relief as overcrowding of Hightower elem.	•
Need long term solution for overcrowding which is another EMS. Forecasts and projected growth is scary!	С
	•
use Doraville United Elementary redistricting to take from Hightower to help with redistricting through all of District 1.	С
use Doraville United for relief of overcrowding at Hightower elem.	
Withmere Close is part of Dunwoody Club Forest West subdivision should go to same school.	С
No new school should be opening w/portables but it should be an equitable disbursement of in cluster - so yes to Austin	C
portables.	
Use Doraville United to relieve overcrowding @ Hightower ES.	С
-Use Doraville United to relieve overcrowding at Hightower	
-Rediculous to even consider opening a new school with trailers	
-Need another new elem. School to be built	
-OR REDISTRICT the entire county fill empty seats on the south side of the county t-shift all students south.	С
-NO TRAILERS!!!	
Austin line should be Mount Vernon & North of that plus pull in the Greater Branches. This keeps the swim/tennis	
communities together (including Wyntercreek for Dunwoody Club Forest west)	
We cannot accept our children in subpar conditions. Trailers are not an answer. We need more schools built. Our taxes	
need to stay in our part of the county.	С
We hope that there will be equal distribution of apartments with each school.	С
We moved to here for Austin in 2018	
<u>Please</u> keep the Branches neighborhood in the Austin District	С
Austin homeowners paid more for their homes & higher taxes. Don't want to move	
We need a long term solution to the overcrowding in Dunwoody.	С
We Need a long term solution to the over-crowding in Dunwoody.	С
We need another Elem. School - no school should have trailers - go to 110% utilization all school	С
use Doraville United as relief for Hightower.	C
We need to consider redistricting some of the Dunwoody cluster into nearby High School attendance zones.	С
Redistricting should be an on-going, even annual activity to potimize school populations.	C
We really need at least one new school. Developers chould share the cost.	С
What is the plan to replace trailors when they have passed the allowable age?	С
Why do last year's forecast show decreased population in most of the elementary schools?	С
yes because of poor planning by DCSD for projected enrollment (primary criteri 3) the previous decisions / trends of not	С
opening overcrowded is no longer a luxury we can afford.	C
How will you explain to my 3rd grader that kids at Austin are better than him and can't go into "learning cottages."
