We are committed to full participation in the IB Diploma Program for the next two years and give permission to access the student records for admissions purposes. We understand a student may be removed from IB for not completing the requirements of the IB Diploma Program. Removal will not change any school grade my child earns, but may require a student to take additional courses in order to meet DeKalb or State of Georgia graduation requirements. Moreover, an IB Diploma student will lose weighted IB grades, if he/she fails to complete the requirements associated with the IB courses. **Students participating in IB through a School Choice Option will be returned to their home school if exited or withdrawn from the program.**

## IB DIPLOMA 2019-20 Admissions Application

### Program Description

The International Baccalaureate Programme is open to highly motivated, academically focused students who meet selective admissions criteria. The IB Diploma Programme (DP) is a rigorous, comprehensive, pre-university course of study that incorporates global perspectives. The student who satisfies its demands demonstrates a strong commitment to learning, both in terms of the mastery of subject content and in the development of the skills and discipline necessary for success in a competitive world. The six-subject core program offers an accelerated and advanced curriculum designed to ensure that the math/science oriented student is challenged to develop appreciation for language and cultures, and that the humanities-oriented student becomes knowledgeable about mathematics and science. Overall balance is maintained and students can pursue areas of personal interest and meet special requirements for university entrance. Sixth subject elective options currently include psychology, visual arts, and music. In addition, classroom study is extended by critical reflection on Theories of Knowledge (T.O.K.), by participation in creativity, action, and service (CAS) to the community, and by completion of an independent research project and essay (E.E.). Holders of IB diploma may qualify for admission to highly selective universities throughout the world.

**IB is not a gifted program.** Students interested in pursuing the IB Diploma Programme should take the most Advanced/Accelerated courses for which the student qualifies. DCSD recommends that prospective IB DP students to take the following sequence of courses:

4. **Study Skills** - Diploma candidates need to spend an average of three to four hours of study per evening. A strong reading ability is essential. It is also recommended that IB students limit outside employment.
5. **Excellent Attendance** - Daily attendance is an important part of IB. Courses move quickly and substantial information is covered on a daily basis.
6. **Community involvement** - The CAS component of IB requires involvement in humanitarian endeavors in the school and in the local and international communities.

## IB DIPLOMA 2019-20 Admissions Application
