- * ~~Maps~~ Maps should reflect distance more accurately
- * You need to look beyond the cluster to
alleviate over-crowding

● Forecast for
Next 3yrs

* Why is there a discrepancy on the Capacity #s
from last year to the current year?

* We should redistrict with no trailers.

* What's the big plan if you are planning
redistricting with a new school? or not? ●

* The entire cluster is over capacity currently (by 11%)

* Hurting the community by taking down the trees to put on
trailers.

* Adding more portables will make traffic even worse in
Downsides

* we need to alleviate DES b/c of the over crowding ●●●

* Current forecast has been skewed - not sure where the numbers were determined.

Build elementary (multi level) for capacity - Perimeter is an Urban Area

- Land is getting more expensive
County needs to look at purchases now.

- Need architectural structure over 950. Schools too small
