

Arabia Mountain High School Magnet Program Video Interview Questions

A grade or a test score only tells half of a student's story. Arabia Mountain High School's Magnet Program is interested in the whole student. One who embodies competencies such as, Leadership, Critical Thinking and Communication Skills. Please provide a 3 to 5-minute YouTube video answering the following questions:

1. Why do you want to attend Arabia Mountain High School and what contributions can you make to our school?
2. What are three adjectives that best describe you?
3. What does the abbreviation STEM stand for and what is your perception of STEM education?
4. Discuss your experience in working in a STEM related activity/program and discuss what impact has this experience had on your interest in the Arabia Mountain High School's Engineering Magnet Program.

Be sure to include the following at the beginning of the video:

- Student Name
- Current Grade Level
- Current School

The video should be composed using YouTube.com. Please copy and share your video link to the AMHS Video Submission form: <https://tinyurl.com/y8fvw36s> ***Open in Chrome or Firefox**
